Governance

Strategies, plans and policies

- **Nouveau Directeur de l'ARTP : Au-delà du mérite, des défis à relever** — Le Soleil, 14 September 2026

SENEGAL

Cheikh Tidiane Sarr, a former SONATEL and Orange Finances Mobiles Sénégal executive, was appointed director-general of the regulator ARTP by a decree of 10 September after an open call for applications. He inherits a market of 21.7 million internet lines, with rural access gaps, high tariffs and weak fibre competition. *Also under [Connectivity](#).*

- **Nigeria's Bosun Tijani Withdraws From ITU Deputy Secretary-General Race** — Tech Africa News, 14 September 2026

NIGERIA

Nigeria's communications minister Bosun Tijani withdrew his candidacy for ITU Deputy Secretary-General to stay on the domestic programme. He cited Project BRIDGE's 90,000 km of planned fibre, the tower programme, two planned satellites and a national postcode system. *Also under [Connectivity](#).*

Legislation and regulation

- **وزارة العدل: التقاضي عن بعد تطبيقاً لقانون الإجراءات الجنائية الجديد** — Youm7, 14 September 2026

EGYPT

Egypt's justice ministry defended the charges on its remote criminal litigation platform ahead of the new Criminal Procedure Law taking effect on 1 October, citing Article 531 as the basis for remote sessions. Technical office head Wadie Hanna Nashed said lawyers' use is optional and was requested by the bar, at EGP 500 a year for felony hearings and EGP 100 for detention renewals. *Also under [Other GovTech and e-Gov](#) and [Access to services](#).*

- **Togo's Tax Authority, Employers Discuss Certified E-Invoicing Reform** — Togo First, 14 September 2026

TOGO

About 50 businesses met Togo's revenue office on 10 September on the certified electronic invoicing introduced by the 2026 budget law. Each invoice will carry a unique number, QR code and digital fingerprint; firms may use the office's solution or connected software, and paper invoices stay valid until a gradual launch. *Also under [Other GovTech and e-Gov](#).*

- **Reintegration or Monopoly? Reading MTN-IHS Deal Through Nigeria's Antitrust** — ThisDay, 14 September 2026

NIGERIA

A lawyer reads MTN's acquisition of IHS Towers against Nigeria's competition law, setting out the regulators' conditions: a Nigerian sell-down of up to 30%, no exclusivity and existing contracts left unchanged. *Also under [ICT Industry and Connectivity](#).*

- **Presse en ligne au Niger : les éditeurs saluent le projet de loi et plaident pour une mise en œuvre concertée** — ActuNiger, 14 September 2026 NIGER

Fourteen Nigerien online editors welcomed the government's electronic-press text in a declaration dated 13 September and asked to be consulted on its implementing rules. They offered to work with the communication regulator and announced a representative body of their own. *Also under [Public debate and participation in policymaking](#).*

- **[Enquête]- ARPTC, un policier illégal et défaillant** — Ouragan.cd, 14 September 2026 DRC

A joint press investigation calls DR Congo's telecoms regulator ARPTC unlawful and ineffective, noting that the successor authority created by a 2023 decree has never been installed. It details failings on service quality and equipment approval. *Also under [Connectivity](#) and [Public debate and participation in policymaking](#).*

Data protection

- **النيابة العامة بالدار البيضاء تفتح بحثاً قضائياً بشأن ادعاءات التجسس على هواتف حزب سياسي** — Nichan, 14 September 2026

MOROCCO

Morocco's prosecutor general at the Casablanca Court of Appeal ordered a judicial investigation into a party leader's claim that his party's phones were being spied on. The national judicial police will verify the claim, which the prosecution tied to the proper conduct of the elections; the party is not named. *Also under [Cybersecurity](#).*

- **SA's Cell C, EasyEquities and Bidvest Bank warn customers of data leak** — Connecting Africa, 14 September 2026 SOUTH AFRICA

Cell C, EasyEquities and Bidvest Bank notified South African customers of a breach at an unnamed third-party provider, reported on 9 September. Cell C Fiber customers' names, emails, numbers and account numbers were exposed; Bidvest Bank's exposure awaits a forensic investigation. *Also under [Cybersecurity](#).*

- **Nigeria targets 200 telecom towers by December, plans new satellite beyond fibre coverage** — BusinessDay (Nigeria), 14 September 2026 NIGERIA

Nigeria's communications ministry said at least 200 towers for unconnected communities will be live by December, out of about 3,700 planned, with a new satellite for places neither towers nor fibre reach. The remarks came at the opening of the data protection commission's new Abuja headquarters, which reported 356 licensed compliance organisations. *Also under [Connectivity](#) and [Digital divides](#).*

- **NDPC And ARCON Forge Synergy To Deepen Responsible Data Processing In Marketing** — Cyber Era, 14 September 2026 NIGERIA

Nigeria Data Protection Commission head Vincent Olatunji told an advertising regulator's webinar that only 12.3% of advertising agencies comply with the data protection law. He called for the two regulators to work together on data processing in marketing.

- **Liberian Officials Post Vulnerable Children's Data to \"Prove\" Aid Programs Work** — FrontPage Africa, 14 September 2026 LIBERIA

Liberian officials, among them the water utility's managing director, posted spreadsheets of children in a UNICEF-funded social protection programme to Facebook, with names, schools, home addresses and caregivers. A lawyer called it a breach of the Children's Law of 2011; no response from the ministry or UNICEF is reported. *Also under [Sectoral management information systems](#).*

- **Après son amende de 220 millions de dollars, Meta tente de négocier un compromis avec Abuja** — Africa Intelligence, 14 September 2026 NIGERIA

Meta is negotiating a settlement with Nigeria's consumer protection commission over its US\$220 million fine after a first appeal was rejected, Africa Intelligence reports. No terms or timetable are given.

Regional collaboration

- **The African Union Adopted An AI Strategy And Then Forgot To Implement It** — Johan Steyn (Substack), 14 September 2026 SOUTH AFRICA AFRICA

Johan Steyn contrasts the African Union's 2024 endorsement of a continental AI strategy with the thirteen national strategies adopted since 2018. He cites South Africa's withdrawn draft policy as an example of the implementation gap. Also under [Public debate and participation in policymaking](#) and [AI](#).

- **East African Community Trade cannot move at digital speed through outdated borders** — Hiiraan Online, 14 September 2026 SOMALIA EAST AFRICA

An opinion piece notes intra-EAC trade reached US\$14.33 billion in 2024 while its share of total trade fell to 11.8%. It argues for sharing cross-border trade data once rather than repeatedly at each border. Also under [Data Exchange](#).

- **Côte d'Ivoire-AIP/ Les pays africains harmonisent leurs positions à Abidjan en prélude à la conférence des plénipotentiaires de l'UIT** — Agence Ivoirienne de Presse (AIP), 14 September 2026 CÔTE D'IVOIRE AFRICA

Côte d'Ivoire hosts the fourth and final African preparatory meeting for the ITU Plenipotentiary Conference in Abidjan from 15 to 17 September, under the African Telecommunications Union. Delegations will settle common proposals and candidacies before Doha in November. Also under [Connectivity](#).

Public debate and participation in policymaking

- **"عقار للإيجار؟" شمال أفريقيا.. القوة الجديدة للذكاء الاصطناعي أم؟** — Al Jazeera Net, 14 September 2026 MOROCCO TUNISIA NORTH AFRICA

An Al Jazeera analysis asks whether North Africa will become an AI compute hub or merely host foreign capacity, weighing cables, renewable power and land against water limits on cooling. It puts the cost of each AI ecosystem at US\$10-20 billion and argues the terms of value capture decide the answer. Also under [Data Storage](#) and [AI](#).

- **When the Algorithm decides what we see: Who governs Africa's digital democracy?** — This is Africa, 14 September 2026 ZAMBIA ZIMBABWE AFRICA

Blessing Vava argues that platform algorithms shape what African voters see, drawing on Zambia's 2026 election, including fake GEN-20 forms and a disputed video. He calls for rules on algorithmic governance before the next elections. Also under [AI](#).

- **STOP WAITING FOR SCANDALS ACT BEFORE LOSSES – SADCOPAC SG MADALA MHLANGA** — Eswatini Positive News, 14 September 2026 SOUTHERN AFRICA

SADCOPAC secretary-general Madala Mhlanga told public accounts committees across the region to act before scandals and losses. He urged digital forensics, data analytics and audits of the algorithms in government digital systems. Also under [Other GovTech](#) and [e-Gov](#).

- **Mauritius Needs an Ai Decision-Rights Map Before it Scales** — Mauritius Times, 14 September 2026 MAURITIUS

Columnist Gleb Tsipursky argues Mauritius should map which AI tasks may execute, recommend, be verified or stay with humans before scaling adoption. He points to the AI Innovation Lab as the place to train for it. *Also under [AI](#).*

- **[GALA condemns fresh ID Card application requirement for citizens](#)** — The Point, 14 September 2026 GAMBIA
The Gambia Action for Local Accountability condemned reports that citizens who had paid for national ID cards were told to reapply after a change of system operator. It asked the immigration department to explain and said it is documenting cases. *Also under [Digital Identity and CRVS](#).*
- **[Dele Oye: Uber Exit Exposes Nigeria's Transport, Regulatory Gaps](#)** — ThisDay, 14 September 2026 NIGERIA
Dele Oye of the Alliance for Economic Research and Ethics says Uber's exit from Nigeria exposes gaps in transport regulation. He calls for transparent airport e-hailing rules and equal treatment of ride-hailing firms and car-hire operators. *Also under [ICT Industry](#).*
- **[Cybercriminalité : le journaliste Abdrahamane Keïta condamné à deux ans de prison ferme](#)** — Maliweb, 14 September 2026 MALI
Mali's cybercrime tribunal sentenced journalist Abdrahamane Keïta, publication director of Le Tâ©moin, to two years in prison and 1 million CFA francs in damages over a television remark about Kidal. He has been detained since June, and his defence intends to appeal. *Also under [Cybersecurity](#).*
- **[An Open Letter to African Leaders on Artificial Intelligence, Cybersecurity, Digital Sovereignty and the Protection of Africa's Future](#)** — Techzim, 14 September 2026 AFRICA
Engineer Jacob Mutisi, a former Zimbabwe ICT association chair, wrote to African leaders urging an AU threat-monitoring centre, joint cyber defence and AI safety standards. *Also under [AI](#) and [Cybersecurity](#).*
- **[The African Union Adopted An AI Strategy And Then Forgot To Implement It](#)** — Johan Steyn (Substack), 14 September 2026 SOUTH AFRICA AFRICA
Summarised under [Regional collaboration](#).
- **[Presse en ligne au Niger : les éditeurs saluent le projet de loi et plaident pour une mise en œuvre concertée](#)** — ActuNiger, 14 September 2026 NIGER
Summarised under [Legislation and regulation](#).
- **[\[Enquête\]- ARPTC, un policier illégal et défaillant](#)** — Ouragan.cd, 14 September 2026 DRC
Summarised under [Legislation and regulation](#).

Finance

New investments

- **["\\$200k isn't enough": Madica's Emmanuel Adegboye on the brutal reality of early-stage funding](#)** — TechCabal, 14 September 2026 AFRICA
Emmanuel Adegboye, head of Flourish Ventures' Madica programme, says its US\$200,000 cheques across ten markets including Algeria and Cameroon are not enough on their own, so the programme now co-invests. He is backing voice AI and calls for incentives to grow angel investment. *Also under [Innovation ecosystem](#).*

- **Transformation numérique : Cybastion annonce un investissement de 300 millions de dollars au Sénégal** — Le Soleil, 14 September 2026 SENEGAL
US company Cybastion announced a US\$300 million investment in Senegal's digital infrastructure, data security and sovereignty, in Washington. No date, instrument, projects or timetable are given. *Also under [Data Storage](#).*
- **SA investment firm ploughs R2.1bn into digital economy** — ITWeb South Africa, 14 September 2026 SOUTH AFRICA
South African investment firm DNI announced more than R2.1 billion across Frogfoot, Vox and Hypa, Mission Mobile and KnowRoaming. Its consortium holds 34.8% of Frogfoot and Vox at an aggregate R14.4 billion valuation, with Frogfoot's capital aimed at 360,000 lower-income homes over 12 months. *Also under [Connectivity](#) and [Access to services](#).*

ICT Infrastructure

Connectivity

- **The Digital Divide Within Cities: How Urban Inequality Shapes Tech Access in Africa** — TechTrends Africa, 14 September 2026 NIGERIA AFRICA
Okey Chigbu argues the digital divide runs inside cities as well as between city and village, contrasting dense fibre in Lagos's Ikoyi with thin coverage in Ajegunle and Makoko. He calls for broadband to be measured by ward rather than by state. *Also under [Digital divides](#).*
- **Thales Alenia Space wins NIGCOMSAT contract to build NigComSat-2A geostationary telecommunications satellite** — Thales Alenia Space, 14 September 2026 NIGERIA
Thales Alenia Space signed a contract with Nigeria's NIGCOMSAT to build the NigComSat-2A geostationary satellite on a Spacebus B2 platform, with a service life above 15 years and coverage from West to Southern Africa. No contract value, financing or launch date is stated.
- **MTN South Sudan Expands Network Coverage to 85% Through Infrastructure Modernisation** — Tech Africa News, 14 September 2026 SOUTH SUDAN
MTN South Sudan says population broadband coverage rose from 76.6% to 85% and network availability to 99% over two years, after more than 500 sites were modernised with CREI's solar-hybrid power. Diesel use at supported sites fell by more than half; no investment figure is given. *Also under [Energy](#).*
- **MTN controls 55% of Nigeria's fibre market, but the overall sector remains tiny** — TechCabal, 14 September 2026 NIGERIA
Regulator data for June put MTN at 176,468 of Nigeria's 319,735 fibre connections, a 55% share. Fibre remains about 0.2% of roughly 156.8 million internet subscriptions. *Also under [Digital divides](#).*
- **Lebara launches Nigeria's second commercial mobile virtual network** — TechCabal, 14 September 2026 NIGERIA
Lebara Nigeria began commercial service as the second virtual network operator under the 2022 framework, after Vitel Wireless. It runs on Airtel's network under a 2023 licence and sells eSIMs with remote identity checks in its app. *Also under [ICT Industry](#).*
- **Kenya Expands Last-Mile Connectivity With Public Wi-Fi Rollout in Keiyo South** — Tech Africa News, 14 September 2026 KENYA

Kenya installed a free public Wi-Fi hotspot at Nyaru in Keiyo South, carrying fibre on Kenya Power poles. The ICT principal secretary also inspected the Chepkorio digital hub under construction. *Also under [Access to services](#).*

- **Airtel Africa Shuts Down Kenya Fiber Unit After Two Years** — Techweez, 14 September 2026 KENYA
Airtel Africa is winding up Airtel Kenya Telesonic, its wholesale fibre subsidiary, two years after launch, with a KES 16.1 million loss and no revenue in 2025. Its facilities licence was returned to the Communications Authority in February, with gazettment pending. *Also under [ICT Industry](#).*

- **RDC : plus de 9 000 candidats pour RDC Pass** — Digital Business Africa, 14 September 2026 DRC

DR Congo's digital economy ministry said more than 9,000 candidates sat the recruitment test for RDC Pass agents and a first cohort of 50 was retained for the Kinshasa pilot. Training starts on 15 September, followed by extension to other Kinshasa zones and then nationwide. *Also under [Training and skills](#).*

- **Liberia to link national ID, CRVS in planned infrastructure upgrade** — Biometric Update, 14 September 2026 LIBERIA

Liberia's identification registry plans one system linking national ID with civil registration and vital statistics under its proposed US\$54 million partnership with Austria's OSD. The signed agreement still needs parliamentary approval, and ID issuance has been suspended since June 2025. *Also under [Registries](#).*

- **Gaps in suicide data affect prevention interventions in Ghana – Accra Psychiatric Hospital MD** — MyJoyOnline, 14 September 2026 GHANA

Ghana launched a national suicide situational report with media guidelines, which finds the country's data incomplete. Health records, the births and deaths registry and police data each miss age or method, and death certificates do not reliably reach the registry. *Also under [National statistics](#) and [Sectoral management information systems](#).*

- **Digital inclusion for refugee women must go beyond connectivity: GSMA** — Biometric Update, 14 September 2026 ETHIOPIA TANZANIA UGANDA GLOBAL

GSMA research finds identity rules for SIM registration push refugee women in Ethiopia and Tanzania to register lines in others' names, limiting control of mobile money and communication. In Uganda about 25% of refugee women use the internet against 50% of men. *Also under [Digital divides](#) and [Access to services](#).*

- **Burkina Faso : l'administration passe à la signature électronique** — wearetech.africa, 14 September 2026 BURKINA FASO

Burkina Faso's digital transition ministry set the official launch of electronic signature in administrative procedures for 15 September in Ouagadougou, under the 2009 electronic-transactions law. More than 250 procedures were dematerialised in 2025, 95 of them on the Service Public BF portal. *Also under [Other GovTech and e-Gov](#).*

ABOUT THIS DOCUMENT

EDITION	2026-09-14
RETENTION	Kept until 2026-09-21. Older bulletins: the country pages and the monthly reports.
THIS FILE	https://corpus.data-landscapers.io/bulletin/corpus-bulletin-2026-09-14.pdf
FEEDBACK	info@data-landscapers.io
LICENCE	CC BY 4.0

This bulletin is produced automatically at the end of each data collection sweep but only includes items published on the day cited in the edition, and the previous day. Items published in the last month can be found on the [country pages](#). The links to all items stored in the corpus can be found in the [catalogue](#).

Bulletins are kept for a week — the last week's editions are listed above, each at its own dated address — and are then deleted. Older material is in the country pages and the monthly reports.
