ARTIFICIAL INTELLIGENCE IN THE HIGHER SCHOOLS OF ECONOMICS

- **بداري يأمر بتحديث التكوين وإدراج الذكاء الاصطناعي في المدارس العليا للاقتصاد** — Echorouk El Yawmi, 10 September 2026

  The higher education minister has directed the five higher schools specialising in economics, finance and management to modernise their training and embed artificial intelligence, at a working meeting at the Kolea hub. He set the instruction out on his own social-media account, and no curriculum, timetable or funding accompanies it.

Angola

TELECOMMUNICATIONS INSTITUTE AND OPERATOR TRAINING PROTOCOL

- **ITEL e TV Cabo assinam acordo de cooperação para capacitar jovens** — Angop (Angola Press Agency), 4 September 2026

  Angola's Telecommunications Institute (ITEL) and the pay-TV operator TV Cabo signed a cooperation agreement in Luanda on 3 September 2026 at the institute's FITITEL 2026 technology fair. TV Cabo will offer internships to students and supply internet services to the institute, including access for students' coursework.

Benin

DIGITAL CLASSROOMS IN GENERAL SECONDARY SCHOOLS

- **Bénin : Enseignement secondaire : Le Gouvernement accélère la transformation numérique avec 628 équipements informatiques** — Gouvernement de la République du Bénin (APO Group), 12 September 2026

  UNICEF handed Benin's Ministry of Secondary Education 628 items of computer equipment on 11 September 2026, including desktops, laptops, projectors and printers, for 43 secondary schools in nine departments and eight departmental education offices. The equipment will set up 12 new digital classrooms, adding to 55 already in place in UNICEF's areas. No value is given.

Burkina Faso

ADAPTED COMPUTING COURSE FOR VISUALLY IMPAIRED PUPILS AND STUDENTS

- **Formation en informatique : 70 élèves et étudiants en situation de handicap visuel outillés** — Sidwaya, 13 September 2026

  Burkina Faso's national association of blind and visually impaired students, ANEAM, trained 70 pupils and students in adapted computing in Ouagadougou from 7 to 11 September 2026, its fifth such course. Three levels ran from Word and Excel basics to internet search, email and artificial intelligence. The association's president said participants lack computers to practise on afterwards.

ARTIFICIAL-INTELLIGENCE TRAINING FOR SECRETARIES GENERAL

- **Utilisation de l'intelligence artificielle : des secrétaires généraux à l'école des bonnes pratiques** — Sidwaya, 24 September 2026

  Burkina Faso's digital transition ministry trained the secretaries general of ministries and institutions in the use of artificial intelligence in Ouagadougou on 24–25 September 2026. The course covered generative AI tools and which administrative data can be entered into them without disclosing confidential information.

Central African Republic

DIGITAL-GOVERNANCE TRAINING PARTNERSHIP WITH RUSSIA'S HSE UNIVERSITY

- **La Centrafrique tend la main à la Russie pour renforcer sa gouvernance numérique** — Afrique Sur 7, 9 October 2026

  The Central African Republic signed a five-year digital governance partnership with Russia, implemented through Moscow's HSE University, on 9 October 2026 at the Global Digital Forum in Moscow. It covers training for civil servants, joint research and case studies, and seminars. No cost or funding is stated.

Cote d'Ivoire

AI TRAINING FOR TECHNICAL AND VOCATIONAL TEACHERS WITH UNESCO

- **Trois mille enseignants bientôt formés à l'usage pédagogique de l'IA** — Agence Ivoirienne de Presse (AIP), 18 September 2026

  Côte d'Ivoire launched a project on 17 September 2026 to train about 3,000 teachers, supervisors and heads of technical and vocational schools in the teaching use of AI by 2027, with UNESCO support. The pilot starts in Abidjan before national extension and includes modules on AI ethics and data security. It planned 1,000 participants but had 1,907 enrolled at launch.

Djibouti

TECHKID CODING AND ROBOTICS PROGRAMME

- **Clôture de TechKid 2026 : Une nouvelle génération de TechLeaders à Djibouti** — La Nation, 10 September 2026

  The first cohort of Djibouti's TechKid programme completed seven weeks of coding, robotics and artificial intelligence at the national technology and innovation centre. Ten children aged 9 to 16 presented their work to parents, mentors and trainers.

D-CLIC DIGITAL-SKILLS TRAINING PROGRAMME

- **Djibouti et l'OIF ciblent les métiers de la cybersécurité pour insérer la jeunesse** — wearetech.africa, 7 October 2026

> The Francophonie organisation and Djibouti's education and vocational training ministry signed an agreement to train 200 young people in web and mobile development and in network infrastructure and cybersecurity. It extends a programme that the organisation says has trained 200 since 2022.

Egypt

ARTIFICIAL INTELLIGENCE AND CYBERSECURITY TRAINING FOR JUDICIAL OFFICIALS

- **Egypt expands AI training for judicial officials** — ITWeb Africa, 1 September 2026

  Egypt is expanding artificial-intelligence and cybersecurity training inside its judiciary under a cooperation agreement between the National Telecommunications Institute and the State Lawsuits Authority.

COOPERATION PROTOCOL ON DIGITAL TRANSFORMATION AND AI CAPACITY BUILDING

- **ICT Minister, SLA President Witness Signing of Cooperation Protocol on Digital Transformation, AI Capacity Building** — Ministry of Communications and Information Technology (Egypt), 31 August 2026

  Egypt's National Telecommunication Institute and the State Lawsuits Authority signed a cooperation protocol on 31 August 2026 covering training in digital transformation, artificial intelligence and cybersecurity for the authority's counsellors. It continues the AI Ambassadors Program, whose second cohort is now under way. No protocol number, cost or date of effect is given.

INSTRUCTOR CERTIFICATION PROGRAMME WITH A NETWORK VENDOR

- **Egypt, Cisco to train 3,000 AI instructors** — Connecting Africa, 2 September 2026

  Egypt's National Telecommunication Institute and Cisco signed a memorandum of understanding to train 3,000 certified technology instructors in support of the national AI strategy: 1,000 university faculty members and independent lecturers a year for three years, in data networks, cybersecurity, operating systems and AI. The target is the supply of people qualified to teach those subjects rather than the students directly. Cisco says its programmes have trained or mentored nearly 670,000 Egyptian students; no signing date is given.

CYBERSECURITY SUPERHERO ACADEMY

- **وزير الاتصالات: تخريج 6 آلاف متدرب يعكس تنامي الوعي بالأمن السيبراني** — Youm7, 12 September 2026

  More than 6,000 children and young people from every governorate graduated from the third cohort of Egypt's Superhero Academy cybersecurity programme on 12 September 2026, with communications minister Raafat Hindi attending. The academy is run by the National Telecommunication Institute with the telecoms regulator's computer emergency team, EG-CERT, and industry partners.

ENTERPRISE-SYSTEMS TRAINING PROTOCOL WITH A PRIVATE FIRM

- **Egypt's NTI Partners with Jupiter 2000 to Train Youth in Enterprise Resource Management** — Tech Africa News, 17 September 2026

  Egypt's national telecommunication institute, the communications ministry's capacity-building body, signed a protocol with a private firm to design and deliver training jointly for work in enterprise resource management systems, IT systems management and technical infrastructure, combining instruction with applied projects and workshops. No cohort size, duration or cost is published.

DIGILIANS PRESIDENTIAL DIGITAL-SKILLS INITIATIVE

- **Egypt invests up to EGP 1m per trainee in the Digilians digital-skills programme** — Ahram Online, 20 September 2026

Egypt pays training costs of EGP 500,000 to EGP 1 million per participant in its presidential Digilians digital-skills initiative, ICT ministry adviser Hesham Farouk said on 19 September 2026. Tracks cover AI, data science, software, digital arts and cybersecurity; about 40,000 applied for the first cohort and 1,674 were accepted. More than 50 companies are expected at an October jobs event.

DIGITAL TRANSFORMATION AND AUTOMATION TRAINING PROTOCOL WITH A DIGITAL-TWIN FIRM

- **Egypt's NTI Partners With 4DT.io to Train Youth in Digital Transformation and Automation** — Tech Africa News, 21 September 2026

  Egypt's National Telecommunications Institute agreed with digital-twin and automation firm 4DT.io, in Cairo on 19 September 2026, to train young people in digital transformation and automation. The programmes will mix classroom teaching, hands-on training and project work. No intake, length, cost or certification was stated.

COMMUNICATIONS AND LABOUR MINISTRIES' DIGITAL DEVELOPMENT MEMORANDUM

- **Communications Minister: Joint efforts to boost youth digital skills** — State Information Service (Egypt), 8 October 2026

  Egypt's communications and labour ministries signed a memorandum to digitise the labour ministry's work and run digital-skills programmes for its staff, graduates and job seekers.

Eswatini

DIGITAL SKILLS WORKSHOP SERIES AT THE NATIONAL TRADE FAIR

- **DIGITAL SKILLS OPEN NEW OPPORTUNITIES FOR ESWATINI'S FUTURE - Eswatini Positive News** — Eswatini Positive News - News Website, 2 September 2026

  Eswatini's Ministry of Information, Communications and Technology ran a digital skills workshop series at the 58th Eswatini International Trade Fair in Manzini, held from 28 August to 6 September 2026. Speakers from the University of Eswatini, the Royal Science and Technology Park and the private sector covered digital careers, coding and digital marketing.

SCHOOL ICT EQUIPMENT DONATION

- **Technology devices take schools into digital era – Handsome** — Independent News Eswatini, 15 September 2026

  Eswatini's education minister, Owen Nxumalo, said on 15 September 2026 that Taiwan has donated more than 1,140 computers and 60 printers to 49 schools, and that the cabinet has bought 40 interactive screens, installed in five schools per region, with 106 more schools to follow. He said the ministry has secured a US$4.75m Global Partnership for Education grant for technology in education, without giving its timing.

DIGITAL ESWATINI CHANGE AGENTS

- **E1.06BN DIGITAL ESWATINI PUTS PEOPLE BEFORE TECHNOLOGY** — Eswatini Positive News, 24 September 2026

  About 40 change agents from five ministries and parastatals held a change-readiness workshop in Mbabane on 24 September, assessing their own directorates ahead of implementation of the World Bank-financed Digital Eswatini Project (US$65 million, about E1.06 billion). They are to help public servants adjust to the new digital systems.

Gabon

PRIMARY-EDUCATION DIGITALISATION PROGRAMME

- **Gabon/Mouila : ouverture d'un séminaire sur la digitalisation à l'école primaire** — AGP - Agence Gabonaise de Presse, 25 September 2026

  Gabon's education ministry, with UNICEF and Airtel Gabon, opened a two-day training in Mouila on 25 September 2026 for primary teachers and head teachers in Ngounié province on the Learning Passport platform. Programme coordinator Fabrice Mabika said the pilot has grown from nine schools to 69 and is entering a scale-up phase, and that more than 120 schools are connected by satellite through Airtel Gabon.

Gambia

UNIVERSITY ICT PROVISION

- **Information, Technology & Communications – University Of The Gambia** — University of The Gambia, 3 September 2026

  The University of The Gambia's technology school offers three bachelor's degrees plus six-month diplomas in artificial intelligence, cybersecurity and data science. It is the widest named domestic provision the repository holds for the country.

NATIONAL LABOUR DIGITAL SKILL PROGRAMME

- **MoTIE Signs MoUs to Boost Digital Labour Skills** — New Global Media, 29 September 2026

  The Gambia's trade and employment ministry signed memoranda of understanding with the University of Applied Science, Engineering and Technology, the Civil Service University and the Indian Institute of Hardware Technology Gambia to deliver digital skills training under the World Bank-backed WARDIP programme. The three-year programme targets youth, women and persons with disabilities. No budget or participant figure is given.

Ghana

ONE MILLION CODERS PROGRAMME

- **Ghana's One Million Coders Programme Begins ICT Trainers' Training** — Tech Africa News, 1 September 2026

  Ghana's communications ministry began a five-day training of trainers in datacom and access network technologies under the One Million Coders Programme on 31 August 2026, running to 4 September at the Ghana-India Kofi Annan Centre of Excellence in ICT. Huawei experts deliver the course, and each certified trainer is expected to train at least 20 members of the public.

- **Digital skills training producing solution-driven youth for Ghana's future – Sam George** — MyJoyOnline, 13 September 2026

  Ghana's communications minister, Samuel Nartey George, said the government has signed agreements with 12 universities to put One Million Coders Programme courses into first-year programmes from this academic year, and that 141,954 learners had enrolled by August 2026. He spoke at the graduation of 26 trainees from a Plan International Ghana project backed by Nokia. The universities are not named.

- **One Million Coders programme enrols 141,954** — Graphic Online, 15 September 2026

Ghana's One Million Coders Programme had enrolled 141,954 accounts by August 2026, communications minister Samuel Nartey George said on 15 September. He said demand is highest for cybersecurity, data analytics and AI, and that 12 universities have signed agreements making its courses compulsory for first-year students from this academic year.

- **Ghana Reviews One Million Coders Programme After Beneficiaries Raise Training Challenges** — Tech Africa News, 13 October 2026

  Ghana's communications ministry is addressing training and infrastructure problems in the One Million Coders Programme after beneficiaries raised them in a monitoring exercise.

- **Gov't committed to expanding digital infrastructure and inclusion – Sam George | Ghana News Agency** — Ghana News Agency, 13 October 2026

  Ghana's communications minister presented 2,000 more laptops to a university for the One Million Coders Programme, where 195 of 1,447 enrolled students had completed the course. He said the ministry was working to open regional offices of the Cyber Security Authority.

- **Ghana's Sam George presents 2,000 laptops to KNUST as One Million Coders programme shifts focus** — Tech Review Africa, 14 October 2026

  Ghana's communications minister gave 2,000 more laptops to KNUST, adding to 500 given earlier, and said the One Million Coders Programme will now target third- and final-year students instead of first-years. He visited the university's Responsible AI Lab, which drafted the National AI Strategy launched in April 2026.

DIGITAL CERTIFICATIONS EMBEDDED IN UNIVERSITY DEGREES

- **Gov't signs MoUs with 11 universities to embed digital certifications in degree programmes** — MyJoyOnline, 7 September 2026

  Ghana signed memoranda with eleven universities to embed digital certifications into degree and diploma programmes.

AI AND ROBOTICS SUMMER BOOTCAMP

- **Ghana Launches AI and Robotics Bootcamp for 100 Young Innovators** — Tech Africa News, 9 September 2026

  Ghana's communications ministry has launched a five-day AI and robotics summer bootcamp for 100 students from 19 schools, split into four age cohorts covering coding, robotics and AI from ages 6 to 18. Younger participants work through visual and block-based activities and older ones through programming and design exercises.

AI EMPOWERED TRAINING FOR TVET FACILITATORS

- **TVET Service, UNESCO, KPMG and Microsoft partner to train 100,000 facilitators in AI and digital skills** — Ghana News Agency, 23 September 2026

  Ghana's TVET Service signed a memorandum with UNESCO, KPMG and Microsoft under the AI EmpowerED initiative to train at least 100,000 technical and vocational instructors in AI and digital skills. No cost or timeline was given.

NYAMRANSA MODEL ICT LABORATORY SCALE-UP POLICY

- **10 Years of Impact: Helping Africa Foundation calls for nationwide expansion of Nyamransa ICT model** — ModernGhana, 23 September 2026 GAMBIA LIBERIA

The US-based Helping Africa Foundation marked its tenth anniversary in Gbawe, Ghana, and called on African governments to expand its youth ICT laboratory model. It has supported more than 19 ICT demonstration labs in Ghana, The Gambia and Liberia, with more planned in Tanzania and Zanzibar. Ghana's education ministry will discuss a scale-up policy; no funding is stated.

AI FOR YOUTH PROGRAMME AGREEMENT WITH INTEL

- **Ghana signs agreement with Intel to expand AI for Youth programme** — MyJoyOnline, 24 September 2026

  Ghana signed an agreement with Intel on the sidelines of UNGA81 to expand the AI for Youth programme into K-12 schools, with Coral Reef and the Ministry of Education as partners. The gender minister signed on behalf of the First Lady; no value or timeline was given.

KOICA DIGITAL BASIC EDUCATION CAPACITY-BUILDING PROGRAMME 2026-2032

- **Korea-Ghana @ 50: a partnership anchored on mutual respect, trust and shared prosperity** — Ghanaian Times, 5 October 2026

  South Korea's ambassador to Ghana, Kyongsig Park, told the Ghanaian Times that the Korea International Cooperation Agency is launching a Digital Basic Education Capacity-Building Programme for 2026 to 2032 with a budget of US$28 million. He said Korea also supports an ICT innovation centre at the University of Ghana, and more than 1,800 Ghanaians have taken part in KOICA programmes.

DIGIMARKT ERASMUS+ DIGITAL LABS AT THREE TECHNICAL UNIVERSITIES

- **EU injects €250,000 into Ghana's TVET digital labs to boost skills training** — ModernGhana, 15 October 2026

  The EU-funded Erasmus+ DigiMarkt project, worth EUR 394,185, closed with a conference at USTED in Kumasi; EUR 250,000 of it went to three Ghanaian technical universities. The money set up digital labs of 25 computers each at USTED, Cape Coast and Bolgatanga, trained 63 lecturers abroad in 2025 and 450 students in the first half of 2026.

Guinea

NATIONAL DIGITAL ACADEMY (ANNG)

- **Souveraineté numérique en Guinée : L'ANDE au cœur de la création de l'Académie Nationale du Numérique** — Africa Guinee, 23 September 2026

  Guinea's state digitalisation agency ANDE presented the feasibility study for a National Digital Academy for validation at a Conakry workshop on 23 September 2026, with support from the World Bank-financed WARDIP programme. The academy would offer short certified courses in information systems, AI and cybersecurity, first for civil servants. The amended report goes to the authorities before launch.

FONDATION ORANGE GUINEE AND UNICEF SCHOOL DIGITISATION PARTNERSHIP

- **Éducation : la Fondation Orange Guinée et l'UNICEF signent un partenariat pour numériser 50 écoles** — Mediaguinee, 5 October 2026

  Fondation Orange Guinée and UNICEF signed a protocol at Conakry on 5 October to equip 50 schools across six regions with digital learning hubs. It also provides for training 500 adolescents in science and digital skills and for 100 scholarships and prizes; no budget is stated.

Kenya

RESPONSIBLE AI USE IN COMPETENCY-BASED STEM TEACHING

- **CEMASTEA champions responsible AI use in competency-based STEM education** — Kenya News Agency, 4 September 2026

  Kenya's Centre for Mathematics, Science and Technology Education in Africa (CEMASTEA) held a two-day workshop in Nairobi on 3–4 September 2026 on digital literacy for competency-based STEM teaching, attended by about 100 teachers, lecturers and specialists. Acting chief executive Gladys Masai warned that over-reliance on AI could weaken learners' independent thinking.

SHECONNECTS EMPOWERHER DIGITAL ACCELERATOR

- **KICTANet SheConnects EmpowerHer Digital Accelerator — Tana River Trainer of Trainers** — KICTANet, 9 September 2026

  Kenya's ICT policy network KICTANet held a three-day workshop in Tana River County from 9 to 11 September 2026 to train 100 women as trainers in its digital skills curriculum for women micro-entrepreneurs. Under its EmpowerHer project, 300 such trainers in Nairobi, Tana River and Nyandarua counties are to reach 15,000 women.

KFW DIGITALISATION OF VOCATIONAL TRAINING

- **D4TVET Tender 2026 - Prequalification of Implementation Consultant** — Tenderyetu, 22 September 2026

  Kenya's State Department for Technical, Vocational Education and Training opened international prequalification for a five-year implementation consultant on its Digitalization for TVET project, listed on 22 September 2026. KfW, AFD and the EU co-finance the project with loans and grants totalling some EUR 50m. No date is given for the financing agreements.

DATA CENTRE ACADEMY FOR ENGINEERING GRADUATES

- **IBTC Expands Data Centre Academy to Kenya with Schneider Support** — Startup Kenya, 23 September 2026

  IBTC launched its Data Centre Academy in Kenya at ITW & Datacloud Africa in Nairobi, with iXAfrica Data Centres and IMEX as delivery partners and Schneider Electric University providing the curriculum. The first cohort is five iXAfrica technical staff on a three-week placement. The Kenya programme is supported by the EU-co-funded Digital Investment Facility; no funding amount is given.

JITUME DIGITAL ENABLEMENT PROGRAMME

- **Kenya Commissions Jitume ICT Hub in Uasin Gishu as Digital Network Reaches 391 Sites** — Tech Africa News, 13 October 2026

  Kenya commissioned a Jitume ICT hub at a technical training campus in Uasin Gishu, taking the national network to 391 equipped sites and 23,387 devices. Of 253 technical and vocational institutions, 186 have the equipment and 67 still wait.

KENYA SCHOOL OF GOVERNMENT ELEARNING AND INFORMATION TECHNOLOGY INSTITUTE (ELITI)

- **Kenya Launches KSG Digital Institute as 1,239 Public Officers Graduate in AI Training** — Tech Africa News, 13 October 2026

  The Kenya School of Government launched an eLearning and Information Technology Institute as 1,239 public officers graduated from a UNESCO-Oxford programme on artificial intelligence and digital transformation in government.

Lesotho

SMART AFRICA DIGITAL ACADEMY IN LESOTHO

- **LESOTHO JOINED A CONTINENTAL ALLIANCE TO ADVANCE AI, DATA AND DIGITAL SKILLS PAVING THE WAY FOR THE ESTABLISHMENT OF THE SMART AFRICA DIGITAL ACADEMY. - Government of Lesotho** — Government of Lesotho, 12 October 2026

  Lesotho's communications minister took part in the 21st Smart Africa Alliance meeting, and government said efforts are under way to establish the alliance's digital academy in the country. Lesotho joined the alliance in 2025.

Liberia

UNIVERSITY ONLINE-TUITION AND SMART-CLASSROOM PARTNERSHIP

- **UL Signs Tripartite Partnership** — Liberian Observer, 7 September 2026

  A tripartite memorandum signed on 27 August has a foreign online university covering 97% of online tuition for more than 200 students of the national university, with three smart classrooms due in 2027. No commitment amount is stated.

UNIVERSITY OF LIBERIA MASTER'S PROGRAMME IN ARTIFICIAL INTELLIGENCE

- **Building Liberia's AI Future - UNDP, UL Consult Stakeholders** — United Nations Development Programme (UNDP), 9 September 2026

  The University of Liberia, with UNDP support, is running national stakeholder consultations on establishing Liberia's first MSc in Artificial Intelligence, bringing together government institutions, development partners, academia, private-sector actors and civil society.

LIBERIA WOMEN'S DIGITAL AND ECONOMIC EMPOWERMENT PROGRAM

- **Gender Minister Signs Partnership with Cybastion Institute of Technology and Cisco System** — Liberia Broadcasting System (LBS), 23 September 2026

  Liberia's gender minister Gbeme Horace-Kollie signed a partnership with Cybastion Institute of Technology and Cisco Systems in New York on 22 September 2026 to build digital skills among women. Cybastion is to build, equip and run five technology and business hubs for women in Lofa, Margibi, Grand Bassa, Bong and Montserrado counties over 36 months. No cost is given.

- **Liberia and Cybastion Partner to Launch Women's Digital and Business Innovation Hubs** — Tech Africa News, 23 September 2026

  Liberia's gender ministry signed an agreement with Cybastion, on the sidelines of the UN General Assembly, for women's technology and business hubs with childcare: a Monrovia campus and regional sites in Voinjama, Gbarnga, Kakata and Buchanan. Training is to run through Cisco's Networking Academy; no cost or timetable was given.

YAMA RUSSELL MODEL LAB (HELPING AFRICA FOUNDATION ICT LABORATORY)

- **10 Years of Impact: Helping Africa Foundation calls for nationwide expansion of Nyamransa ICT model** — ModernGhana, 23 September 2026 GHANA GAMBIA

  The US-based Helping Africa Foundation marked its tenth anniversary in Gbawe, Ghana, and called on African governments to expand its youth ICT laboratory model. It has supported more than 19 ICT demonstration labs in Ghana, The Gambia and Liberia, with more planned in Tanzania and Zanzibar. Ghana's education ministry will discuss a scale-up policy; no funding is stated.

Libya

WASL INITIATIVE FOR DIGITAL EMPOWERMENT AND ARTIFICIAL INTELLIGENCE

- الإعلان في طرابلس عن إطلاق مبادرة (وَصْل) للتمكين الرقمي والذكاء الاصطناعي بقطاع الشؤون الاجتماعية — Libyan News Agency (WAL), 10 October 2026

  Libya's Ministry of Social Affairs and the Minister of State for Digital Economy and Artificial Intelligence signed a memorandum launching the Wasl initiative at the Libya AI Forum in Tripoli on 10 October 2026. It has two tracks: digital and AI skills for social affairs staff, and digital access for persons with disabilities. No budget or timetable is given.

Madagascar

VOCATIONAL TRAINING MINISTRY AND ORANGE DIGITAL-SKILLS PARTNERSHIP

- **Madagascar Partners with Orange to Strengthen Digital Skills and Vocational Training** — Tech Africa News, 14 October 2026

  Madagascar's Ministry of Technical Education and Vocational Training signed a partnership with Orange Madagascar on 8 October on digital-skills training and matching vocational courses to labour-market demand. No budget or targets were given.

Mali

DIGITAL-SKILLS PROGRAMME FOR 15,000 YOUNG PEOPLE

- **Kabakoo académies et la DNEN lancent la première cohorte de leur partenariat pour renforcer les compétences numériques des jeunes au Mali** — Maliweb, 9 September 2026

  Mali's digital economy directorate and Kabakoo Academies launched the first cohort of 1,000 young people under a three-year agreement signed on 31 January 2026 to train 15,000 in digital and entrepreneurial skills, announced at Mali's digital week of 28 July to 1 August 2026. The four-month course is open to 18- to 35-year-olds and fees are covered by bursaries.

Mauritania

DIGITAL DOCUMENTATION TRAINING FOR EDUCATION INSPECTORS

- وزارة التربية تنظم دورة تكوينية لتعزيز قدرات المفتشين الرقمية — Le Quotidien de Nouakchott, 8 September 2026

  Mauritania's Ministry of Education opened a ten-day training course on 8 September 2026 for 20 secondary-school inspectors in documentation, archiving, librarianship and electronic document management. Secretary-general Sedfi Sidi Mohamed called for a modern documentation centre in the secondary inspectorate to store, classify and digitise its records.

Morocco

GÉNÉRATION AIOT TRAINING PROGRAMME

- **Le programme Génération AIoT vise 1 200 talents formés par an dès février 2027** — Consonews, 13 September 2026

  Morocco's Génération AIoT programme opened seven cohorts in Casablanca, Fès and Oujda, aiming at 1,200 trained people a year from February 2027. Launched in February 2026 by the digital transition ministry with a foundation and ABA Technology, it had drawn 2,118 applications and gathered 95 participants.

CIVIL-SERVICE DIGITAL TRAINING PARTNERSHIP (ENA AND ADD)

- **ENA and ADD join forces to make Morocco's government more digital** — 7News Morocco, 23 September 2026

  Morocco's National School of Administration and its Digital Development Agency signed a partnership on 22 September 2026 to train civil servants in digital transformation, AI, data management and change management. The number of officials to be trained and the programmes have not been announced.

EXECUTIVE LEADERSHIP PROGRAMME IN CYBERSECURITY

- **"Cyber Academy" Cybersecurity Training Program for African Leaders Kicks off in Rabat** — Maroc.ma (MAP), 6 October 2026 AFRICA

  Morocco's General Directorate of Information Systems Security and the World Bank, with the Smart Africa Digital Academy, opened the Cyber Academy executive training programme in Rabat on 5 October 2026 for leaders of African cybersecurity authorities. It covers strategic leadership, AI-driven threats and cyber crisis response. No participant numbers are given.

Niger

DIGITAL SKILLS CENTRE PARTNERSHIP WITH ALGERIA

- **Cooperation Niger Telecom - Algerie Telecom : Un partenariat pour renforcer les capacites des infrastructures telecoms du Niger** — Le Sahel, 9 September 2026 ALGERIA

  Niger's telecoms and post college ESCEP signed a convention with Algérie Télécom's Skills Centers network in Niamey on 8 September 2026, at a meeting chaired by the communication ministry's secretary-general. The agreement provides for a Skills Center at ESCEP with Algérie Télécom's support, aimed at training and the capacity of Niger's telecoms infrastructure. No cost is given.

- **Cooperation Niger - Algerie : Une delegation algerienne visite l'ESCEP dans le cadre d'un partenariat axe sur le numerique** — Le Sahel, 10 September 2026 ALGERIA

  Niger's telecommunications and post college received an Algerian mission led by the adviser for partnership and development of that country's operator skills-centre network. The visit follows a partnership accord of July aimed at establishing a digital competence centre, and is presented as reflecting the two heads of state's intent.

Nigeria

CITE-NITDA TECH STARS SCHOOLS PROGRAMME

- **NITDA and UNIPORT Conclude Tech Stars 2026 Training for Young Digital Innovators** — Tech Africa News, 2 September 2026

  NITDA and the University of Port Harcourt's Centre for Information and Telecommunication Engineering concluded the CITE-NITDA Tech Stars 2026 programme, the last of five one-month ICT training series run across Kwara, Jigawa, Gombe, Kano and Rivers states. The courses took primary and secondary school students through artificial intelligence, robotics, coding and data science, with certificates for all participants and laptops and tablets for the highest-placed.

FEDERAL DIGITAL TRAINING ACADEMY

- **FG Enrols 16,000 Nigerians in Maiden Digital Training Academy Cohort** — ThisDay, 9 September 2026

Nigeria's education ministry admitted 16,000 people to the first cohort of its free Digital Training Academy, from 72,850 applications received between 17 August and 1 September 2026, of which 19,699 met entry requirements. Training is delivered through Coursera and Pluralsight under the Nigeria Education Digital Infrastructure programme, with a national launch on 14 September.

- **FG Invests N10.5bn in Digital Training Academy to Equip Over 32,000 Nigerians** — ThisDay, 14 September 2026

  Nigeria launched a Digital Training Academy in Abuja with more than N10.5 billion to train over 32,000 young people in six-month online courses. The National Open University and Yaba College of Technology host study centres, and the academy certifies the 3 Million Technical Talent programme.

TETFUND ICT EXPERIENCE CENTRES

- **FG commits N6bn to boost ICT infrastructure, digital skills in 6 zones** — The Abuja Inquirer, 10 September 2026

  Nigeria's Tertiary Education Trust Fund (TETFund) has approved N1bn for an ICT Experience Centre in each of the six geopolitical zones, N6bn in all, and the South-East centre at the Federal Polytechnic, Oko, was commissioned by the First Lady on 10 September 2026. The centres are to train students and lecturers in AI, cybersecurity, robotics and software. The approval date is not given.

GATEWAY DIGITAL SKILLS PROGRAMME

- **Call For Applications: Mastercard/CcHUB Digital Skills GATEWAY Program 2026 for Nigerians** — MSME Africa, 14 September 2026

  The Mastercard Foundation and Co-Creation Hub opened applications for their GATEWAY programme, which aims to train 400,000 young Nigerians over five years for gig-economy work. Participants choose digital marketing, graphic design, UI/UX design or video production, on a beginner or an advanced pathway, with mentoring and career support.

OPERATOR FOUNDATION ICT AND BUSINESS SKILLS TRAINING

- **MTN Foundation Opens Phase 8 of ICT and Business Skills Training for Women Entrepreneurs** — TechTrends Africa, 19 September 2026

  The eighth phase of an operator foundation's skills programme narrowed its intake to young women running micro businesses in six states. Its grant pool is 100 million naira for 100 participants, against 300 million for 600 in the previous phase.

IDICE SKILLS-TO-JOBS PROGRAMME

- **iDICE: FG to offer digital, employability training for 50,000 North-Central youths - Prime Post** — Prime Post (NAN), 30 September 2026

  Nigeria's iDICE Skills-to-Jobs programme opened free digital and business-process-outsourcing training for 50,000 young people in North-Central Nigeria, announced on 30 September 2026. Tech4Dev, with TeleSoftas and Taltrix, will deliver it in Benue, Kogi, Kwara, Nasarawa, Niger, Plateau and the FCT, towards a national target of 300,000.

DIGITAL BRIDGE INSTITUTE AS AN ITU DIGITAL TRANSFORMATION CENTRE

- **Nigeria’s NCC to Leverage ITU Digital Centre to Expand Digital Skills Training** — Tech Africa News, 6 October 2026

Nigeria's Digital Bridge Institute has been designated an ITU Digital Transformation Centre, and the communications regulator says it will use the status to widen digital skills training for underserved groups. The work is tied to the national target of 95% digital literacy by 2030.

Rwanda

CYBERSECURITY COURSES IN TECHNICAL AND VOCATIONAL EDUCATION

- **Rwanda takes cybersecurity to TVET schools as first 24 teachers complete training** — The New Times, 9 September 2026

  Rwanda is introducing cybersecurity courses in technical and vocational education and training schools. The first cohort of 24 TVET teachers has completed a ten-day training-of-trainers programme to support the rollout. No cost, number of schools or start date for the courses is given.

Senegal

DIGITAL TRAINING PLAN FOR STATE EMPLOYEES

- **Formation au numerique des agents de l'Etat : Le plan elabore en cours de validation** — Seneweb, 10 September 2026

  Senegal's civil service ministry held a national workshop in Dakar to validate the digital training plan for state employees, which is now in validation. The one-day session was co-chaired by the civil service director-general and the telecommunications and digital minister's chief of staff.

- **Senegal boosts public sector digital skills** — ITWeb Africa, 11 September 2026

  Senegal launched a digital skills programme for civil servants, led by the public service ministry with Cheikh Hamidou Kane Digital University through the Mastercard Foundation-backed Force-N programme. Training covers data, artificial intelligence, cybersecurity and digital public services. Results will be tracked by completion rates, certifications and the inclusion of women. No cost, start date or number of trainees is given.

- **Senegal Validates National Digital Training Plan for Civil Servants** — Tech Africa News, 11 September 2026

  Senegal validated a national digital training plan for civil servants at a workshop on 10 September 2026, run by the public service ministry with the telecoms and digital ministry. Cheikh Hamidou Kane Digital University provides technical support through the FORCE-N programme, backed by the Mastercard Foundation; topics include data, AI, cybersecurity and digital public services.

- **Sénégal : un plan national de formation pour adapter l'administration à l'ère numérique** — wearetech.africa, 11 September 2026

  Senegal validated a national digital training plan for civil servants on 10 September 2026, setting common training content graded by role and responsibility. It covers digital tools, data management, information systems, online public services, artificial intelligence and cybersecurity, and is to be assessed by skills acquired and certifications obtained. No budget or timetable is given.

Sierra Leone

CIVIL SERVICE DIGITAL SKILLS PROGRAMME

- **Sierra Leone expands digital skills training for civil servants** — TechReviewAfrica, 20 September 2026

Sierra Leone's Ministry of Communication, Technology and Innovation is training civil servants in digital skills with the public administration ministry, the Human Resource Management Office and the Public Service Academy. In its second week, reported on 20 September 2026, the first cohort of administrative staff learned to draft letters and reports with AI tools and keep registers in Google Workspace; the cohort ends on 25 September.

South Africa

PROVINCIAL LOW-CODE SKILLS TRANSFER PROGRAMME

- **Microsoft skills training hailed as boost for Eastern Cape government** — ITWeb South Africa, 2 September 2026

  Microsoft and implementation partner NKUSI-IT Siyasebenza ran a three-day Power Apps skills-transfer programme for 20 IT specialists of the Eastern Cape Department of Cooperative Governance and Traditional Affairs, at the Steve Biko Centre in Ginsberg, Qonce, covering Power Apps, Power Automate, Power Pages and Dataverse. The partner's recommendation is a province-wide skills and adoption framework around AI and Copilot, cyber security and Azure, which is where a three-day course turns into a procurement position.

DIGITAL-SKILLS PIPELINE FROM SCHOOL TO EMPLOYMENT

- **SA is Not Future-Ready, Says Oosthuysen** — Business Explainer, 7 September 2026

  An industry argument that South Africa is not positioning itself as future-ready cites employer survey findings that about 55% of workers show little or no proficiency in mathematics or data skills, 52% of businesses find it difficult to hire anyone prepared for digital transformation and 70% rate workforce technology skills poor or very poor, against 118,500 unfilled ICT vacancies of which 36% are junior roles.

DIGITAL SKILLS IMPACT FUND

- **South Africa's digital jobs drive faces a $152 million funding test** — TechCabal, 16 October 2026

  At the CollectiveXChange 2026 summit in Johannesburg on 15 October, The Collective X, which coordinates South Africa's National Digital Skills Plan, reported R600 million mobilised in its Digital Skills Impact Fund and 4,000 beneficiaries so far, against a target of 500,000 young people in digital jobs by 2034. Yellowwoods estimated that reaching 20,000 more by 2028 would take R2.5 billion ($152 million) from existing skills funds, money not yet secured.

South Sudan

CYBERCRIME AND ELECTORAL PREPAREDNESS TRAINING

- **Over 20 Civil Society and security officials trained in Yei** — One Citizen Daily, 9 September 2026

  The Central Equatoria branch of the Union of Journalists of South Sudan trained more than 20 people from civil society, security bodies and the media in Yei River County on cybercrime, the Cybercrime and Computer Misuse Act 2026 and election preparedness. The session also covered responsible use of digital platforms and protection of personal information.

RUMBEK ICT HUB

- **MTN South Sudan Launches Rumbek ICT Hub to Boost Digital Skills and Innovation** — Tech Africa News, 9 September 2026

MTN South Sudan opened the Rumbek ICT Hub in Lakes State on 8 September 2026, a digital learning and innovation centre offering ICT training, learning resources and capacity-building for young people. It was launched with the Lakes State Government and endorsed by the national ICT minister; no cost, duration or intake figure is published.

Sudan

E-LEARNING AND BLENDED LEARNING REGULATION 2026

- بروفيسور بكري موسي عبد الكريم يكتب : على خُطى الجامعة الوطنية: قرار تاريخي باعتماد لائحة التعليم الإلكتروني في السودان — Aswat News, 13 September 2026

  The president of Sudan's National Council for Higher Education and Scientific Research approved the E-learning and Blended Learning Regulation 2026 by decision 138, signed and in force from 12 September 2026. An academic's commentary says it gives e-learning in higher-education institutions a formal legal basis rather than treating it as a wartime stopgap.

Tanzania

ICT COMPETENCY STANDARDS FOR TEACHERS

- **Tanzania's digital education transformation begins with the teacher** — Daily News (Tanzania), 5 September 2026

  Government secondary school teachers in Arusha, Tanzania, took a four-day ICT course from 1 to 4 September 2026 under UNESCO's ICT Transforming Education in Africa Phase III project, funded by the Korean Funds-in-Trust. It covered beginner and intermediate modules of the national ICT Competency Standards for Teachers, including school data management and digital assessment. No project cost is given.

- **ICT Competency Standards for Teachers in Tanzania** — Ministry of Education and Vocational Training, Tanzania / UNESCO Dar es Salaam, 2015

  Tanzania's education ministry and UNESCO's Dar es Salaam office set out ICT competency standards for teachers in 2015, adapting UNESCO's global framework across its six modules and two knowledge stages. The 2015 text revised a first version piloted in 2011 with World Bank and GESCI support, and its annexes add an implementation strategy for pre- and in-service teachers.

SAMIA SCHOLARSHIP EXTENDED DS/AI+ TRAINING CAMP

- **Serikali yaandaa vijana kwa uchumi kidigitali** — Timesmajira, 25 September 2026

  Tanzania's deputy education minister Wanu Hafidh Ameir met the 50 beneficiaries of the Samia Scholarship Extended DS/AI+ programme on 23 September 2026 at the Nelson Mandela African Institution of Science and Technology in Arusha. They are in a 10-month training camp in data science and artificial intelligence.

Togo

TOGO AI SUMMER SCHOOL

- **Togo AI summer School : 100 jeunes talents formés à l'intelligence artificielle et au Big Data** — Togo First, 4 September 2026

  One hundred students, researchers and professionals completed the first Togo AI Summer School, held from 24 to 29 August 2026 at the University of Lomé and run by Togo AI Lab. Participants were chosen from more than 300 applicants, including some from Benin and Niger, and trained in data science, data engineering, business intelligence and geographic information systems.

UNIVERSITY OF LOME COMPUTING AND ARTIFICIAL-INTELLIGENCE PROGRAMMES

- **Portail Inscription UL — Offre de formation** — Université de Lomé, 4 September 2026

  Togo's Université de Lomé lists its degree programmes on its enrolment portal. At the École Polytechnique de Lomé these include bachelor's degrees in software engineering, systems and networks, and artificial intelligence and big data, matching master's degrees and a doctorate in computer science. No enrolment or graduate figures are given, and the page is undated.

CORPORATE DATA-PROTECTION CORRESPONDENTS PROGRAMME

- **Technologie / Protection des données : le Togo accélère la mise en conformité de ses administrations** — Ahouévi Info, 17 September 2026

  Togo's data-protection authority briefed the heads of 33 ministries and public institutions on their obligations in processing, securing and protecting citizens' personal data, as part of making the 2019 data-protection law known across the administration. Focal points and certified data-protection correspondents are to be named.

DATA-PROTECTION AUTHORITY AND UNIVERSITE DE KARA MASTER'S CONVENTION

- **L'Instance de Protection des Données à Caractère Personnel (IPDCP) et l'Université de Kara signent une convention pour accompagner la transformation numérique et développer les compétences nationales** — Instance de Protection des Données à Caractère Personnel (IPDCP), Togo, 6 October 2026

  Togo's personal data protection authority (IPDCP) and the University of Kara signed a partnership agreement on 6 October 2026. It provides for a hybrid professional master's degree in digital law, cybersecurity, cyberdefence and data protection, developed with IPDCP technical and financial support, as well as joint research, workshops and internships. No cost is given.

Tunisia

ARTIFICIAL INTELLIGENCE IN VOCATIONAL TRAINING PROGRAMMES

- **وزير التشغيل يعلن إدراج الذكاء الاصطناعي في برامج التكوين المهني** — Al Chourouk, 7 September 2026

  Tunisia's employment minister said artificial intelligence is being added to vocational training, with twelve laboratories to be created in training centres from the new training year.

- **Formation professionnelle : Le Kef accueille son premier laboratoire d'IA en partenariat avec Tunisie Telecom** — Webdo, 18 September 2026

  Tunisia's employment and vocational training minister, Riadh Chaoued, announced on 17 September 2026 the creation of an artificial intelligence laboratory at the vocational training centre in Le Kef, in partnership with Tunisie Telecom. It is the first of 12 AI labs the ministry announced on 7 September for vocational training centres in 2026-2027. No cost is given.

CONTINENTAL EXECUTIVE PROGRAMME ON AI GOVERNANCE

- **Executive Capacity Building Programme on AI Governance, Trust and Digital Sovereignty, Yasmine Hammamet** — Smart Africa Digital Academy (SADA), 8 September 2026 AFRICA

  The Smart Africa Digital Academy held a two-day executive programme on AI governance, trust and digital sovereignty in Yasmine Hammamet, Tunisia, for more than 40 senior policymakers and regulators, with RealTyme and Université Laval. Sessions covered risk-based regulation, AI standards, sovereign infrastructure and adding AI to existing digital public infrastructure.

ENGINEERS LEAVING THE COUNTRY

- **Étude sur la transformation digitale et l'IA en Tunisie - Édition 2026** — Arnault Chatel (LinkedIn Pulse), 25 September 2026

  A 2026 study of Tunisia's digital transformation and AI sets recent infrastructure gains, including the Medusa submarine cable landing at Bizerte in November 2025, the first national supercomputer entering trials in July 2026 and a national AI strategy for 2026-2030 presented in August, against continuing emigration of engineers. It cites more than 7,000 engineers leaving in 2025 and an expected 8,000 in 2026, and asks how the country can turn that talent into value created at home.

EMPLOYMENT MINISTRY AND TUNISIE TELECOM FRAMEWORK PARTNERSHIP

- **امضاء اتفاقية شراكة إطارية بين وزارة التشغيل و "اتصالات تونس" في مجال الاتصالات والتحول الرقمي** — Assabah News, 14 October 2026

  Tunisia's Ministry of Employment and Vocational Training signed a five-year renewable framework agreement with Tunisie Telecom on 14 October. The operator is to connect employment offices and training centres to fibre, install AI labs in vocational-training centres and host a distance-training system in its national data centre.

Uganda

TECHNICIAN DIPLOMAS IN CYBER SECURITY AND DATA SCIENCE

- **TVET Council approves new technician diplomas in cyber security and data science** — UG Standard, 14 September 2026

  Uganda's TVET Council approved new national technician diploma curricula including cyber security, digital forensics and governance, and data science and analytics, alongside engineering and construction courses, its executive director Moses Kasakya said. Colleges may teach them only once accredited, and institutions have been asked to apply.

ARTIFICIAL INTELLIGENCE IN THE TECHNICAL AND VOCATIONAL CURRICULUM

- **Govt introduces AI training in TVET** — New Vision, 15 September 2026

  Uganda has added artificial intelligence modules to 17 new specialised technician diploma curricula in its revised technical and vocational training system. A trainer orientation ran from 14 to 18 September 2026 at Nakawa Vocational College. Trainers said instructors need to understand the technology first and that institutions lack the laboratories and computers to teach the modules.

MTN ACE DIGITAL SKILLING PROGRAMME

- **Digital Hubs Must Equip Youth for Jobs, says PS Zawedde** — Nile Post, 16 September 2026

  MTN Foundation Uganda and the ICT ministry handed over a second innovation hub at Busitema University, part of a Shs4 billion three-year programme for four university hubs and a refurbished national hub in Kampala. The programme expects to reach more than 20,000 students and community members.

Zimbabwe

RURAL AI, DIGITAL AND INNOVATION HUB AT NYAMURORO VOCATIONAL TRAINING CENTRE

- **UNDP Partners Gvt To Launch First Rural AI, Digital and Innovation Hub at Nyamuroro VTC in Gokwe** — TechnoMag, 29 September 2026

> UNDP, Zimbabwe's youth ministry and Uncommon launched the country's first rural AI, digital and innovation hub at Nyamuroro Vocational Training Centre in Gokwe. The solar-powered hub uses Starlink and is enrolling 50 young people in a free one-year bootcamp from September 2026, targeting 3,000 learners and 300 teachers. No cost is given.
