

MONTHLY UPDATE

MoUs and other agreements: monthly update, July 2026

Edition of 2026-08-14 · compiled from the Data Landscapers source base

8 places. Every block below is carried verbatim from that place's own monthly update, where it was written, sourced and checked; nothing is written here.

Algeria

On 26 July Algeria and Oman [discussed digital cooperation](#) across artificial intelligence, data centres, fintech and space, with the Omani ministry and the Oman Investment Authority offering flexible partnership arrangements. No instrument was concluded at the meeting, so it stands as planned.

Egypt

A professional services firm [signed a memorandum with the IT industry agency on 6 July for a regional outsourcing delivery centre](#), stated to create more than 1,000 jobs over three years, with no investment sum, site or opening date given.

Gabon

On 14 July, alongside the open-innovation programme's launch, the state guarantee company signed a credit-guarantee accord to put in place guarantee mechanisms reducing the risk borne by institutions lending to innovative young firms ([account of both accords](#)) — the first instrument in the base addressed to the cost of capital for Gabonese digital firms. Its terms were not published: no ceiling, coverage ratio, eligibility test, cost or duration, and it carries no envelope.

Lesotho

The development-partner support named at the Blueprint workshop carries no amount; no appropriation, disbursement or training figure was published in the window.

Seychelles

[Mauritius Telecom CEO Veemal Gungadin announced a cross-border payments partnership between Mauritius and Seychelles fintech Eboo on 16 July 2026](#), at the AllMyT Summit, as the first of a planned series of Indian Ocean regional payment announcements. No operational detail, launch date or terms were given.

Tanzania

Three external tracks opened in one week, none priced. On 17 July [cooperation frameworks were agreed with Brazil and Poland on AI strategy, digital government and cybersecurity research](#), with memoranda proposed and none signed; [youth and technology-skills agreements with Russia were in drafting](#). On 24 July the ministry's permanent secretary signed a [memorandum in Shanghai covering ICT infrastructure, AI, digital public service infrastructure, developing local professionals, and manufacture and assembly of digital equipment](#). The ministry's own release states no commitment amount, term or financing structure.

Togo

The [indicative cooperation programme with Luxembourg for 2026-2031 is in force](#), carrying a digital transformation component inside a package of EUR 78,550,000. The two accounts held date the signing a day apart.

Zimbabwe

The cross-border fibre corridor from Plumtree to Bulawayo runs under a public-private partnership signed in June 2025; no investment amount was disclosed by either party ([corridor account](#)).

Figures are dated because most are time-varying: a figure carries the date it was true, not the date you are reading it. Where the base holds no reliable statement, the document says **Not held** rather than leaving a silence — those are counted, and listed at the end.

This is a dated edition and is not revised after publication. If a figure here has moved, the current edition will say so.
