Governance

Strategies, plans and policies

- **بـ"الدارجة" ولجميع المغاربة.. الحكومة توظف الذكاء الاصطناعي لتبسيط 2800 مسطرة إدارية** — Al3omk, 10 November 2026
  MOROCCO

  Ahmed Rahhou is Morocco's Minister of AI, Digital Transition and Administrative Reform. On 10 November 2026 he presented his ministry's 2027 sub-budget to the House of Representatives' Interior Committee. He said the ministry is using AI to find which of about 2,800 administrative procedures can be simplified. Al3omk reports he also said the 1918–2026 Official Gazette archive will be opened to AI tools to speed legal drafting and research. *Also under AI and Legislation and regulation.*

- **Who are the new Permanent Secretaries?** — Daily Monitor (Uganda), 10 November 2026 UGANDA

  President Museveni appointed Prof Stephen Akandwanaho, a professor of artificial intelligence, as Permanent Secretary for ICT and National Guidance, the Daily Monitor reported on 10 November 2026. In an interview on 9 November he named his priorities. They are digital services, connectivity and digital skills in every sub-county, a Uganda-first approach to AI and sovereign technology, and cybersecurity. *Also under AI.*

- **Réseaux sociaux : la HARC recense les créateurs de contenus** — République togolaise (site officiel), 10 November 2026 TOGO

  Togo's communication regulator, HARC, called on content creators, bloggers and influencers to register in its database, in a communiqué of 9 November 2026. A QR-code form collects identity, residence, field of activity, and electronic and telephone contacts. The regulator says it wants an up-to-date directory of people active on digital platforms, the government portal reported on 10 November 2026.

- **Osun State Enters Partnership with UK on Digital Transformation Drive** — osunstate.gov.ng, 10 November 2026
  NIGERIA

  The Osun State governor's office announced on 10 November 2026 an agreement on SPRIRET, a project of the UK-funded Digital Access Programme. It covers digital-economy policy, connectivity, digital public infrastructure and civic technology, and will be implemented by the Initiative for Digital Inclusion. No amount was stated. *Also under Other GovTech and e-Gov and Connectivity.*

- **Nation Digitale 2030 : à Kinshasa, les DSI de l'État s'imposent comme les artisans de la transformation numérique - MEDD-NEC** — Ministère de l'Environnement et Développement durable (RDC), 10 November 2026
  DRC

The DRC's Agence pour le Développement du Numérique organised the second Journées des DSI in Kinshasa on 9–11 November 2026. GIZ and Huawei Technologies RDC were among its supporters. The first day's sessions covered the national fibre backbone and the universal connectivity strategy for 2026–2035. The agency's deputy coordinator named digital identity, e-government and a sovereign data-hosting space among its priorities. *Also under Other GovTech and e-Gov.*

- **Morocco develops national AI roadmap as government seeks to regulate technology use** — Hespress English, 10 November 2026 MOROCCO

  Morocco's AI, Digital Transition and Administrative Reform Ministry presented its 2027 budget to the House of Representatives' Interior Committee on 10 November 2026. For sovereign AI services, it is structuring about 2,800 administrative procedures, nearly 10,000 legal texts and a first national corpus of 85,000 documents. Its data programme covers 10,000 hours of transcribed Darija audio and the roughly 90,000-text Adala legal base. It has opened four Jazari institutes. *Also under AI and Other GovTech and e-Gov.*

- **ITU PP-26 Doha: Namibia reaffirms commitment to inclusive digital transformation at ITU Conference** — TechReviewAfrica, 10 November 2026 NAMIBIA

  Namibia's ICT ministry told the ITU Plenipotentiary Conference in Doha on 8 November 2026 that it will connect all public schools and clinics by 2030. It put mobile broadband population coverage above 89% in 2026. It named affordability, digital literacy, device access and local content as the remaining gaps, TechReviewAfrica reports. *Also under Access to services and Connectivity.*

- **Governo apresenta em Doha prioridades para acelerar digitalização do país** — AIM, 10 November 2026 MOZAMBIQUE

  Mozambique's Minister of Communications and Digital Transformation, Américo Muchanga, spoke at the ITU Plenipotentiary Conference in Doha, held from 9 to 12 November 2026, AIM reports. He set out the country's digital priorities: broadband expansion, 5G, cybersecurity and data protection. He also named AI and big data for disaster prevention and management. He met Saudi and Estonian representatives on cooperation in communications and digital transformation. *Also under Connectivity, AI, Cybersecurity and Data protection.*

- **Ethiopia presses public institutions to consolidate infrastructure under national cloud strategy** — Tech Review Africa, 10 November 2026 ETHIOPIA

  Ethiopia's Innovation and Technology Minister, Frehiwot Tamru, ordered faster completion of the National Cloud Data Center at the Addis Ababa ICT Park, Tech Review Africa reported on 10 November 2026. She repeated federal directives that public institutions move from their own server rooms onto shared national infrastructure. The centre is still under construction. *Also under Data Storage and Other GovTech and e-Gov.*

- **Bringing more voices into the room: RIA at the Africa IGF 2026** — Research ICT Africa, 10 November 2026 GHANA AFRICA

  Research ICT Africa reports on its ten sessions at the 15th Africa Internet Governance Forum in Accra, held from 2 to 5 November 2026. They covered an African AI safety agenda and the gap in implementing data policy. They also covered exclusion when ID is linked to SIM cards, banking and health insurance. RIA says it has supported validation of national data policies for The Gambia, Somalia and the Comoros. *Also under Public debate and participation in policymaking and AI.*

- **Augustin Kibassa Maliba appelle les DSI à devenir les architectes de la transformation numérique de l'État - Actu7.cd** — Actu7.cd, 10 November 2026 DRC

The DRC's digital economy minister, Augustin Kibassa Maliba, opened the second Journées des DSI in Kinshasa on 9 November 2026. The event is for public-sector IT directors. He listed his ministry's instruments, including the digital economy sector policy, the national data governance strategy, work on a national AI strategy and a plan to digitise the administration. Actu7.cd reported that he set the IT directors strategic, technical and transformational responsibilities. *Also under Data Exchange.*

- **Ahmed Rahhou annonce une IA en darija en commission parlementaire** — TelQuel, 10 November 2026 MOROCCO

  Morocco's minister for AI, digital transition and administrative reform, Ahmed Rahhou, presented his department's AI projects to a parliamentary committee on 10 November 2026. Reports by Al3omk and Alyaoum24, relayed by TelQuel, list voice services in Darija, a first open-source national language model and a speech-recognition model built with Mistral. The ministry expects to launch the programme in 2027. *Also under AI.*

- **Africa Technology Policy Tracker (2026-11-10)** — Carnegie Endowment for International Peace, 10 November 2026 ANGOLA BURUNDI BENIN CÔTE D'IVOIRE CAMEROON DRC ALGERIA EGYPT ETHIOPIA GABON GHANA GAMBIA GUINEA-BISSAU KENYA LIBYA LESOTHO MOROCCO MALI MOZAMBIQUE MAURITANIA MAURITIUS NAMIBIA NIGERIA RWANDA SUDAN SENEGAL SOMALIA ESWATINI CHAD TOGO TUNISIA TANZANIA UGANDA SOUTH AFRICA ZAMBIA ZIMBABWE AFRICA

  The Carnegie Endowment's Africa Technology Policy Tracker, as fetched on 10 November 2026, lists 595 digital laws, policies and regulations. It covers 36 countries and the African Union, with instruments dated from 1988 to 2025. *Also under Legislation and regulation and Data protection.*

Legislation and regulation

- **Information Minister Tables Two Major Information Bills In Parliament | Sierra Leone Monitor** — Sierra Leone Monitor, 10 November 2026 SIERRA LEONE

  Sierra Leone's Minister of Information and Civic Education, Chernor Bah, tabled two bills in Parliament on 5 November 2026. Both completed First Reading. The Data Protection and Right to Access Information Bill, 2026 would set up one independent authority for data protection and access to information. The National Records and Archives Bill, 2026 would replace colonial-era records laws, Sierra Leone Monitor reports. *Also under Data protection.*

- **ICT Regulatory Tracker (2026-11-10)** — International Telecommunication Union (ITU), 10 November 2026 ANGOLA BURUNDI BENIN BURKINA FASO BOTSWANA CAR CÔTE D'IVOIRE CAMEROON DRC CONGO COMOROS CAPE VERDE DJIBOUTI ALGERIA EGYPT ERITREA ETHIOPIA GABON GHANA GUINEA GAMBIA GUINEA-BISSAU EQ.   UNCTAD's Global Cyberlaw Tracker, as fetched on 10 November 2026, records the position of 54 African states on five kinds of law. These are e-transactions, consumer protection, data protection, cybercrime and indirect taxation. *Also under Data protection and Cybersecurity.*

- **Angola apresenta à UIT projectos de fibra óptica, satélite e cloud** — Portal de T.I., 10 November 2026 ANGOLA

  Angola's telecommunications minister, Mário Oliveira, addressed the ITU Plenipotentiary Conference in Doha in November 2026. He described the national fibre backbone, the ANGOSAT-2 satellite and the Cloud Nacional government cloud. He said an electronic signatures regime, a national cybersecurity strategy and a national cybersecurity council had been approved. An AI law and a national AI strategy are in preparation with no completion date given, Portal de T.I. reported. *Also under Connectivity, Other GovTech and e-Gov and AI.*

- **Agence de Régulation des Télécommunications, Communiqué n° 0000166/ART/DG du 10 novembre 2026 (contrôle pluridisciplinaire des opérateurs CAMTEL, MTN Cameroon et Orange Cameroun)** — Agence de Régulation des Télécommunications (ART), Cameroun, 10 November 2026 CAMEROON

  Cameroon's regulator ART reported on 10 November 2026 on its quality-of-service control of 13 July to 10 August 2026. It found 93 breaches of licence obligations: 41 for CAMTEL, valued at FCFA 8.2 billion, 29 for Orange Cameroun at FCFA 5.8 billion and 23 for MTN Cameroon at FCFA 4.6 billion. Each operator received a 15-day formal notice. An audit of CAMTEL's national fibre network found significant degradation. *Also under Connectivity.*

- **بـ"الدارجة" ولجميع المغاربة.. الحكومة توظف الذكاء الاصطناعي لتبسيط 2800 مسطرة إدارية** — Al3omk, 10 November 2026 MOROCCO

  Summarised under Strategies, plans and policies.

Regional collaboration

- **Regional Digital Inclusion Strategy and Action Plan Validated** — COMESA, 10 November 2026 ZAMBIA EAST AFRICA SOUTHERN AFRICA

  Fifteen COMESA member states validated a Regional Digital Inclusion Strategy and Action Plan, with a Situational Analysis Report, at a workshop in Lusaka on 3–5 November 2026. Zambia hosted the workshop, with World Bank support under the IDEA programme. COMESA said on 10 November 2026 that the outcomes will guide the documents' finalisation, adoption and implementation. *Also under Access to services and Literacy.*

- **Ghana - PP-26: Policy statement** — International Telecommunication Union (statement by Ghana), 10 November 2026 GHANA

  Ghana's communications minister, Samuel Nartey George, addressed the ITU Plenipotentiary Conference in Doha in November 2026. He said 5G will reach more than 70% of Ghanaians by March 2027. He cited 2,016 rural telephony sites being completed, 5G spectrum licensing and a National AI Compute Centre under construction. Ghana is standing for re-election to the ITU Council and has nominated NCA Director-General Edmund Yirenkyi Fianko for the Radio Regulations Board. *Also under Connectivity and AI.*

- **CEMAC : A CALL FOR FINANCIAL INCLUSION FOR ALL AT APIDE 2026** — Season Media, 10 November 2026 CAMEROON

  Pierre Kam is secretary general of Cameroon's banking association APECCAM. At APIDE 2026 in Douala on 9–10 November 2026, he proposed a common merchant identification system across CEMAC. He said a six-month work programme with the regional central bank BEAC is envisaged on merchant payment interoperability. A feasibility report and a pilot framework are expected by the end of June 2027, Season Media reported. *Also under Digital Payments and Fintech.*

- **AfDB backs local tech assembly** — ITWeb Africa, 10 November 2026 AFRICA

  Nicholas Williams manages the African Development Bank's ICT operations division. He said in November 2026 that African tech investment should extend to local hardware manufacturing and assembly. He gave the bank's tech portfolio as 47% digital entrepreneurship and skills, 23% connectivity and data infrastructure, 18% tech hubs and 12% digital policy and regulation. He named Ethiopia's device assembly base as an example, ITWeb Africa reported. *Also under ICT Industry.*

Standards

- **ISO - LiSA - Liberia Standards Authority** — International Organization for Standardization, 10 November 2026 LIBERIA

  The International Organization for Standardization lists the Liberia Standards Authority (LiSA) as a correspondent member, as read on 10 November 2026. ISO's page says LiSA was established by law in 2022 and began operating in 2024.

- **Côte d'Ivoire : un cadre en préparation pour encadrer les réseaux de fibre optique** — wearetech.africa, 10 November 2026 CÔTE D'IVOIRE

  Côte d'Ivoire's regulator ARTCI drafted fibre-optic deployment standards and a quality-of-service measurement protocol for fixed networks at a seminar in Assinie on 4–6 November 2026. A third draft sets conditions for activating VoLTE and VoWiFi. The three drafts go to the ARTCI regulatory council for adoption, WeAreTech reported. *Also under Connectivity.*

Public debate and participation in policymaking

- **Zimbabwe's Smart Traffic System Built On A Broken Database** — ZimEye, 10 November 2026 ZIMBABWE

  Engineer Jacob Kudzayi Mutisi argues in ZimEye, on 10 November 2026, that Zimbabwe's Smart Traffic Management System needs accurate vehicle ownership records before it relies on camera fines. He proposes free online ownership transfers through the Central Vehicle Registry. He also proposes driver identification with privacy safeguards. He calls for an independent vulnerability assessment and penetration test of the whole system. *Also under Other GovTech and e-Gov and Cybersecurity.*

- **When technology outpaces education** — The Brief, 10 November 2026 NAMIBIA

Dr Etuna Simon argues in The Brief, in November 2026, that Namibian higher education lags behind AI. The article points to curricula, lecturer readiness and unequal student access. It calls for sustained training for lecturers, assessment that tests judgement as well as recall, and continuous curriculum work with industry. It also asks for wider use of labour-market data, such as vacancy trends and graduate destination studies. *Also under Literacy and Digital divides.*

- **Mwinyi cautions against overreliance on AI in public service** — The Citizen, 10 November 2026 TANZANIA

  Zanzibar President Hussein Ali Mwinyi told the 11th annual meeting of the Africa Public Service Human Resource Managers Network in Unguja on 9 November 2026 that AI should remain a tool under human judgement and accountability. First Vice-President Othman Masoud Othman read the speech for him. The Citizen reports 1,140 participants from 21 African countries. *Also under AI.*

- **Bringing more voices into the room: RIA at the Africa IGF 2026** — Research ICT Africa, 10 November 2026 GHANA AFRICA

  Summarised under Strategies, plans and policies.

Finance

New investments

- **South Africa's Yoco Secures $100 Million Credit Facility to Expand SME Financing** — Tech Africa News, 10 November 2026 SOUTH AFRICA

  South African fintech Yoco secured a US$100 million credit facility from Victory Park Capital Advisors to expand its Yoco Capital merchant financing, Tech Africa News reported on 10 November 2026. Offers are pre-approved on merchants' sales data and repaid from daily takings. Yoco says it has provided more than R6.5 billion to over 40,000 merchants since 2018. *Also under Digital Payments and Fintech.*

- **DFC Approves Largest Equity Deal in West Indian Ocean Cable Company** — Nexus Media, 10 November 2026 AFRICA

  Jim Kelly of the US International Development Finance Corporation briefed the press on 9 November 2026. He said DFC's equity investment in the West Indian Ocean Cable Company is its largest to date. He expects the deal to mobilise up to USD 400 million of private capital and expand networks in more than 30 African countries. DFC's commitments across Africa exceed USD 14.5 billion, Nexus Media reported. *Also under Connectivity and US / hyperscaler activities.*

ICT Infrastructure

Connectivity

- **Vodacom Revenue Rises 25.6% to R102.5bn as Safaricom Boosts Fintech Growth** — Tech Africa News, 10 November 2026 SOUTH AFRICA KENYA

  Vodacom Group reported revenue of R102.5 billion for the six months to 30 September 2026, up 25.6% after it consolidated Safaricom, Tech Africa News reported on 10 November 2026. Financial services revenue rose 99% to R15.9 billion, with 108 million financial services customers. Transactions worth US$575.5 billion passed across Vodacom and Safaricom, and smartphone penetration reached 69.8%. *Also under Digital Payments and Fintech.*

- **Vodacom Group reviewed interim results and cash dividend declaration for the six months ended 30 September 2026** — Vodacom Group, 10 November 2026 SOUTH AFRICA KENYA EGYPT TANZANIA DRC

  Vodacom Group reported 250 million customers, up 11.8%, in its interim results for the six months to 30 September 2026, published on 10 November. It holds 55% of Safaricom. Kenya's High Court declared the acquisition null and void, but the Court of Appeal ordered the status quo kept pending an expedited appeal. The interim dividend is 355 cents a share, up 7.6%. *Also under Digital Payments and Fintech.*

- **NCA Hosts Helios Towers Delegation for Stakeholder Engagement** — National Communications Authority, 10 November 2026 GHANA

  Ghana's National Communications Authority met a Helios Towers Ghana delegation on 3 November 2026. The tower company raised delays in environmental permits, community approvals for towers and the disconnection of sites from the electricity grid. The NCA's Director-General offered to broker talks with the environmental regulators, according to the authority's release. *Also under Energy.*

- **ICASA invites stakeholder input on the planned licensing of high-demand spectrum** — ICASA, 10 November 2026 SOUTH AFRICA

  ICASA opened a stakeholder questionnaire on 10 November 2026 on the second phase of licensing high-demand IMT spectrum. It covers the IMT750, IMT800, IMT1500, IMT2300, IMT3300 and IMT3500 bands. It may also cover the 80 MHz once reserved for the Wireless Open Access Network. Responses are due by 16h00 on 30 November 2026, before an Information Memorandum and an Invitation to Apply.

- **Angola seeks stronger technology, investment ties with Qatar: Minister** — The Peninsula Qatar, 10 November 2026 ANGOLA

  Angola's minister Mário Oliveira invited Qatari investors into Angola's technology sector in November 2026. He spoke in an interview at the ITU Plenipotentiary Conference in Doha, The Peninsula reported. He said the Conecta Angola programme involves 71 small internet service providers, and ANGOSAT-2 serves Mozambique, Namibia, Zambia and South Africa. He added that the SADC Shared Satellite Programme, led by Angola, has secured eight ITU orbital positions. *Also under Gulf/UAE activities and Other GovTech and e-Gov.*

- **Sénégal : une plateforme numérique pour dématérialiser les procédures minières** — Le Marché Finance, 10 November 2026 SENEGAL

  Senegal's Ministry of Mines and Geology validated its integrated mining-sector data platform, PIDSM, Le Marché Finance reported on 10 November 2026; the workshop date is not given. The one-stop portal shows mining perimeters in real time, publishes geological data and takes title applications online. It links LandFolio, SIGEOS, E-Gouv, SenTax and SenTrésor through APIs. *Also under Other GovTech and e-Gov and Open data.*

- **Sénégal : la Justice accélère la digitalisation des entreprises** — APAnews, 10 November 2026 SENEGAL

  Senegal's Justice Minister, Moussa Sarr, agreed on 10 November 2026 to deploy APIX's online company-creation platform in the courts, APAnews reports. The court registries that keep the RCCM trade and movable-credit register would be interconnected with other agencies, so that a company can be created in hours. He asked for a governance framework that brings together the institutions involved. *Also under Registries.*

- **Nigeria Integrates 17m Migration Records, Advances EU Deal** — TheFact Daily, 10 November 2026 NIGERIA

  Nigeria's Interior Minister, Olubunmi Tunji-Ojo, said on 10 November 2026 that over 17 million migration records had been integrated into the automated migration management system. TheFact Daily reported this and compares it with over 15 million in October. He spoke at a meeting in Abuja with EU Commissioner Magnus Brunner on the readmission agreement. An EU delegate there said almost EUR 100 million in additional funding had been made available. *Also under Digital Identity and CRVS.*

- **FG integrates 17bn migration records, close readmission talks with EU** — Vanguard, 10 November 2026 NIGERIA

  Nigeria's Interior Ministry said on 10 November 2026 that more than 17 billion migration records had been moved into an integrated system, Vanguard reports. The system is used to verify the nationality of returnees. The ministry said this as it closed negotiations with the EU on a readmission agreement, which had run for about a decade. *Also under Digital Identity and CRVS.*

- **Export processing on National Single Window begins December 14 - Businessday NG** — BusinessDay NG, 10 November 2026 NIGERIA

  Nigeria's National Single Window will open export processing on 14 December 2026, its secretariat said on 10 November 2026. A first group of permit-issuing agencies goes live then: NAQS, SON, NAFDAC, NACCIMA, FPIS and REX. CBN, Customs, NEPZA and four ministries follow in the first quarter of 2027. Customs' regulatory HS-code list is due by 1 December 2026 and will be enforced from 1 January 2027.

Digital Identity and CRVS

- **Suspected AI-generated photos, duplicates trigger Nigeria biometric election cleanup** — Biometric Update, 10 November 2026 NIGERIA

Nigeria's electoral commission, INEC, said it had removed more than 1.6 million invalid voter records after screening with its automated biometric identification system. Biometric Update reported this on 10 November 2026. Of 268,000 records adjudicated, 217,722 were confirmed invalid. INEC also identified 54 staff in 10 states implicated in registration irregularities, including AI-generated photographs, ahead of certifying the final register on 15 December 2026. *Also under Registries and AI.*

- **Home Affairs launches first phase of Digital Asylum System to cut delays, clear backlogs, and combat abuse** — South African Government (Department of Home Affairs), 10 November 2026 SOUTH AFRICA

  South Africa's Department of Home Affairs opened the first phase of its Digital Asylum System to test cases on 10 November 2026. The portal on Myhomeaffairsonline records intentions to apply for asylum, with facial biometrics, personal details and documents. Public intake follows the next weekend software release. The department says later phases will add biometric checks and AI tools for the appeals backlog. *Also under Other GovTech and e-Gov.*

Digital Payments and Fintech

- **Why lower transfer fees cannot easily break M-PESA's mobile money dominance** — TechCabal, 10 November 2026 KENYA

  Postbank's entry to PesaLink brings Kenya's interbank payments network to 80 institutions, including all 38 licensed commercial banks. PesaLink says it processes an average of KES 4 billion a day, up 24% on a year earlier. TechCabal compares bank tariffs, with 19 banks on a flat KES 20 fee, and asks whether lower fees can draw users from M-PESA.

- **Sierra Leone Advances FinTech Innovation as UniPod Becomes Startup Acceleration Hub** — The Spear News SL, 10 November 2026 SIERRA LEONE

  A FinTech Innovation Lab has been set up at Sierra Leone's University Innovation Pod (UniPod) by UNCDF, the EU and the Bank of Sierra Leone, The Spear News SL reported on 10 November 2026. It gives early-stage fintech startups acceleration support and access to the central bank's regulatory sandbox. The date it was set up is not stated. *Also under Innovation ecosystem.*

- **Mojaloop Foundation's Open-Source Technology Powers Launch of NimbaPay, Guinea's National Instant Payment System** — Mojaloop Foundation, 10 November 2026 GUINEA

  The Mojaloop Foundation said on 10 November 2026 that NimbaPay went live on 22 July 2026. NimbaPay is Guinea's national instant payment system, built on the foundation's open-source software. It reported 24,064 transactions worth GNF 19.151 billion between June and August 2026, rising from 5,542 in July to 18,459 in August. The central bank BCRG and the national switch GuiM run the system.

- **Zimbabwe Wants Citizen Feedback to Drive AI in Public Services** — Zim Now, 10 November 2026 ZIMBABWE

  Zimbabwe's Minister of Public Service, Labour and Social Welfare, Edgar Moyo, called for citizen satisfaction surveys to set a baseline for AI in government services. He spoke at the UN Governance Innovation Summit in Baku, Zim Now reported on 10 November 2026. He named welfare case management and forecasting demand for assistance as uses. The ministry named no specific AI platform or programme. *Also under AI.*

- **World Bank calls on Zambia to step up investment in digital infrastructure, skills | Zambia Monitor** — Zambia Monitor, 10 November 2026 ZAMBIA

Zambia launched its National ICT Survey in Lusaka on 9 November 2026. World Bank representative Luke Mate said at the launch that internet access had risen from 25.2% to 29.7%. Individual use of financial services rose from 49% in 2022 to 60% in 2025. Technology and Science Minister Felix Mutati said the Government Service Bus recorded 1.2 million transactions last year and hosts 532 services. *Also under Access to services and National statistics.*

- **Nigerian Central Bank Digitalises Fiscal Data Collection - Voice of Nigeria** — Voice of Nigeria, 10 November 2026 NIGERIA

  The Central Bank of Nigeria is moving its Sub-National Fiscal Survey of the 36 states, the FCT and 774 local governments from paper to a digital platform. Its Statistics Department said returns will be quarterly instead of twice a year. Training had reached 16 states by 6 November 2026. The remaining states are due by 4 December, and the FCT on 9 and 10 December 2026. *Also under National statistics.*

- **Consulting, Technical IT Training (Tax System)** — gtai.de, 10 November 2026 CAMEROON

  Cameroon's tax directorate has issued a tender for technical IT training for its IT staff, financed by KfW under the programme to modernise the directorate's information system. The training covers networks, security, virtualisation, backup, data centres and programming. Bids close on 10 December 2026, and no value is stated, according to the GTAI notice. *Also under Training and skills.*
