

## TWELVE-MONTH PROGRESS REPORT

# Literacy: progress report, 2025-08-01 to 2026-08-24

Edition of 2026-08-24 · compiled from the Data Landscapers source base

22 places. Every table below is carried verbatim from that place's own progress report; nothing is written here.

**Movement values.** *Advanced* — a system entered service, a stage was completed or an instrument was made. *Stalled* — a stated target passed without delivery. *Regressed* — an instrument was withdrawn or neutralised, or a measured position worsened. *Closed* — the programme ended. *No change* — the position at both ends is the same. *Baseline not held* — the base carries no position at the start of the period, so no movement can be stated. A value may carry a qualifying clause after a comma, as in *Advanced, slipped*.

The place reports do not share one window; the period above is the range they span.

## Angola

| SYSTEM OR INSTRUMENT                       | AT 2025-08-01 | AT 2026-08-23                                                                                                                                                             | MOVEMENT |
|--------------------------------------------|---------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------|
| Ngola Digital school computer laboratories | Did not exist | More than 2,000 computers installed across 88 schools nationwide on the minister's own count, the latest a 25-computer laboratory serving 3,051 students at a polytechnic | ADVANCED |

|-----------------------------------------------|-------------------|--------------------------------------------------------------|-------------------|
| Domestic AI authorship and frugal-AI argument | BASELINE NOT HELD | A strategy co-author's frugal-AI argument, published 2026-07 | Baseline not held |

## Botswana

| SYSTEM OR INSTRUMENT                              | AT 2025-08-01     | AT 2026-08-24                                     | MOVEMENT          |
|---------------------------------------------------|-------------------|---------------------------------------------------|-------------------|
| Regulator school ICT and cyber-awareness training | BASELINE NOT HELD | Four schools reached; no national coverage figure | Baseline not held |

## Burkina Faso

| SYSTEM OR INSTRUMENT                          | AT 2025-08-01            | AT 2026-08-24                                                                                                                                                                                 | MOVEMENT                 |
|-----------------------------------------------|--------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------|
| Financial-education campaign with an operator | <b>BASELINE NOT HELD</b> | A partnership running since 2025 and extended in 2026 to four cities, with 72-hour sessions on budgeting, savings, credit and consumer protection and participants acting as community relays | <i>Baseline not held</i> |

## Cameroon

| SYSTEM OR INSTRUMENT               | AT 2025-08-01                                                                             | AT 2026-08-23                                                                                                                                                                    | MOVEMENT         |
|------------------------------------|-------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------|
| Digital financial-literacy project | Running since June 2024 in Senegal and Cameroon                                           | Closed on 2026-07-15; a digital financial-services comparison platform left with no funded data-update mechanism, offered to both states and neither reported as having accepted | <b>CLOSED</b>    |
| Bank-fee comparison platform       | A web and mobile application comparing bank charges and loan costs, commercial banks only | The same scope; neither committed extension is recorded as landed                                                                                                                | <b>NO CHANGE</b> |

## Cote d'Ivoire

| SYSTEM OR INSTRUMENT                        | AT 2025-08-01                          | AT 2026-08-24                                                                                                                                            | MOVEMENT                 |
|---------------------------------------------|----------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------|
| Education digitalisation baseline study     | Did not exist; work began October 2025 | Conceptual framework, sampling plan and collection tools technically validated, awaiting ministerial validation before national collection               | <b>ADVANCED</b>          |
| National-language civil-registration relays | Did not exist                          | National-language announcers trained as community relays on civil registration and the identification number, with community collection points to follow | <b>ADVANCED</b>          |
| Birth-declaration rate                      | <b>BASELINE NOT HELD</b>               | Below 60%, against a stated near-universal ambition                                                                                                      | <i>Baseline not held</i> |
| Innovation and culture centres in schools   | <b>BASELINE NOT HELD</b>               | Nine centres operating in interior schools, with twenty more announced for 2026                                                                          | <i>Baseline not held</i> |
| National education digitalisation project   | <b>BASELINE NOT HELD</b>               | Six of eight components complete, with the agreement still to be signed                                                                                  | <i>Baseline not held</i> |

## DR Congo

| SYSTEM OR INSTRUMENT                                                | AT 2025-08-01 | AT 2026-08-23                                                                                                                                                                                                                                           | MOVEMENT        |
|---------------------------------------------------------------------|---------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------|
| National digital code awareness campaign                            | Did not exist | 2,000 young volunteers mobilised for 30 days at two publications a day on the code's provisions on cybersecurity, data protection and responsible internet use, carried by the digital economy ministry with UNDP support                               | <b>ADVANCED</b> |
| National policy on information technology in education and training | Did not exist | A common reference framework for integration, governance, use and regulation of information technology across education, higher education, research, vocational training and literacy, on 19 operational principles in six normative families           | <b>ADVANCED</b> |
| Youth ambassadors network against cyberviolence                     | Did not exist | A national police network of youth ambassadors against digital gender-based violence, launched with UN Police and a regional youth leadership chapter, its first session training and certifying 46 people aged 18 to 30 as community prevention relays | <b>ADVANCED</b> |

## Egypt

| SYSTEM OR INSTRUMENT                               | AT 2025-08-01                                                 | AT 2026-08-23                                                                                                                        | MOVEMENT                 |
|----------------------------------------------------|---------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------|--------------------------|
| Digital financial literacy barrier to mobile money | No Egyptian digital-literacy measure is on file at 2025-08-01 | Among Egyptians aware of mobile money but holding no account, not knowing how to use the service affects 21% of women and 15% of men | <b>BASELINE NOT HELD</b> |

## Eswatini

| SYSTEM OR INSTRUMENT                                   | AT 2025-08-01     | AT 2026-08-23                                                             | MOVEMENT                 |
|--------------------------------------------------------|-------------------|---------------------------------------------------------------------------|--------------------------|
| Published guidance on digital workplace transformation | Baseline not held | One published work on file; no national literacy programme or measurement | <b>BASELINE NOT HELD</b> |

## Gabon

| SYSTEM OR INSTRUMENT                                   | AT 2025-08-01     | AT 2026-08-24                                                                               | MOVEMENT                 |
|--------------------------------------------------------|-------------------|---------------------------------------------------------------------------------------------|--------------------------|
| Basic computing and internet certificate for education | Not on the record | A draft decree only, with no syllabus, awarding body, cohort target or start date published | <b>BASELINE NOT HELD</b> |

## Gambia

| SYSTEM OR INSTRUMENT                           | AT 2025-08-01 | AT 2026-08-24                                                                                                                                                                                                                               | MOVEMENT        |
|------------------------------------------------|---------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------|
| Rural women and girls digital rights programme | Did not exist | 400 women and girls trained across four regions, with 40 community broadcasters and 80 peer mentors; the implementer names unreliable internet, high data costs and unreliable electricity as the obstacles to continued practice (2026-07) | <b>ADVANCED</b> |

## Ghana

| SYSTEM OR INSTRUMENT                | AT 2025-08-01            | AT 2026-08-24                                                                                           | MOVEMENT                 |
|-------------------------------------|--------------------------|---------------------------------------------------------------------------------------------------------|--------------------------|

Figures are dated because most are time-varying: a figure carries the date it was true, not the date you are reading it. Where the base holds no reliable statement, the document says **Not held** rather than leaving a silence — those are counted, and listed at the end.

This is a dated edition and is not revised after publication. If a figure here has moved, the current edition will say so.
