Governance

Strategies, plans and policies

- **UCC launches campaign to make the internet safer for children** — PC Tech Magazine, 8 October 2026 UGANDA

A second account of the Uganda Communications Commission's child online protection campaign, launched during cybersecurity awareness month and aimed at children, parents and teachers. *Also under [Cybersecurity](#) and [Literacy](#).*
- **PesaLink's New ID Makes Bank Transfers Easier. The Bigger Question Is Who Owns the Rail.** — Fintech Association of Kenya (LinkedIn), 8 October 2026 KENYA

Kenya's bank-owned instant payment switch says a portable identifier is ready, so a sender need not know the recipient's bank, and institutions must now map customers to it. A fintech association asks who will own the rail as the alias takes hold. *Also under [Digital Payments and Fintech](#).*
- **Moçambique valida estratégia para acelerar acesso à Internet e inclusão digital** — Bureau de Conteúdo Local de Moçambique, 8 October 2026 MOZAMBIQUE

Mozambique's regulator is validating a proposed national 'Internet para Todos' strategy with operators, academia and civil society, with targets to 2030. Figures presented put internet access at about 20% of the population. *Also under [Digital divides](#) and [Connectivity](#).*
- **Libya and the US Sign Strategic Cooperation Framework** — Libyan News Agency, 8 October 2026 LIBYA

Libya's communications authority and the US State Department signed a cooperation framework in Washington covering digital infrastructure, AI, data centres, cybersecurity and satellite communications. No programme or amount was published. *Also under [US / hyperscaler activities](#) and [Connectivity](#).*
- **Government engages Meta to curb online abuse for safer digital environment** — Ministry of Information Technology, Communication and Innovation (Mauritius), 8 October 2026 MAURITIUS

Mauritius's ICT ministry met Meta on faster removal of fake accounts, impersonation and illegal content, moderation in Kreol and a local presence for the company. Amendments to the 2021 cybercrime law and age assurance for children were also discussed. *Also under [Legislation and regulation](#).*
- **Ghana Strengthens Cyber Resilience for Critical Infrastructure** — Tech Africa News, 8 October 2026 GHANA

Ghana's communications minister said compliance with cybersecurity requirements is mandatory for the 13 designated critical information infrastructure sectors and about 200 owner institutions. He was opening a workshop on securing industrial control systems. *Also under [Cybersecurity](#).*

- **Ethiopia Appoints Ethio Telecom CEO Frehiwot Tamru as Innovation Minister** — Tech Africa News, 8 October 2026 ETHIOPIA

Ethiopia's parliament approved Ethio Telecom chief executive Frehiwot Tamru as Minister of Innovation and Technology in the new cabinet. She had led the state operator since 2018. *Also under [ICT Industry](#).*

- **Commande publique : l'ARMP, la DGCMP et la Banque mondiale font le point sur l'évolution Télém** — ARMP Guinée, 8 October 2026 GUINEA

Guinea's procurement regulator, the control directorate and the World Bank reviewed the Télém e-procurement platform, in a new phase of use since September. The price reference list and public-private partnerships are not yet integrated, and a new procurement law is being drafted. *Also under [Other GovTech and e-Gov](#).*

- **CBN Insists on January 1, 2027 Deadline for Banks, Fintechs to Store Payment Data in Nigeria** — The Trumpet, 8 October 2026 NIGERIA

The Central Bank of Nigeria said its 1 January 2027 deadline for storing payment transaction data in Nigeria has not changed. Industry executives warned that a rushed migration carries operational and security risk. *Also under [Digital Payments and Fintech](#) and [Data Storage](#).*

- **Cabinet directs MICT to standardise online service reporting** — NAMPA, 8 October 2026 NAMIBIA

Namibia's Cabinet directed the ICT ministry to develop a standard template for reporting which government services are available online. *Also under [Other GovTech and e-Gov](#).*

- **Assises de l'AUSIM: Le Maroc mise sur la souveraineté et la célérité pour accélérer son développement numérique (ministre)** — Maroc24 (MAP), 8 October 2026 MOROCCO

Morocco's digital transition minister set out five priorities for the 'Maroc IA 2030' roadmap, among them bringing sovereign compute into service and completing the legal framework for AI. The roadmap aims to add MAD 100 billion to GDP by 2030. *Also under [AI](#) and [Digital sovereignty](#).*

- **'La souveraineté numérique ne signifie pas l'autosuffisance, mais elle n'équivaut pas à l'isolement' – ministre malgache** — Sputnik Afrique, 8 October 2026 MADAGASCAR

Madagascar's digital development minister said sovereignty means controlling infrastructure and data while staying open to foreign expertise. AI is at an early stage but already used by customs for risk analysis. *Also under [Digital sovereignty](#) and [AI](#).*

Legislation and regulation

- **South Africa targets 17.5 billion spam calls with new registry** — TechCabal, 8 October 2026 SOUTH AFRICA

South Africa's consumer commission launched a national opt-out registry against a count of 17.5 billion spam calls in the first half of 2026. Marketers must register and clean their lists monthly before any campaign. *Also under [Data protection](#).*

- **Regulators must know when not to regulate – ICASA chairperson** — Connecting Africa, 8 October 2026 SOUTH AFRICA

ICASA's chairperson said the regulator has developed a draft satellite licensing framework and will use sandboxes and lighter-touch approaches beside licensing. He named data centres and cloud computing as infrastructure it must now address. *Also under [Connectivity](#) and [Data Storage](#).*

- **Opt-out registry arrives as marketers go social** — ITWeb South Africa, 8 October 2026 SOUTH AFRICA

South Africa's opt-out registry is to be enforced from April 2027, sixteen years after it was first proposed. The direct marketing industry is meanwhile moving from contact databases to targeted digital advertising. *Also under [Data protection](#).*

- **João Lourenço recebe autorização para estabelecer regime da assinatura electrónica** — PTI, 8 October 2026

ANGOLA

Angola's Law 12/26 of 2 October authorises the President to legislate the regime for electronic signatures and digital certification and the rules of the national public key infrastructure, within 90 days. *Also under [Other GovTech](#) and [e-Gov](#) and [Digital Identity and CRVS](#).*

- **Government engages Meta to curb online abuse for safer digital environment** — Ministry of Information Technology, Communication and Innovation (Mauritius), 8 October 2026

MAURITIUS

Summarised under [Strategies, plans and policies](#).

Data protection

- **Securing Digital Trust: NDPC, NSIWC Align On NDP Act Compliance And Remuneration For Data Experts** — Cyber Era, 9 October 2026

NIGERIA

Nigeria's data protection commissioner visited the salaries and wages commission to press compliance with the 2023 Act and pay structures that keep data protection staff in the public service. He put the commission's revenue at more than ₦12 billion in 2026, against ₦7 billion in 2025.

- **Zambia and US Sign Five-Year Health MOU and Data Sharing Agreement** — Open Zambia — Open Zambia, 8 October 2026

ZAMBIA

Zambia and the United States signed a five-year health memorandum and a data sharing agreement. On this account the agreement exchanges only aggregated, de-identified programme data, with Zambia keeping ownership under its own laws; the health minister said the money will fund 40,000 health workers. *Also under [US / hyperscaler activities](#) and [Data Exchange](#).*

- **U.S., Zambia sign \$2.49-billion health financing pact after removing data and specimen-sharing terms** — Los Angeles Times, 8 October 2026

ZAMBIA

Zambia and the United States signed their five-year health financing memorandum in Lusaka after clauses on specimen sharing and patient data were removed. The State Department put it at US\$2.49 billion, US\$1.52 billion from the United States and US\$975 million from Zambia, and Zambia said minerals were not part of it. *Also under [US / hyperscaler activities](#).*

- **Namibia MPs press government on security, access and reach of planned digital ID | Biometric Update** — Biometric Update, 8 October 2026

NAMIBIA

Namibian MPs questioned the planned digital ID on rural reach, cost, data ownership and cybersecurity at a briefing by two ministries. The rollout planned for September was delayed because the legal framework had not been finalised. *Also under [Digital Identity and CRVS](#) and [Cybersecurity](#).*

- **Gabon : une délégation du groupe espagnol Indra reçue par le ministre de la Santé** — Agence Gabonaise de Presse (AGP), 8 October 2026

GABON

Spanish technology group Indra presented Gabon's health minister with a patient platform covering electronic medical records, vaccination records and teleconsultation, and a virtual health map. No agreement was announced. *Also under [Sectoral management information systems](#).*

- **Centrafrique : les zones d'ombre de la « Cellule de veille communicationnelle » de Ngamana | CNC** — Corbeau News Centrafrique, 8 October 2026 CAR

An opposition-leaning outlet attacks the communication-monitoring cell created by decree under the Central African Republic's government spokesperson, calling it an instrument against critics on social media. *Also under [Public debate and participation in policymaking](#).*

- **Burundi opts for a local app for presidency-citizen interactions** — Connecting Africa, 8 October 2026

BURUNDI

Burundi's presidency adopted Gasape Chat, a locally built messaging application, as a channel for citizens' grievances. The terms were not disclosed, and analysts noted that nothing says who controls the servers or protects users' data. *Also under [Other GovTech and e-Gov](#) and [Public debate and participation in policymaking](#).*

- **South Africa targets 17.5 billion spam calls with new registry** — TechCabal, 8 October 2026

SOUTH AFRICA

Summarised under [Legislation and regulation](#).

- **Opt-out registry arrives as marketers go social** — ITWeb South Africa, 8 October 2026

SOUTH AFRICA

Summarised under [Legislation and regulation](#).

Regional collaboration

- **CEO Africa Roundtable: Zimbabwe processes \$5.8 million a month through PAPSS as local currency settlement takes hold** — The Herald, 8 October 2026 ZIMBABWE

Afreximbank said Zimbabwe is processing US\$5.8 million a month through the pan-African payment and settlement system. Yuan clearing is being brought onto the platform through its link to China's interbank system. *Also under [Digital Payments and Fintech](#) and [China activities](#).*

Standards

- **Moçambique avança na certificação digital com apoio técnico do Brasil** — MZ News, 8 October 2026

MOZAMBIQUE

A Mozambican government team is training in Brasília until 16 October on public key infrastructure and digital certification, ahead of a national certification system. A digital signature pilot at home involves about 40 entities. *Also under [Other GovTech and e-Gov](#) and [Training and skills](#).*

Public debate and participation in policymaking

- **Orodata Urges CSOs To Shape Frontier AI Governance** — News Agency of Nigeria, 8 October 2026 NIGERIA

Nigerian research group Orodata published a brief urging civil society to take part in governing frontier AI. It warns that voluntary commitments by technology companies are no substitute for enforceable rules. *Also under [AI](#).*

- **Kozah : Les acteurs communautaires sensibilisés sur les enjeux de l'intelligence artificielle** — Agence Togolaise de Presse (ATOP), 8 October 2026 TOGO

Community groups in Togo's Kara region were briefed on the risks and uses of AI at a regional dialogue run by two associations with outside funding, part of a citizen dialogue project on AI governance. *Also under [AI](#).*

- **Ghana's ID system must move beyond cards to drive development – Professor Attafuah** — GhanaWeb, 8 October 2026 GHANA

A former head of Ghana's identification authority said the Ghana Card's value lies in trusted identity services, not the card. He put enrolment at 20.1 million and cards issued at 19.2 million as of 17 August 2026. *Also under [Digital Identity and CRVS](#).*

- **Beyond the Single Wholesale Network: How Africa Is Rethinking Infrastructure Sharing** — Tech Africa News, 8 October 2026 GHANA SOUTH AFRICA RWANDA DRC AFRICA

Ghana, Rwanda and South Africa have each moved away from the single wholesale network model for mobile broadband. Commercial sharing of towers, fibre and spectrum between operators is replacing it. *Also under [Connectivity](#).*

- **Centrafrique : les zones d'ombre de la « Cellule de veille communicationnelle » de Ngamana | CNC** — Corbeau News Centrafrique, 8 October 2026 CAR

Summarised under [Data protection](#).

- **Burundi opts for a local app for presidency-citizen interactions** — Connecting Africa, 8 October 2026 BURUNDI

Summarised under [Data protection](#).

Finance

Financial sustainability

- **Cameroon's civil registration reform faces \$85M funding gap** — Biometric Update, 8 October 2026 CAMEROON

Cameroon needs more than FCFA 50 billion, about US\$85 million, to digitise civil registration fully by 2029-2030, the head of the civil status office said. A public-private partnership is planned, and several decrees under the 2024 law are still to be made. *Also under [Digital Identity and CRVS](#) and [Registries](#).*

New investments

- **Ugandan fintech MAM Telecom lands \$250,000 grant** — TechTrendsKE, 8 October 2026 UGANDA

Ugandan startup MAM Telecom received a US\$250,000 grant from an unnamed South African businessman to license and build a settlement platform that lets mobile-money agents obtain digital float. It has not launched. *Also under [Digital Payments and Fintech](#).*

ICT Infrastructure

Connectivity

- **Fibre push to curb copper theft** — Market Watch Namibia, 9 October 2026 NAMIBIA

Telecom Namibia signed a partnership with Demshi Investment Holdings to replace copper with fibre in areas hit repeatedly by theft and vandalism. Demshi builds and maintains the open-access network and Telecom Namibia sells service over it.
- **Starlink rival maps out SA strategy beyond satellite broadband** — ITWeb South Africa, 8 October 2026 SOUTH AFRICA

Amazon Leo said it has applied for licences to bring a direct-to-device satellite service to South Africa with mobile operators, probably from around 2028. Its fixed satellite broadband is to be distributed by Herotel from 2027.

- **Paratus Namibia Launches Eutelsat OneWeb LEO Satellite Service Across Namibia** — Tech Africa News, 8 October 2026 NAMIBIA
Paratus Namibia launched Eutelsat's OneWeb low earth orbit satellite service across Namibia, with capped and uncapped packages for homes and businesses.
- **IPRP Vindicates MoCTI** — Black News, 8 October 2026 SIERRA LEONE
Sierra Leone's procurement review panel dismissed a bidder's complaint over the evaluation of the World Bank-funded government network contract. It directed the ministry to open financial proposals and proceed to award. *Also under [Other GovTech and e-Gov](#).*
- **DKT. MWIGULU AZUNGUMZA NA WAWAKILISHI WA SPACEX NA STARLINK - Mwigulu Nchemba** — Mwigulu Nchemba, 8 October 2026 TANZANIA
Tanzania's prime minister met SpaceX and Starlink representatives in London on 7 October about investment in the communications sector, with three ministers present. No outcome was stated.
- **CAMTEL Partners with SIC to Expand Fibre Connectivity Across Cameroon Housing Estates** — Tech Africa News, 8 October 2026 CAMEROON
CAMTEL signed a framework agreement with Cameroon's state housing company to bring fibre to its existing estates and build it into new ones. Residents are offered a connection at FCFA 25,000 and FCFA 15,000 a month. *Also under [Access to services](#).*
- **CAMTEL and MINESEC Sign Deal to Expand Digital Education Across Northern Cameroon** — Tech Africa News, 8 October 2026 CAMEROON
CAMTEL and Cameroon's secondary education ministry signed a framework agreement to interconnect 130 schools in the Adamawa, North and Far North regions. No amount was stated. *Also under [Access to services](#).*
- **Billions at stake for Kenyan telcos as SpaceX gets nod for 15,000 mobile satellites** — The Star Kenya, 8 October 2026 KENYA
US regulatory approval for up to 15,000 SpaceX direct-to-device satellites could expose Kenyan mobile operators to competition from space, this analysis argues. Safaricom's mobile data revenue passed voice for the first time in the year to March 2026. *Also under [US / hyperscaler activities](#) and [ICT Industry](#).*

ABOUT THIS DOCUMENT

EDITION	2026-10-09
RETENTION	Kept until 2026-10-16. Older bulletins: the country pages and the monthly reports.
THIS FILE	https://corpus.data-landscapers.io/bulletin/corpus-bulletin-2026-10-09.pdf
FEEDBACK	info@data-landscapers.io
LICENCE	CC BY 4.0

This bulletin is produced automatically at the end of each data collection sweep but only includes items published on the day cited in the edition, and the previous day. Items published in the last month can be found on the [country pages](#). The links to all items stored in the corpus can be found in the [catalogue](#).

Bulletins are kept for a week — the last week's editions are listed above, each at its own dated address — and are then deleted. Older material is in the country pages and the monthly reports.
