

PROGRESS REPORT

Legislation and regulation: progress report, 2025-08-01 to 2026-08-27

Edition of 2026-08-27 · compiled by Claude Opus from the documents in the Corpus repository

30 places. Every table below is carried verbatim from that place's own progress report; nothing is written here.

CHAD · ESWATINI · LESOTHO · LIBYA · MADAGASCAR · MALAWI · MALI · MAURITANIA · MAURITIUS · MOROCCO · MOZAMBIQUE · NAMIBIA · NIGER · NIGERIA · RWANDA · SAO TOME AND PRINCIPE · SENEGAL · SEYCHELLES · SIERRA LEONE · SOMALIA · SOUTH SUDAN · SUDAN · TANZANIA · TOGO · TUNISIA · UGANDA · ZAMBIA · ZIMBABWE · SOUTHERN AFRICA · WEST AFRICA

Movement values. *Advanced* — a system entered service, a stage was completed or an instrument was made. *Stalled* — a stated target passed without delivery. *Regressed* — an instrument was withdrawn or neutralised, or a measured position worsened. *Closed* — the programme ended. *No change* — the position at both ends is the same. *Baseline not held* — the base carries no position at the start of the period, so no movement can be stated. A value may carry a qualifying clause after a comma, as in *Advanced, slipped*.

The place reports do not share one window; the period above is the range they span.

Chad

SYSTEM OR INSTRUMENT	AT 2025-08-01	AT 2026-08-25	MOVEMENT
Code du numerique	No record at the window's opening; the code's development is dated from December 2025	No adopted text, number, promulgation date or gazette reference	STALLED

E-payment mandate for state revenue collection	Did not exist	Treasuries and collecting agencies must accept electronic payment	ADVANCED
Law No. 22 of 2010 on telecommunications	In force; sole licensing power asserted by the GTI	In force; licensing jurisdiction contested between the GTI and the eastern ministry	NO CHANGE

Madagascar

SYSTEM OR INSTRUMENT	AT 2025-08-01	AT 2026-08-26	MOVEMENT
Cybercrime bill overhauling the 2014 law	The 2014 law unamended	Bill adopted by the Council of Ministers and not enacted; it would define security incidents and critical infrastructure organisations, revise electronic evidence and connection-data retention, and require operator cooperation with justice. Revision was reported again on 2026-08-15 alongside signature of the United Nations Convention against Cybercrime and accession to the World AI Cooperation Organization, with Interpol findings that artificial-intelligence-enabled fraud is outpacing African states' response capacity given as the reason	ADVANCED
Dedicated social-media law	Did not exist	Announced; no draft held (2026-06)	ADVANCED
Digital bills before the extraordinary session	Did not exist	Three of the seven bills on the order paper of the extraordinary session opened on 25 August 2026 are digital: bill 040/2026 on electronic communication and digital infrastructure, tabled 21 July 2026; bill 042/2026, a complete recasting of the 2014 cybercrime law, tabled 7 July 2026; and bill 043/2026, tabled 4 August 2026, authorising ratification of the United Nations Convention against Cybercrime adopted at Hanoi on 25 October 2025	ADVANCED
Electronic signature and interoperability decree	The 2015 electronic-signature law without an implementing decree	Draft decree validated and not adopted; a national interoperability committee provided for (2025-09)	ADVANCED
Order to block pornographic sites at internet service provider level	Did not exist	In force as a cabinet decision; no timetable, technical mechanism, named regulator or appeal route specified (2026-07)	ADVANCED

Malawi

SYSTEM OR INSTRUMENT	AT 2025-08-01	AT 2026-08-26	MOVEMENT
AI Bill	Did not exist; no artificial-intelligence statute or bill appears in the base at 2025-08-01	Announced as the statutory backing for the National AI Strategy, to establish a regulatory framework promoting innovation while safeguarding citizen privacy and ensuring operational accountability; the ICT minister put the target for reaching parliament at before December 2026, with the strategy to ground the law, and restated the intention to legislate in August 2026. No draft text is stated and the strategy own text is not held	ADVANCED
Data Protection Act 2024	In force since 2024-06-03, with the regulator designated data protection authority; the statute exempted controllers and processors not of significant importance from compliance for 24 months from commencement, so most of the economy was outside the Act's obligations	In force, with the general exemption elapsed in early June 2026 so that all controllers and processors are within scope; subsidiary instruments to operate registration and enforcement were still in draft at 2026-08-06	ADVANCED, GRACE PERIOD ELAPSED
Financial Crimes (Amendment) Bill No. 19 of 2026	Did not exist; the base carries no bill or amendment on cheques or bearer negotiable instruments at 2025-08-01	Passed by Parliament removing all references to cheques and bearer negotiable instruments from the principal Act, as one of four bills passed together: amendments to the Financial Crimes, Payment Systems and Deposit Insurance Corporation Acts following the Bills of Exchange (Amendment) Bill that effects the cheque phase-out. Assent, gazette date and commencement are not published, and the safeguarding regulations the finance minister promised are not drafted	ADVANCED
Government Data Sharing Regulation	Did not exist; the national data-exchange platform operated without binding rules and ministries, departments and agencies shared citizen data by email, USB drive and paper	A proposed regulation would route all data requests through the national data centre, require encryption in transit and at rest, set a common digital standard for system-to-system exchange, and require binding data sharing agreements with usage limits and audit trails; it is not made, and no draft text is held	ADVANCED
Review of the National Registration Act	The base carries no statement on the Act's status or on any review of it	An acceleration-project consultative meeting has reviewed the National Registration Act and the marriage and family relations statute, with the registration bureau stating the aim is to support a modern and secure civil registration and identification system; no bill, draft or timetable is on record	BASELINE NOT HELD

Mali

SYSTEM OR INSTRUMENT	AT 2025-08-01	AT 2026-08-26	MOVEMENT
Data-management law	None published	Recommended; nothing tabled	ADVANCED
Platform-content enforcement instruction	Did not exist	In force as an instruction, built on existing penal and cybercrime provisions with no new statute	ADVANCED
Startups law	None published	Recommended; nothing tabled	ADVANCED

Mauritania

SYSTEM OR INSTRUMENT	AT 2025-08-01	AT 2026-08-26	MOVEMENT
Startup Act	Draft bill in public consultation, targeting 300 labelled start-ups and 3,000 jobs over five years	Enacted 2 January 2024; the promulgated text is not held, but the ministry's pre-enactment deck sets out a merit-based label with a preferential public-procurement margin (Article 13), a state-backed start-up fund and guarantee fund with investor tax incentives (Article 21), payroll-cost relief and a technology-innovation hub, and IP and customs relief	ADVANCED
Universal Service Access Fund governance	Governed by Decree 2020-152 of 19 November 2020	A replacement decree approved on grounds that the fund's object, its resource mobilisation and allocation, and its integration into the state budgetary system were all unclear; the new terms are not published	ADVANCED
ANETA state digital agency proposal	BASELINE NOT HELD	Proposed by UNDP (31 July 2021) as an EPA under the digital ministry with about 50 staff, EUR 220,000 to set up and EUR 1.4m a year to run, and a draft creation decree; a June 2023 open-data strategy proposes reviving that decree to name the same body national interoperability operator; no adoption, decree or launch is on record	<i>Baseline not held</i>

Mauritius

SYSTEM OR INSTRUMENT	AT 2025-08-01	AT 2026-08-25	MOVEMENT
Data Protection Officer Regulations 2026	Did not exist	Promulgated, formalising designation, qualifications, independence and reporting duties for data protection officers across public and private sectors, with a six-month compliance window (2026-06)	ADVANCED
Economic and Financial Measures (Miscellaneous Provisions) Bill	Did not exist	119 pages amending 58 Acts and repealing one, with staged commencement from 1 September 2026 and several provisions deemed retrospective, carrying the fintech committee, the AI City Scheme, the central bank threat-sharing platform, the virtual-asset solicitation rule and the digital travel authorisation; introduced, not enacted (2026-07)	ADVANCED
Electronic Transactions Act amendments	Did not exist as a stated commitment	Referred to as modernising the digital-commerce framework and consumer protection; no text, timetable or introduction date published (2026-07)	ADVANCED
Ministerial notice on online-content sanctions	Did not exist	A ministry communiqué restating the criminal exposure of online speech and of page administrators who fail to moderate on notice	ADVANCED
Ministerial warning on prosecuting online speech	None published	A public communiqué from the ICT ministry warning that online speech can be prosecuted under the Cybersecurity and Cybercrime Act 2021, naming the fake-profile, cyberbullying and undesirable-content offences and defining undesirable content to include material that is deceptive or inaccurate	ADVANCED
Social-media identity verification mechanism	Did not exist	Consultations opened toward a verification mechanism against disinformation, impersonation, defamatory content, scams and child sexual abuse material, citing 2,300 online-harm cases from January to June 2026 and frauds up to Rs 500,000; no draft instrument published (2026-06)	ADVANCED

SYSTEM OR INSTRUMENT	AT 2025-08-01	AT 2026-08-25	MOVEMENT
Virtual-asset solicitation rule	Did not exist	Unlicensed solicitation of investors in Mauritius would be prohibited by any medium, defined to reach targeted or algorithmic advertising, platforms, applications, social media, influencers, affiliates, referral codes, seminars and webinars, with any publicly accessible communication presumed to target Mauritius; introduced, not enacted (2026-07)	ADVANCED
Cybersecurity and Cybercrime Act 2021	In force since 2021-12-10	In force as Act No. 16 of 2021, gazetted as Legal Supplement 567 to Government Gazette No. 173 of 24 November 2021; it is the statute the ministry's own online-content warnings rest on, carrying the offences of misuse of a fake profile (s.16), cyberbullying (s.17) and failure to moderate undesirable content (s.23) with their penalty scales	NO CHANGE

Morocco

SYSTEM OR INSTRUMENT	AT 2025-08-01	AT 2026-08-26	MOVEMENT
Digital health bill 52.26	Did not exist	A 50-article bill adopted and now publicly opposed by doctors; implementing decrees due within 12 months of publication and provider connection within 24 months of the technical decree; text not published	ADVANCED, CONTESTED
Digital X.0 framework bill	Did not exist	With the general secretariat; three pillars — data governance, sectoral digital identity, and interoperability on traceable consent; no text, article count or tabling date on record	ADVANCED, NOTHING ON RECORD SINCE
Electoral organic bill 53.25	Did not exist	A new article carries two to five years' imprisonment and a fine of MAD 50,000-100,000, with artificial-intelligence tools enumerated as a means of commission on four offences; candidacy filing and proxy voting via a dedicated electronic platform upheld under articles 154/72; new article 51 bis (fabrication, not mere dissemination) punishes AI-enabled election disinformation with 2-5 years and MAD 50,000-100,000, upheld against a press-freedom challenge	ADVANCED
Organic laws 54.25 on political parties and 55.25 on electoral lists	Not held	54.25 constitutionally cleared alongside 53.25, promulgation dahir not yet held; 55.25 institutionalises internet-based electoral-roll registration (resident and expatriate) and bars AI tools and social platforms from publishing referendum poll results, committee-adopted across four sessions 12-27 November 2025	ADVANCED
Personal data protection law 09-08	In force, commission supervising (2025-08)	In force since 2009; a recast bill is now in the legislative circuit per the regulator's own account (no transmission date or text held), described by the regulator as clarification rather than replacement	ADVANCED
Private member's bill on regulating artificial intelligence	A 17-article private member's bill before the bureau (2025-08)	Same; described as still under parliamentary deliberation, with no committee report or adoption on record	NO CHANGE

Mozambique

SYSTEM OR INSTRUMENT	AT 2025-08-01	AT 2026-08-26	MOVEMENT
Cyber Security Law (Law 13/2026)	Not on record at 2025-08-01; draft cyber bills approved by government 2025-09	Approved by the Assembly of the Republic 2026-04-29, promulgated 2026-06-10 and published 2026-07-01, in force 90 days after publication on 2026-09-29 with implementing regulations due within 180 days; creates a national incident response team seated in INTIC and, at articles 67 to 71, a Cyber Security Fund managed by the National Cyber Security Authority and financed by a flat 1% of licensed cybersecurity providers' prior-year gross revenue under article 70(c), with licensed information and communications technology providers also obliged to contribute at no stated rate under article 67(3); secondary accounts put the penalty ceiling at 160 minimum wages and implementation cost at about 167.26m meticaís	ADVANCED
Cyber Security Law implementing regulations	Did not exist	Provided for by Laws 13/2026 and 14/2026 and due within 180 days of their publication on 2026-07-01; none made at 2026-08-09	ADVANCED
Cybercrime Law (Law 14/2026)	Not on record at 2025-08-01; a draft cybercrime bill approved by government 2025-09	Published alongside Law 13/2026 in Boletim da Republica I Serie n.o 123 of 2026-07-01, in force 2026-09-29 with implementing regulations due within 180 days; strengthens prevention, investigation and punishment of offences committed in cyberspace, provides for preservation and collection of digital evidence and for international cooperation, and repeals articles 256, 289, 336, 337, 338 and 339 of the Penal Code, replacing them with its own offences	ADVANCED
Data centre and cloud computing regulations	Two drafts in public consultation to 2025-03-30, both dated 23 December 2024: registration required of any data-centre operator whether or not the facility is in Mozambique, a resident legal representative for providers established abroad, four data-centre resilience categories, cloud providers categorised by the classification of information they may process, financial-sector data confined to the two highest categories, classified information confined to private clouds on national territory, a single operator portal with tacit approval where the regulator does not decide in time, and a sanctioning regime with mandatory cybersecurity insurance (2025-03)	Published and in force; INTIC preparing to extend the licensing framework to data centres and cloud platforms	ADVANCED
Digital-operator licences issued	None issued (2025-04)	19 issued, about 170 companies under evaluation (2026-06)	ADVANCED

SYSTEM OR INSTRUMENT	AT 2025-08-01	AT 2026-08-26	MOVEMENT
Electronic Transactions Law licensing regime	Licensing regulation for intermediary electronic service providers and digital platform operators in force, no licences issued (2025-04)	19 licences issued of about 170 registered companies under evaluation; the fee is one national minimum wage plus 1% of revenue annually from the next fiscal year	ADVANCED
Telecommunications Traffic Control Regulations (Decree 48/2025)	Approved by the Council of Ministers 2025-10-28 and published 2025-12-16; in force from 16 December 2025	The powers to suspend or block services, compel call and internet-protocol detail records, issue binding technical norms and intervene in operator networks without consent are void; the government stated on 2026-08-04 that it will seek the same end by another route, naming no bill, instrument or timetable	REGRESSED
Universal Access Service Fund Regulation (Decree 11/2025)	In force since 2025-05-16, replacing the regime under Decree 62/2017 of 9 November	In force: contributions payable in a single instalment by the last working day of June against audited accounts filed by 31 May; spending capped at 55% infrastructure expansion, 14% digital inclusion for vulnerable groups, 14% television broadcasting, 14% operating costs and 3% innovation; universal-access operators must charge 20% below the normal tariff; infrastructure built with fund money is state property with mandatory national roaming and contracts of ten years maximum; fines run to 114 minimum salaries, split 60% to the fund and 40% to the state budget. The regulator's 2024 annual report states the contribution as 1% of each licensed entity's gross revenue for the preceding financial year	NO CHANGE
Online Copyright Protection Act	Not held	In drafting by the ICT institute for introduction next year, its board chairman naming authorship of artificial-intelligence output and liability for artificial-intelligence training as open questions the country has no law on	BASELINE NOT HELD

Namibia

SYSTEM OR INSTRUMENT	AT 2025-08-01	AT 2026-08-26	MOVEMENT
Corporate Laws Bill 2025	Did not exist	At Draft 3 and out for public comment: it consolidates and re-enacts the Companies Act with the business and intellectual property authority as registrar, and clause 114 would require every company, and every external company establishing a place of business in Namibia, to keep in Namibia a register of beneficial owners recording each owner's name, date of birth, identity-document number and residential, business, email and postal addresses; company process is routed through the Electronic Transactions Act	ADVANCED
Cybercrime Bill	No bill named on the record; enforcement relying on the electronic transactions statute, the communications statute and the penal code	Named by the minister as being finalised alongside the data protection bill; no draft published and no tabling date given	ADVANCED, MARGINAL
Data Protection Bill	A tabling announced for September 2025, about twelve years after drafting began	Not tabled and not enacted; no data-protection statute in force at 2026-08-06	STALLED

SYSTEM OR INSTRUMENT	AT 2025-08-01	AT 2026-08-26	MOVEMENT
Data Protection Bill, latest published draft	The March 2022 revised draft, 59 pages and eight Parts, the last version published for comment	The March 2022 revised draft remains the last version published for comment, with the supervisory authority at its Part 2; the draft's stated objects are establishing a Data Protection Supervisory Authority with its own powers and duties, obligations on data controllers and processors, rights for data subjects, and codes of conduct; the 2020 version is held alongside it, and no later text and no tabling record has been published	NO CHANGE
Electronic Transactions Act 2019	In force; covers electronic signatures, consumer protection and contracts but not cross-border data flow, data localisation or personal data protection	Unchanged; still the interim instrument law enforcement relies on for cybercrime, with the communications statute and the penal code	NO CHANGE

Niger

SYSTEM OR INSTRUMENT	AT 2025-08-01	AT 2026-08-26	MOVEMENT

South Sudan

SYSTEM OR INSTRUMENT	AT 2025-08-01	AT 2026-08-26	MOVEMENT
Cyber Crimes and Computer Abuse Act 2026	Did not exist	In force; the full text was withheld from journalists at signing (2026-02)	ADVANCED
ICT Authority	Did not exist	Being established as a state entity under the ICT ministry while legislation is awaited (2026-08)	ADVANCED
South Sudan Official Gazette	Not operating; no law, decree or resolution published since 2011 (2025-08)	A technical committee ordered to operationalise the physical and electronic editions with encrypted digital verification, read-only public access on a redesigned presidential website, and clearance of the publication backlog since 2011; no maiden edition is on file (2026-08)	ADVANCED, NO EDITION PUBLISHED
National Payment System Bill, 2025	Not held	Validated at a five-day workshop opened on 10 August 2026 by the central bank and parliament, backed by the East African Community secretariat and the Bank of Uganda, covering mobile money, electronic money, payment switches and real-time gross settlement with licensing, consumer-protection and systemic-risk provisions; on 17 August the central bank governor called for faster progress toward passage	BASELINE NOT HELD

Sudan

SYSTEM OR INSTRUMENT	AT 2025-08-01	AT 2026-08-26	MOVEMENT
Cybercrime law prosecutions for speech	No prosecution series held	A pharmacist sentenced to six years over a private phone conversation opposing the war, convicted under the 1991 criminal code and the cybercrime law after intelligence officers searched his phone, and a journalist detained on a cybercrime complaint filed by an intelligence officer and held without questioning	REGRESSED
Border-trade legal framework (state-level protocols)	BASELINE NOT HELD	Resolution passed to review and unify state-level agreements; no transition arrangement, timetable or affected-protocol list given	Baseline not held
Draft Digital Transformation Law of 2026	BASELINE NOT HELD	No text published. The justice ministry states it is preparing the instrument in coordination with the digital transformation and communications ministry, as the Digital Transformation Regulation Law of 2026	Baseline not held

Tanzania

SYSTEM OR INSTRUMENT	AT 2025-08-01	AT 2026-08-26	MOVEMENT
Finance Act 2026 amendment to the Electronic Transactions Act	No ministerial power to prescribe which payments must be made electronically	The Minister for Finance may prescribe by Gazette order which payments must be made electronically — the power the mandatory electronic payments order of the same date was made under — and proof of electronic payment is required before a transfer of land, a building or a motor vehicle can be approved	ADVANCED
Tax identifier display for online traders	Did not exist	Businesses trading on social media platforms must display their tax registration number or tax compliance certificate on their profile pages, under a new sub-regulation 58(2) of the Tax Administration (General) Regulations, 2016, made under the Tax Administration Act	ADVANCED
Financial consumer protection amendment regulations	In force from 2025-05-23	Unchanged; providers must protect consumer financial and personal information in accordance with the data-protection Act	NO CHANGE

SYSTEM OR INSTRUMENT	AT 2025-08-01	AT 2026-08-26	MOVEMENT
Review of more than 1,000 laws for technology investment	Not held	The government says it will review more than 1,000 laws, including the public-private partnership act, the companies act and financial legislation, to build a regulatory framework supporting artificial intelligence, digital commerce and technology investment under the 2050 development vision	BASELINE NOT HELD

Togo

SYSTEM OR INSTRUMENT	AT 2025-08-01	AT 2026-08-26	MOVEMENT
Anti-money-laundering law of 2025	The 2018 statute in force, with no risk-based approach and no due diligence on virtual-asset service providers	The 2025 law adopted, replacing the 2018 statute with a risk-based approach, due diligence extended to virtual-asset service providers and strengthened beneficial-ownership identification	ADVANCED
Commercial-courts reform bill	Did not exist	The Senate adopted the bill on 21 August 2026, a week after the National Assembly passed it in first reading; it amends the 2018 law establishing the commercial courts, itself modified in 2020, to complete the digitisation of commercial-court procedure through an electronic case-filing platform and online hearings, create a specialised chamber for collective insolvency proceedings, raise the small-claims threshold and align the framework with the regional uniform act	ADVANCED
Decret n 2023-040/PR on electronic-communications fees and royalties	In force as signed, with no satellite or satellite machine-to-machine spectrum royalty rates	Amended on 2026-07-30 to price spectrum use for satellite services and machine-to-machine traffic; the amending text was unpublished at 2026-07-31	ADVANCED
Review of the 2009 civil registration law	Did not exist	The territorial administration ministry opened a review of the 2009 civil registration law, to align it with decentralisation, the digitalisation of procedures and interoperability between administrative systems, with reform proposals expected before the end of 2026; a scoping meeting in Lome approved the methodology proposed by the ministry's appointed consultant. The review follows online requests for birth, marriage and death certificates opening to residents of five pilot municipalities through the national services platform in December 2025, one municipality's integration of its civil-registration services into the national portal in February 2025, and an August 2025 reform of vital statistics, and runs alongside the rollout of the unique identification number	ADVANCED
Rules on mobile commercial offers	Did not exist	New provisions governing the validity and billing conditions of mobile commercial offers and their promotional mechanisms	ADVANCED
Commercial-courts reform and Hague Apostille accession bills	Not held	Two bills adopted in first reading by the National Assembly, one reforming the commercial-courts law to complete electronic filing and online hearings and align with the OHADA uniform act, the other authorising accession to the Hague Apostille Convention	BASELINE NOT HELD

Tunisia

SYSTEM OR INSTRUMENT	AT 2025-08-01	AT 2026-08-26	MOVEMENT
Compulsory e-invoicing (Article 53)	Legislated to take effect 1 January 2026 for all service providers regardless of invoice value or firm size (2025-08)	Under amendment: parliament's memo records that no unified national e-invoicing system yet exists and that mass e-invoicing raises serious personal- and professional-data protection issues, and the amendment mandates a 30-day joint ministerial report on readiness and data-protection compliance before a phased timeline (2026-02)	ADVANCED
Development Plan 2026-2030 (loi n 2026-16)	Did not exist as an adopted instrument	Promulgated as the binding reference for public policy to 2030 under articles 75 and 77 of the Constitution, adopted by the Assembly on 10 July and the Council of Regions on 17 July (2026-07)	ADVANCED
Organic Laws 22 and 23 of 2024 on biometric identity	In force; use was targeted for the first half of 2025 and unconfirmed (2025-08)	In force; nothing held confirms issuance has begun, and an amendment to prohibit a centralised biometric database held by the interior ministry was introduced the day before the vote and dismissed (2026-08)	NO CHANGE

Uganda

SYSTEM OR INSTRUMENT	AT 2025-08-01	AT 2026-08-26	MOVEMENT
Computer Misuse Act ss.11, 23, 26-29	In force and the state's main tools for prosecuting online speech (2025-08)	Struck down, together with Penal Code ss.162-163 on criminal libel	REGRESSED
Digital lending platform regulation	Did not exist	The microfinance minister told a Kampala retreat that government is moving to close regulatory gaps around digital lending platforms, set against financial inclusion of 81 per cent (2023) from 70 per cent (2009) and an 85 per cent target for 2028 under the second national financial inclusion strategy	ADVANCED
Protection of Sovereignty Bill, 2026	Not on file (2025-08)	Before joint parliamentary committees in April 2026; described as recently enacted on 2026-08-02, with no assent date, gazette notice or text held	ADVANCED
Telecom-infrastructure vandalism enforcement	No convictions on file (2025-08)	A five-year sentence for mast vandalism in Kibaale, USh23.6m of damage, and a one-year sentence for a SIM-registration breach	ADVANCED
UCC enforcement against unlicensed public Wi-Fi	Did not exist (2025-08)	Nationwide campaign under way; unlicensed operators told to regularise or cease; no count of operators actioned	ADVANCED
UCC order suspending public internet	No shutdown order in force (2025-08)	Connectivity cut from 18:00 local (15:00 UTC) 2026-01-13 and restored 23:00 local (20:00 UTC) 2026-01-17 — 4 days 5 hours by measurement; UCC announced restoration from midnight 2026-01-18 with social media and OTT apps still blocked; full restoration announced 2026-01-26, 13 days after the order. The Uganda Law Society called it unlawful for want of a state of emergency; the directives were ordered tabled on 2026-03-10	ADVANCED

Zambia

SYSTEM OR INSTRUMENT	AT 2025-08-01	AT 2026-08-26	MOVEMENT
Cyber Security Act No. 3 of 2025, statutory text	The statutory text was not held, so the Act's provisions rested on secondary characterisation	Held in full. Assented 8 April 2025, published in the Supplement to the Government Gazette 15 April 2025, commenced 12 May 2025 by Statutory Instrument 22 of 2025; 66 sections in seven Parts, repealing and replacing the Cyber Security and Cyber Crimes Act 2021. Part V (sections 21 to 40) is the interception regime and is gated on a judge of the High Court	ADVANCED
Postal and Courier Services Bill 2026	Did not exist. Cabinet approved the review of the Postal Services Act No. 22 of 2009 in principle at its 17th meeting in September 2025, after the window opened	Ten-province stakeholder consultations concluded 2026-07-22 and a public call for written submissions closed 2026-07-27; the Bill would repeal and replace the 2009 Act, strengthen universal service obligations, modernise licensing, reinforce regulatory oversight and extend services to underserved areas through the universal access fund. No draft text, gazette notice or parliamentary date is on file	ADVANCED
Mobile money levy	In force under a 2023 levy act	In force, with the rate doubled at some point in 2025; the industry levy table is stated as current to Q3 2025. No Zambian rate, base, statutory instrument, effective date or revenue outturn is held	NO CHANGE
ICT (Universal Access) Regulations, 2012	No position held on the statutory basis of Zambia's universal-access levy	Statutory Instrument No. 38 of 2012 sets the licensee contribution to the Universal Access and Service Fund at not exceeding 1.5% of gross annual turnover, capped at 50% of total collectable annual operating fees payable to the regulator, payable annually in advance; the Fund may also receive parliamentary appropriations, grants and donations. No amendment, repeal or updated rate is on record.	BASELINE NOT HELD
Startup Bill	Baseline not held	Named once, alongside the National AI Strategy, as an instrument through which the government would advance artificial intelligence; no text, sponsor, drafting stage, timetable or budget is held	BASELINE NOT HELD

Zimbabwe

SYSTEM OR INSTRUMENT	AT 2025-08-01	AT 2026-08-25	MOVEMENT
Local-ownership rule for telecommunications operators and its repeal	Did not exist	A 75% citizen-ownership floor and a 25% foreign-ownership ceiling for every postal and telecommunications licence, with sworn beneficial-ownership affidavits, 90 days for existing licensees to file a regularisation plan and three years to comply; reported repealed in full by Statutory Instrument 111 of 2026	CLOSED, GAZETTED THEN REPEALED
Postal and Telecommunications (Amendment) Bill, 2025	Did not exist	Gazetted 2025-10-10 and not in force, commencement left to a date the President fixes by statutory instrument; before the Parliamentary Legal Committee at 2026-08-02 with the National Assembly adjourned to 2026-08-18; the replacement section 25 fences the minister's power to direct the regulator, requiring directions to be prospective, of general application and consistent with the Act	ADVANCED
Regulatory Notice 1 of 2026	Did not exist	A warning to unlicensed data controllers, with surveillance and biometric processors expressly in scope	ADVANCED
Regulatory Notice 2 of 2026	Did not exist	Issued; risk-based inspections from 2026-09-01, with the sector list and fee tiers known only through press	ADVANCED

SYSTEM OR INSTRUMENT	AT 2025-08-01	AT 2026-08-25	MOVEMENT
Statutory Instrument 155 of 2024 on data-controller licensing	The licensing deadline lapsed with wide non-compliance; no enforcement step on record (2025-08)	Mandatory compliance inspections set for 2026-09-01; four fee tiers by data-subject count – US\$50 a year for 50-1,000 subjects, US\$300 plus a US\$30 application fee for 1,001-100,000, and US\$500-2,500 above that; a separate certified Data Protection Officer requirement costs US\$1,250 plus a US\$30 application fee, so a small organisation faces over US\$1,300 in first-year compliance cost; processing without a licence carries a Level 11 fine and up to seven years' imprisonment for the accountable chief executive	ADVANCED
Statutory instrument on e-hailing services	Did not exist	A statutory instrument being drafted to bring e-hailing services inside the public-transport regulatory framework, the transport minister telling Parliament that Cabinet had directed the ministry to act because the road transport statute carries no provision for the named platforms	ADVANCED
Third constitutional amendment on the voters' roll	The roll held by the electoral commission under the 2013 Constitution	Transfer to the registrar-general under way; no date, transition plan or safeguard stated	ADVANCED
Cyber and Data Protection Act	In force; the regulator designated as data protection authority	Unamended; administrative sanctions still not provided for (2026-05-14)	NO CHANGE

Southern Africa

BODY, INSTRUMENT OR SYSTEM	AT 2025-08-01	AT 2026-08-25	MOVEMENT

Figures are dated because most are time-varying: a figure carries the date it was true, not the date you are reading it. Where the base holds no reliable statement, the document says **Not held** rather than leaving a silence — those are counted, and listed at the end.

This is a dated edition and is not revised after publication. If a figure here has moved, the current edition will say so.
