Governance

Strategies, plans and policies

- مجلس الوزراء يصادق على بيانين حول الحماية من مضار الفضاء الرقمي وتنظيم منتهى الجاليات الموريتانية في الخارج — Agence Mauritanienne d'Information (AMI), 16 September 2026 MAURITANIA

Mauritania's Council of Ministers took a statement on 16 September 2026 proposing a national framework on minors' use of social media, with an access threshold at 16. It would switch off recommendation algorithms, infinite scroll and autoplay for minors by default, ban advertising aimed at them and add a reporting route for children harmed online; no draft text has been published. *Also under [Legislation and regulation](#).*

- **Vodacom, Kenya to appeal court ruling voiding Safaricom sale** — Connecting Africa, 16 September 2026

KENYASOUTH AFRICA

Vodacom and Kenya's Treasury both said on 16 September 2026 that they will appeal the High Court ruling that voided the sale of a 15% government stake in Safaricom. The court found the deal lacked meaningful public participation and hid material information, and ordered the stake returned to the state. *Also under [ICT Industry](#).*

- **Spectrum Allocation Politics: How Governments Shape Telecom Competition** — TechTrends Africa, 16 September 2026

NIGERIASOUTH AFRICA

A TechTrends analysis argues that spectrum allocation is industrial policy in all but name, contrasting Nigeria's 2026 push for more predictable assignment with South Africa's auction delayed for close to a decade by disputes over its rules. *Also under [Connectivity](#).*

- **Prévisions météo : transformer l'alerte en action pour mieux protéger les populations** — La Nation, 16 September 2026

DJIBOUTI

Djibouti's meteorological agency and its disaster risk secretariat held regional workshops in Ali-Sabieh and Tadjourah under the WISER programme, working with local officials, farmers and herders on turning forecasts into early action. *Also under [Open data](#) and [Training and skills](#).*

- **Opposition: Our irreducible minimums to IEBC** — Daily Nation, 16 September 2026

KENYA

A Kenyan opposition and civil-society coalition led by former Chief Justice David Maraga set five electoral demands for 2027, including an independent international audit of the voter register and biometrics and mandatory biometric voter identification. It also wants the electoral commission's technology policy, source code and procurement specifications published by 30 September 2026. *Also under [Digital Identity and CRVS](#), [Data protection](#) and [Public debate and participation in policymaking](#).*

- **Ministro Mário Oliveira lança serviço de internet 'Tudonosso' na Baía Farta** — Angop (Angola Press Agency), 16 September 2026 ANGOLA

Angola Telecom switched on its Tudonosso fibre-to-the-home service at the 1,000-dwelling Baía Farta housing centre in Benguela on 16 September 2026, the first site of a project the telecoms minister placed within the national broadband network. *Also under [Connectivity](#).*
- **Ministro da Saude anuncia aposta em novas fontes de financiamento e digitalizacao para reduzir desperdicios** — Expresso das Ilhas, 16 September 2026 CAPE VERDE

Cabo Verde's health minister said on 16 September 2026 that sharing clinical records and test results across health facilities would stop patients repeating examinations as they move between islands. He set digitalisation beside new financing sources as Global Fund support declines. *Also under [Sectoral management information systems](#).*
- **Malawi drops expiry dates on national IDs** — Malawi24, 16 September 2026 MALAWI

Malawi's homeland security minister ordered on 16 September 2026 that national identity cards be issued without expiry dates from that day. He gave the order at the launch of the Nzika digital ID wallet, which lets citizens show government credentials on a phone by QR code. *Also under [Digital Identity and CRVS](#).*
- **Liberia: CBL's New Financial Inclusion Plan Hinges on ID, Business Registry Reforms** — FrontPage Africa, 16 September 2026 LIBERIA

Liberia's draft national financial inclusion and education strategy went through a two-day validation and will be revised. Participants said its success depends on the identity registry, business registration and credit reference systems, and parts will need legislation and budget. *Also under [Digital Identity and CRVS](#), [Registries](#) and [Access to services](#).*
- **Kenya floats tender for national fibre backbone, cross-border links** — TechTrends Kenya, 16 September 2026 KENYA

Kenya's backbone tender will be scored 80% on technical factors and 20% on cost, with winning bidders required to disclose beneficial ownership. Public-sector fibre stood at 30,454km in 2026, up from 22,486km in 2022. *Also under [Connectivity](#).*
- **Guinée équatoriale : coupure de Facebook et TikTok** — Seneweb, 16 September 2026 EQ. GUINEA

Facebook and TikTok have been unreachable in Equatorial Guinea without a VPN since 2 September 2026, with internet speeds throttled, AFP reports. The restrictions followed a viral video accusing Vice-President Teodoro Nguema Obiang of corruption; its author was arrested. *Also under [Connectivity](#).*
- **FG Sets December Deadline for 95% NIN Coverage** — ThisDay, 16 September 2026 NIGERIA

Nigeria's government set December 2026 as the deadline for 95% national identity number coverage, announced on National Identity Day. Officials put the database at close to 140 million and said physical e-ID cards will be issued before the end of the year. *Also under [Digital Identity and CRVS](#).*
- **Eswatini seeks responsible AI use through national strategy** — Eswatini Positive News, 16 September 2026 ESWATINI

Eswatini has hired a consultant to draft a national AI strategy, the ICT minister's representative said at a COMESA regional validation meeting in Ezulwini on 16 September 2026. *Also under [AI](#).*

- **Eswatini hosts regional push for practical AI policies** — Times of Eswatini, 16 September 2026

ESWATINI

AFRICA

Eswatini is hosting a three-day COMESA meeting, opened on 16 September 2026, to validate a draft study on AI and emerging technologies. It precedes work on a regional AI strategy, model policy guidelines and a model regulatory framework under the World Bank-funded IDEA programme. *Also under [AI](#) and [Regional collaboration](#).*

- **Cote d'Ivoire-AIP/ PND 2026-2030 : le ministre Djibril Ouattara presente les sept piliers de l'acceleration numerique** — Agence Ivoirienne de Presse, 16 September 2026

CÔTE D'IVOIRE

Côte d'Ivoire's digital minister presented seven pillars and 40 projects for the digital part of the 2026-2030 development plan, from universal connectivity and interoperable administration to AI, cybersecurity and skills. The target is to raise the digital economy from an estimated 6 to 8% of GDP to 15% by 2030. *Also under [Connectivity](#) and [AI](#).*

- **BoG urges digital asset businesses to build compliance into operations at Digital Assets Summit Africa** — MyJoyOnline, 16 September 2026

GHANA

The Bank of Ghana told a digital assets summit on 16 September 2026 that firms should build compliance, transparency and customer asset protection into their operations from the start. The organiser named the virtual assets law passed in December 2025 as the main change since the previous edition. *Also under [Digital Payments](#) and [Fintech](#).*

- **Amodei wants to slow the AI frontier. Africa is still trying to reach it** — TechCabal, 16 September 2026

AFRICA

A TechCabal commentary sets Anthropic chief executive Dario Amodei's call to slow the pace of frontier AI against Africa's position, arguing that the continent's AI debate starts from access, compute and skills rather than from racing ahead. *Also under [AI](#), [US / hyperscaler activities](#) and [China activities](#).*

- **AI outpaces regulation as risks grow, report warns** — The Standard, 16 September 2026

KENYA

The 2026 International AI Safety Report, presented at Daystar University in Kenya, warns that general-purpose AI is advancing faster than regulation. It notes at least 700 million weekly users of leading systems, with adoption below 10% across much of Africa, Asia and Latin America. *Also under [AI](#).*

- **AI can drive economic growth across COMESA region - COMESA director** — Eswatini Positive News, 16 September 2026

EAST AFRICA

SOUTHERN AFRICA

A COMESA official told the regional AI validation meeting in Eswatini that AI could improve public services, agriculture, health and education across the region if member states invest in the skills, infrastructure and data it needs. *Also under [AI](#) and [Regional collaboration](#).*

Legislation and regulation

- **Économie : La cryptomonnaie est-elle légale au Bénin ? Peut-on payer ses impôts avec ?** — La Nation, 16 September 2026

BENIN

La Nation explains that no law in Benin bars individuals from holding cryptocurrency, but it is not legal tender in the West African monetary union and no merchant must accept it. Taxes cannot be paid in it directly, and the union's own framework for crypto-assets is still being built. *Also under [Digital Payments](#) and [Fintech](#).*

- **Southern African Regulators Call For More Agile Digital Regulation** — Broadcast Media Africa, 16 September 2026

MALAWI

SOUTHERN AFRICA

Southern African communications regulators meeting in Mangochi, Malawi, for the 46th executive committee of their association, CRASA, called for more agile and collaborative regulation as AI, satellite services and cross-border platforms reshape the sector. Host regulator MACRA's director-general urged more knowledge sharing and harmonised approaches. *Also under [Regional collaboration](#) and [AI](#).*

- **Macra says SADC watchdogs should keep regulatory frameworks up to date with tech developments** —

Telecompaper, 16 September 2026

MALAWI

SOUTHERN AFRICA

Malawi's regulator head, chairing the Southern African regulators' association CRASA, urged members at its 46th executive committee to replace outdated frameworks with rules that keep pace with technology. *Also under [Regional collaboration](#).*

- **Liberia: Prime Credit Sues Central Bank, Demands Nearly US\$1.2M Over Credit Bureau Dispute** — FrontPage Africa, 16 September 2026

LIBERIA

Prime Credit Reference Bureau is suing the Central Bank of Liberia for US\$1,180,953, alleging the bank never supplied or ordered lenders to supply the loan data its November 2025 licence depended on. It says the bank later wrote that it lacked clear authority to license private bureaux; the claims are untested. *Also under [Registries](#).*

- **Kamera za barabarani Zanzibar zaibua mjadala kila kona** — Mwananchi, 16 September 2026

TANZANIA

Zanzibar's automated road cameras, which catch speeding, phone use and red-light running, drew criticism in the House of Representatives over the 50 km/h limit, the Sh230,000 fine and the absence of action against government drivers. The deputy works minister said raising the limit would be examined. *Also under [Other GovTech](#) and [e-Gov](#) and [Public debate and participation in policymaking](#).*

- **Governo aprova novo regulamento para reforçar a Segurança Postal e proteger o Comércio Electronico** — MZNNews, 16 September 2026

MOZAMBIQUE

Mozambique's Council of Ministers approved a Postal Security Regulation on 15 September 2026, setting controls against theft, fraud and cyber threats to the postal network as e-commerce parcels increase. *Also under [Cybersecurity](#).*

- مجلس الوزراء يصادق على بيانين حول الحماية من مزار الفضاء الرقمي وتنظيم منتدى الجاليات الموريتانية في الخارج — Agence Mauritanienne d'Information (AMI), 16 September 2026

MAURITANIA

- **RDC-Pass : lancement de la formation des 50 premiers agents d'enregistrement** — 7sur7.cd, 16 September 2026

DRC

DR Congo began training the first 50 enrolment agents for its RDC-Pass digital identity platform on 15 September 2026, three months after its launch. The digital economy minister said RDC-Pass is an authentication tool, not a national identity card, and does not replace civil registration. *Also under [Digital Identity and CRVS](#), [Training and skills](#) and [Other GovTech](#) and [e-Gov](#).*

- **NHRC, AccountabilityLab Seek Coordinated Response to Digital Rights Violations** — ThisDay, 16 September 2026

NIGERIA

Nigeria's human rights commission and AccountabilityLab called for coordinated mechanisms so victims of digital rights violations can get justice quickly, at a meeting of agencies, regulators, lawyers, media and technology firms in Abuja. *Also under [Public debate and participation in policymaking](#).*

- **International Identity Day shifts focus beyond coverage to trust** — Biometric Update, 16 September 2026

GLOBAL

SUB-SAHARAN AFRICA

International Identity Day 2026 turned the emphasis from population coverage to trust, with ID4Africa's executive chairman arguing that identity systems should be judged on whether they are useful, secure and under people's control throughout their lives. *Also under [Digital Identity and CRVS](#).*

- **Hollard rejects hacking claim, points to MIP cyber breach** — ITWeb South Africa, 16 September 2026

SOUTH AFRICA

An extortion attack on insurance technology provider MIP Holdings, detected on 14 June 2026, exposed personal data linked to customers of about 45 South African insurers. Hollard said a ransomware group's claim against it traced to that incident, not to its own systems. *Also under [Cybersecurity](#).*

- **Opposition: Our irreducible minimums to IEBC** — Daily Nation, 16 September 2026

KENYA

- **Traders support revenue agency's multi-vendor cargo tracking system** — The Star (Kenya), 16 September 2026

KENYA

EAST AFRICA

Importers, exporters and logistics firms welcomed the Kenya Revenue Authority's decision to open the regional electronic cargo tracking system to private seal vendors. The Shippers Council of Eastern Africa expects competition to end seal shortages that have delayed transit cargo at Mombasa. *Also under [Other GovTech and e-Gov](#) and [Data Exchange](#).*

- **SADCOPAC turns oversight into action with 32 resolutions** — Eswatini Positive News, 16 September 2026

SOUTHERN AFRICA

Public accounts committees across SADC adopted 32 resolutions in Eswatini on 16 September 2026, committing each to map major digital transformation projects and review at least one digital system for value for money within 12 months. Oversight is to extend to e-government, digital identity, e-procurement and e-payment systems. *Also under [Other GovTech and e-Gov](#) and [Digital Payments and Fintech](#).*

- **Recensements généraux de la population et de l'habitat: L'Afrique de l'Ouest veut harmoniser ses méthodes** — La Nation, 16 September 2026

BENIN

WEST AFRICA

ECOWAS member states began validating a practical guide for population and housing censuses in Cotonou on 15 September 2026, meant to make West African census data more reliable and comparable across countries. *Also under [National statistics and Standards](#).*

- **Liste des API Business PI-SPI homologuées par la BCEAO (septembre 2026)** — BCEAO, 16 September 2026

WEST AFRICA

The BCEAO's list of September 2026 names 23 participants whose business APIs are certified on the regional instant payment platform: nine in Senegal, seven in Côte d'Ivoire, two in Niger and one each in Benin, Burkina Faso, Guinea-Bissau, Mali and Togo. *Also under [Digital Payments and Fintech](#) and [Standards](#).*

- **Lancement officiel du passeport biométrique AES : le Niger se dote d'un nouveau document de voyage aux normes internationales** — ActuNiger, 16 September 2026

NIGER

Niger opened mass enrolment for the Sahel confederation's biometric passport in Niamey on 15 September 2026, with enrolment kits to go to every region and the diaspora. An ordinary passport costs 45,000 FCFA and runs five years, with online pre-enrolment through mobile money services. *Also under [Digital Identity and CRVS](#).*

- **KOAFEC 2026: Korea and Africa adopt ambitious roadmap to accelerate continent's digital transformation** — African Development Bank Group, 16 September 2026 AFRICA

Korea, 45 African countries and the African Development Bank adopted a joint declaration and a 2027-2028 action plan in Seoul on 9 September 2026 centred on AI, digital infrastructure and skills. The plan names thirteen initiatives, among them a regional data embassy in Sierra Leone and compute credits for African AI start-ups; no sums are attached. *Also under [AI](#), [Data Storage](#) and [MoUs and other agreements](#).*

- **Communiqué : Homologation des API Business de la Plateforme Interopérable du Système de Paiement Instantané (PI-SPI) de l'UEMOA** — BCEAO, 16 September 2026 WEST AFRICA

The BCEAO certified the business APIs of a first group of participants on the regional instant payment platform on 16 September 2026, letting firms send and receive payments, submit bulk settlements and track transactions across the monetary union whatever the other party's provider. *Also under [Digital Payments and Fintech](#) and [Standards](#).*

- **AU tasks INEC on readiness for 2027 polls** — The Authority News, 16 September 2026 NIGERIA

An African Union pre-election mission, in Nigeria from 13 to 19 September 2026, asked the electoral commission for details of its readiness for the 2027 elections on voter registration, technology, logistics and funding. The mission described its role as supportive, not supervisory. *Also under [Other GovTech and e-Gov](#) and [Digital Identity and CRVS](#).*

- **African Development Bank and Korea's National Information Society Agency deepen partnership on Africa's AI and digital transformation** — African Development Bank Group, 16 September 2026 AFRICA

The African Development Bank and Korea's National Information Society Agency signed a three-year letter of intent in Seoul on 9 September 2026 on data governance, AI-ready datasets and digital public infrastructure. The agency provides expertise and the bank identifies priorities and financing. *Also under [MoUs and other agreements](#) and [AI](#).*

ABOUT THIS DOCUMENT

EDITION	2026-09-17
RETENTION	Kept until 2026-09-24. Older bulletins: the country pages and the monthly reports.
THIS FILE	https://corpus.data-landscapers.io/bulletin/corpus-bulletin-2026-09-17.pdf
FEEDBACK	info@data-landscapers.io
LICENCE	CC BY 4.0

This bulletin is produced automatically at the end of each data collection sweep but only includes items published on the day cited in the edition, and the previous day. Items published in the last month can be found on the [country pages](#). The links to all items stored in the corpus can be found in the [catalogue](#).

Bulletins are kept for a week — the last week's editions are listed above, each at its own dated address — and are then deleted. Older material is in the country pages and the monthly reports.
