Algeria

PUBLIC WORKS SECTOR DIGITAL PORTAL

- **بوابة وزارة الأشغال العمومية تطلق خدمة جديدة لصالح مهنيي القطاع ومكاتب الدراسات الخاصة** — Echorouk El Yawmi, 1 September 2026

  Algeria's Ministry of Public Works began taking online filings on 1 September 2026 through its sector portal, for firms' professional qualification and classification and for the accreditation of private design offices. Applicants can submit and track files remotely instead of visiting the central administration or wilaya directorates. Minister Abdelkader Djellaoui announced the step after a meeting on the sector's digitalisation.

DZAIR DIGITAL SERVICES NATIONAL PORTAL (SINGLE WINDOW)

- **Portail national des services numériques : trois nouveaux services dédiés au secteur des ressources en eau** — Algerie Eco, 3 September 2026

  Algeria's High Commission for Digitalisation added three water-sector services to the national government digital services portal, announced on 3 September 2026 with the water ministry. Citizens can apply for drinking-water and sanitation connections and track them online, and firms can file and track requests for professional qualification certificates.

- **Dzair Digital Services / impots : Integration de cinq nouveaux services numeriques** — El Watan, 10 September 2026

  Algeria's High Commission for Digitisation added five tax services to the national Dzair Digital Services portal on 9 September 2026, launched with the tax directorate at Tipasa. They are the tax roll extract, the non-taxation certificate, the C20 certificate of existence and tax registration attestations for individuals and companies.

- **Hydraulique : lancement de trois nouveaux services via le portail national des services numeriques** — Algerie 54, 10 September 2026

Algeria's water ministry and the digitisation high commission launched three services on the national digital services portal on 9 September 2026: remote applications for drinking-water and sewerage connections, and Hydro-Qualif, a qualification certificate for contractors bidding for public works. The portal now offers 150 services, up from 21 at launch, and runs on state data centres and a sovereign cloud.

- **La jeunesse algérienne dispose enfin de son portail numérique dédié** — Algérie360, 14 September 2026

  Algeria's High Commission for Digitalisation and the Ministry of Youth added seven youth services to the national government services portal, announced on 14 September 2026. They include Inkhirati for registering at youth centres, Charaka for youth associations to register and apply for project funding, and Moukhayami for holiday camp enrolment.

- **Dzair Digital Services : intégration du service «WADHIFATI» relevant du secteur des Sports** — ABNews, 17 September 2026

  Algeria's national digital services portal, Dzair Digital Services, added the Ministry of Sports' WADIFATI employment service, the High Commission for Digitalisation said, as reported on 17 September 2026. Candidates can view job offers and entrance competitions for the sector's training schools, apply online, track applications and see results.

- **Dzair Digital Services: one million registered users, five million visitors, two and a half months after launch** — Le Jeune Indépendant, 22 September 2026

  Algeria's national portal for government digital services, Dzair Digital Services, passed one million registered users and five million visitors two and a half months after its launch on 5 July 2026, the High Commission for Digitalisation said, reported on 22 September. The figures are the commission's own.

PENSION FUND REMOTE SERVICES

- **La CNR lance un nouveau service numérique** — Algerie Eco, 24 September 2026

  Algeria's national pension fund, the Caisse nationale des retraites, launched a virtual assistant chatbot on its website cnr.dz, announced on 24 September 2026. It answers questions about the pension system around the clock from a database of pre-set replies, to reduce visits to local offices.

- **La CNR lance un nouveau service pour les retraités algériens** — ObservAlgérie, 24 September 2026

  Algeria's National Pensions Fund, CNR, launched a 24-hour online virtual assistant on its website on 24 September 2026 to answer pensioners' routine questions. In July 2026 the labour ministry set a target of cutting visits to CNR offices by at least 50% by the end of 2026. Some pensioners can already confirm they are alive through the R-FACE facial recognition system in the RetraiteDz app.

Angola

DIGITAL PLATFORM FOR PUBLIC-SECTOR INTERNSHIP APPLICATIONS

- **INFOSI disponibiliza site para candidaturas a estágios** — Portal de T.I, 3 September 2026

  Angola's information society institute, INFOSI, launched an online platform for applications to its internship programme on 3 September 2026 at the FITITEL forum in Luanda. Applicants no longer submit in person and receive a tracking code and QR code. Placements cover telecommunications, information technology and cybersecurity, under a partnership with the communications development fund FADCOM.

SIAC INTEGRATED CITIZEN SERVICE NETWORK

- **Angola: Governante anuncia a construção de mais oito subunidades do SIAC até 2027** — Ministério da Administração Pública, Trabalho e Segurança Social (Angola), via Africa Newsroom/APO Group, 4 September 2026

  Angola will build eight more units of its SIAC citizen one-stop-shop network by 2027, with Kilamba in Luanda and Cuito in Bié due to open this year, the secretary of state for public administration said on 4 September 2026. The network has 16 units in 12 provinces, recorded 1,490,921 visits in the first half of 2026 and has paid about 2.47 billion kwanzas to the treasury this year.

SEPE ELECTRONIC PUBLIC SERVICES SYSTEM

- **SEPE mantém serviços online e acessíveis ao público** — Portal de T.I., 1 October 2026

  Angola's public e-services portal SEPE remained online after the Kazu ransomware group claimed an attack on it, Portal de T.I. reported on 1 October 2026. Registration, the service catalogue and services in employment, education, health, transport and business were still available; the intrusion and data theft claimed by the group are unconfirmed.

Benin

UNIVSERVICES.BJ NATIONAL UNIVERSITY SERVICES PLATFORM

- **Bénin : UnivServices.bj centralise les services destinés aux étudiants** — Chic Infos, 18 September 2026

  Benin launched UnivServices.bj, a national portal for students at four public universities, with transport as its first live service and catering, housing and health to follow.

ONLINE LOSS CERTIFICATES

- **Bénin : les certificats de perte désormais délivrés en ligne** — La Nation, 2 October 2026

  Benin's Republican Police moved loss certificates fully online from 1 October 2026, under a service note signed that day by Director General Kokou Brice Allowanou. Certificates are now issued only through the CDSP platform at certificatdeperte.bj, with electronic payment, and police stations no longer issue them on paper.

NATIONAL ADMINISTRATIVE SIMPLIFICATION PRIZE

- **Communiqué officiel | Prix national de la simplification administrative** — Gouvernement du Bénin, 12 October 2026

  Benin's government launched a presidential National Administrative Simplification Prize on 12 October 2026, inviting public servants, citizens and businesses to propose simpler procedures, including digitisation and data sharing between administrations. Submissions are open from 29 October to 12 November 2026. The prize supports Benin's target of having all procedures online by 2030.

Botswana

ROAD TRANSPORT AND SAFETY LICENSING SYSTEMS

- **The system is down, not the road traffic act** — Sunday Standard, 5 October 2026

  Botswana's Ministry of Transport and Infrastructure announced interim manual measures on 29 September 2026 after a government systems outage at the Department of Road Transport and Safety. Expired transport permits are extended by hand with an official stamp, and vehicles with expired roadworthiness certificates are tested and given manual receipts, which police will accept until systems are restored.

Burkina Faso

AUTOMATED TRAFFIC ENFORCEMENT

- **Sécurité routière à Ouagadougou : Naissance de la BRICIR pour en finir avec l'incivisme sur les routes** — Burkina24, 3 September 2026

  Burkina Faso's security minister, Mahamadou Sana, launched a motorised police brigade, the BRICIR, in Ouagadougou on 2 September 2026. It is to identify and intercept drivers recorded by the city's video-ticketing cameras who evade their fines, a system in service since 1 August, and to enforce rules on red lights, speeding and helmets.

- **Burkina Faso : 260 000 $ d'amendes générés par la vidéo verbalisation en un mois** — Agence Ecofin, 7 September 2026

  Burkina Faso's video-verbalisation cameras recorded 19,910 road offences over August 2026, generating CFA146.559m in fines of which CFA16.1m had been recovered at the 4 September review. A motorised police brigade was created on 2 September specifically to trace drivers who evade the camera-issued fines.

LOSS OF SCANNED SCRIPTS IN AUTOMATED MARKING OF THE 2026 RECRUITMENT COMPETITIONS

- **Incidents dans les résultats de certains concours de la session 2026: « Il s'agit d'une erreur humaine », rassure le SG, Rodrigue Oboulbiga** — Sidwaya, 3 September 2026

  Burkina Faso's civil service ministry said on 3 September 2026 that some exam scripts from the Koudougou centre were left out of automated marking in two 2026 recruitment competitions whose results were published on 25 August. Secretary general Rodrigue Oboulbiga called it human error; after re-marking, 35 and 39 candidates were added to the two lists, and disciplinary measures were announced.

ONLINE CLAIMS PLATFORM FOR SEIZED PROPERTY COMPANIES

- **Burkina Faso : Lancement d'une plateforme pour le recensement du passif de trois sociétés immobilières** — Burkina24, 3 September 2026

  Burkina Faso's seized-asset agency ANAGRASC launched passif-immobilier.anagrasc.gov.bf on 3 September 2026, built with the ICT agency ANPTIC. Buyers of plots or buildings from three seized property companies, SOCOGIB SA, AZIMO SA and SATMO, can register claims remotely and upload identity and title documents.

ELECTRONIC SIGNATURE IN ADMINISTRATIVE PROCEDURES

- **Burkina Faso : l'administration passe à la signature électronique** — wearetech.africa, 14 September 2026

  Burkina Faso's digital transition ministry set the official launch of electronic signature in administrative procedures for 15 September in Ouagadougou, under the 2009 electronic-transactions law. More than 250 procedures were dematerialised in 2025, 95 of them on the Service Public BF portal.

- **Administration publique : « Faso Sign » pour accélérer la dématérialisation des procédures** — leFaso.net, 15 September 2026

  Burkina Faso's digital transition ministry launched Faso Sign, a national electronic signature platform for the public administration, in Ouagadougou on 15 September 2026. It is built into three existing platforms: CIMEXT for mission orders, SIGEG for administrative mail and SYCAD for land and property records. The prime minister told ministries to set a timetable for adopting it, calling its use an obligation.

- **Burkina : L'administration publique entre dans l'ère de la signature électronique avec FasoSign** — Libreinfo, 16 September 2026

Burkina Faso launched FasoSign, a national electronic signature platform for the public administration, on 15 September 2026. It is already built into the mission-order, mail and cadastre systems, and the government says its keys and certificates are held under state responsibility.

SACOS AIRPORT CERTIFICATION AND OPERATIONS PLATFORM PILOT

- **Burkina Faso : vers des aéroports intelligents grâce à la numérisation des opérations** — wearetech.africa, 25 September 2026

  Burkina Faso's state airports company SAFA signed a memorandum with ACI Africa and Germany's Barthauer Software to pilot the SACOS airport certification and operations platform. The pilot covers runway inspections, certification, document management and safety tracking, before any wider roll-out.

DIPLOMATIC AND CONSULAR SERVICE PLATFORMS

- **Modernisation des services consulaires : Le Burkina Faso lance YORI ID aux États-Unis** — leFaso.net, 29 September 2026

  Burkina Faso's embassy in the United States launched YORI ID, a consular platform for cards, passports and administrative acts with online payment, as a one-year pilot. About 10,000 nationals are registered, most of them migrated from the previous system.

ADMINISTRATIVE PROCEDURES LIVE ONLINE

- **Burkina Faso/Transformation digitale : 222 procédures de dématérialisation engagées au premier trimestre 2026** — C'Finance, 6 October 2026

  Burkina Faso's digital ministry reports 46.70% average physical execution of its minister's 20-action objectives contract at 30 June 2026. In the half year it described 222 administrative procedures for moving online, connected 10 more sites to the government network, counted 120 official platforms hosted abroad for repatriation and drafted nine implementing texts for the information-systems security law.

Burundi

ELECTRONIC GOVERNMENT PROCUREMENT SYSTEM (E-GP)

- **Demande de Propositions No : BI-PAFEN-PIU-549116-NC-RFB Relative à la Conception, développement sur mesure et déploiement d'un Système Électronique de Passation des Marchés Publics (e-GP) de bout en bout entièrement personnalisé pour la République du Burundi.** — Projet d'Appui aux Fondations de l'Economie Numérique (PAFEN), posted by the Autorité de Régulation des Marchés Publics (ARMP Burundi), 23 September 2026

  Burundi's World Bank-funded digital foundations project has issued an international tender for a custom electronic government procurement system covering the whole contract cycle. It is to be open source, built over 18 months with the procurement regulator's staff, installed first at the finance ministry, and owned outright by the government; bids close on 13 November 2026.

GASAPE CHAT AS THE PRESIDENCY'S CITIZEN GRIEVANCE CHANNEL

- **Burundi opts for a local app for presidency-citizen interactions** — Connecting Africa, 8 October 2026

  Burundi's presidency adopted Gasape Chat, a locally built messaging application, as a channel for citizens' grievances. The terms were not disclosed, and analysts noted that nothing says who controls the servers or protects users' data.

Central African Republic

UNIFIED PUBLIC-SERVICES PORTAL

- **Central African Republic's digital public services face connectivity barriers** — Africa Business Insight, 15 October 2026

  The Central African Republic launched a national portal for online government services on 14 October, covering driving licences, criminal-record extracts, nationality and school certificates, and medical appointments. About 12% of the population used the internet at the end of 2025, which limits who can use it.

Chad

E-BNFT LAND FREIGHT BUREAU PLATFORM

- **Tchad-Cameroun : le BNFT forme les usagers à l'utilisation de sa plateforme e-BNFT à Douala** — Le N'Djam Post, 2 September 2026 CAMEROON

  Chad's national land freight bureau (BNFT) began training transporters, freight forwarders and drivers in Douala, Cameroon, on 1 September 2026 to use its e-BNFT digital platform, covering account creation, file entry and tracking. The bureau says it has been extending digitised procedures since February 2026 to offices including Douala, Kribi, Ngaoundéré, Moundou, Bongor and N'Djamena.

- **Ngaoundéré : le BNFT forme les transporteurs et transitaires à l'utilisation de la plateforme e-BNFT** — Le N'Djam Post, 4 September 2026

  Chad's national land-freight bureau (BNFT) opened training for hauliers, freight forwarders and drivers on its e-BNFT digital platform at Ngaoundéré, Cameroon, on 3 September 2026. The local agency head said BNFT staff there have used the platform daily for eight months. TradeLink Solutions and the firm SERVOO delivered the training.

- **Logone Occidental : le BNFT dévoile sa plateforme e-BNFT aux acteurs du fret** — Le N'Djam Post, 5 September 2026

  The steering committee digitising procedures at Chad's national land freight bureau (BNFT) presented its e-BNFT platform to authorities, hauliers and freight forwarders in Logone Occidental province on 4 September 2026. The platform covers issuing the mandatory consignment note and paying the axle tax. No launch date or cost is given.

- **Tchad : Le BNFT et Moov Money digitalisent le paiement des taxes du fret terrestre** — ATPE (Agence Tchadienne de Presse et d'Edition), 12 October 2026

  Chad's national land freight bureau (BNFT) and Moov Money Tchad signed an agreement in N'Djamena on 12 October 2026 letting road hauliers pay the mandatory consignment note fee and the axle tax by mobile phone. BNFT's director general, Saleh Youssouf Erda, said the aim is simpler procedures, less corruption and secured public revenue.

- **Tchad : le BNFT signe avec Konoom pour dématérialiser le paiement de la LVO et de la TAE** — N'Djaména Actu, 14 October 2026

  Chad's national land freight bureau BNFT signed an agreement with Konoom Mobile Money on 14 October 2026 to take payment of the mandatory consignment note (LVO) and the axle tax (TAE) by mobile money. It follows a similar agreement with Moov two days earlier; BNFT says the aim is simpler procedures for transporters and traceable state revenue.

E-VISA PLATFORM

- **Chad: e-Visa platform 'continues to gain momentum'** — VisasNews, 1 October 2026

  Chad's National Police said on 1 October 2026 that its e-Visa platform receives more than 100 applications a day, against fewer than 10 at its launch on 11 December 2024. Express applications take 24 to 72 hours and standard ones 10 to 15 days. The e-Visa has been mandatory since 11 May 2026, and visas for all African nationals are to be waived from 1 January 2027.

Congo

PUBLIC-ADMINISTRATION DIGITALISATION TASK FORCE

- **Digitalisation de l'administration : le comité de pilotage fixe ses priorités** — Les Dépêches de Brazzaville, 17 October 2026

  The steering committee of Congo's task force on digitalising the administration, created by decree 2026-261 of 29 January 2026, met for the first time on 15 October 2026 and chose four priorities. They are e-visas and entry authorisation before visa-free entry for Africans from January 2027, digital criminal records and birth certificates, a clean-up of the civil-service personnel file, and data sharing between revenue agencies and land administration.

Cote d'Ivoire

PRIORITY LIST OF DIGITAL PUBLIC SERVICES

- **AIP/ La Côte d''Ivoire envisage une gouvernance unifiée des projets numériques de l''État (Ministre)** — Agence Ivoirienne de Presse (AIP), 4 September 2026

  Côte d'Ivoire's national workshop on digital public services closed in Abidjan on 4 September 2026 with 59 of 620 surveyed services prioritised and ten quick wins due by year-end, including diploma authentication and digital proof of life for pensioners. Minister Djibril Ouattara announced three draft governance decrees and extra validation for digital projects above XOF 1 billion.

- **Transformation numérique : Les neuf groupes de travail s'accordent sur des infrastructures publiques communes** — Afrik Soir, 4 September 2026

  Nine working groups at Côte d'Ivoire's national workshop on prioritising digital public services reported on 4 September 2026, the second and final day, with 47 of 49 invited bodies taking part. They found procedures still largely paper-based and data requested repeatedly, and converged on a single national sign-on linked to the national population register. The aim is a portfolio of about 100 priority e-services.

- **Côte d'Ivoire : Djibril Ouattara veut en finir avec les projets numériques de l'État menés en ordre dispersé** — KOACI, 5 September 2026

  The same workshop's other conclusion was that the state lacks a common direction: the digital transition minister put a governance framework ahead of the service list as the first priority, against ministries each building their own tools, platforms and systems. No such framework is on the record.

- **Transformation numérique : Les travaux retiennent 59 services prioritaires et dix « quick wins » attendus pour la fin 2026** — AFRIK SOIR, 5 September 2026

  A national prioritisation workshop closed having examined 140 of 620 inventoried public services through nine working groups, retaining 59 for immediate priority and expecting ten quick wins by the end of 2026 - among them diploma authentication, digital proof of life for pensioners and the computerised patient record. The list itself is not published.

E-LICENCES PLATFORM FOR INVESTOR PERMITS

- **Côte d'Ivoire : le CEPICI mise sur le numérique pour fluidifier le parcours des investisseurs** — Linfodrome, 7 September 2026

  Côte d'Ivoire's investment promotion centre is taking investor licences, permits and authorisations onto an online platform, with ministry focal points trained to keep it current.

COMEXMAP TRADE MAPPING PLATFORM

- **Commerce extérieur : La Côte d'Ivoire actualise sa cartographie numérique pour renforcer sa compétitivité** — Fraternite Matin, 10 September 2026

  Cote d'Ivoire opened a two-day workshop in Abidjan to update the trade data behind its digital mapping of trade agreements and flows. The session updates the collection of agreements, the statistics and the flow data on a platform the government treats as strategic for its position in international trade.

ELECTRONIC SIGNATURE FOR PUBLIC ADMINISTRATION

- **Cote d'Ivoire Expands Electronic Signature Use to Support Paperless Administration** — Tech Africa News, 18 September 2026

  Côte d'Ivoire's civil service ministry enrolled the mayor and secretary-general of Marcory in the administration's electronic signature system on 15 September, extending it to local government. No count of enrolled officials is published.

PAGDS SERVICE-DELIVERY GOVERNANCE PROJECT

- **Banque mondiale : le PAGDS présente ses réalisations dans la digitalisation des services publics** — Agence Ivoirienne de Presse (AIP), 21 September 2026

  Côte d'Ivoire's World Bank-funded PAGDS project, approved in April 2019, reported its digitalisation results on 21 September 2026, and its coordinator said a second phase has started. The results include digital allocation and tracking of pupils in private schools, patient tracking under universal health coverage, electronic payment of state transfers and online company registration. World Bank figures cited put average growth in non-oil tax revenue at 12.4% against a 5% target, and customs revenue at 19.2% against 6%.

- **Côte d'Ivoire | Administration : Ouattara fixe le cap d'une économie numérique d'ici 2029** — Afrimag, 16 October 2026

  Afrimag reported on Côte d'Ivoire's digital administration plans to 2029. It cites a USD 195 million government digital services programme with 23 platforms, whose first phase closed in June 2026, and health information systems in 268 facilities. The figures are the outlet's own and are not sourced.

SENATE DIGITISED PROCEDURES AND ELECTRONIC VOTING

- **Yamoussoukro : Le Sénat modernise sa 2e session, le vote électronique activé** — Linfodrome, 12 October 2026

  Côte d'Ivoire's Senate opened its second ordinary session of 2026 with attendance recorded in real time instead of a roll call, amendments filed online and proceedings archived automatically. Electronic voting was trialled the same day, with training for senators on 13 to 16 October.

DR Congo

SYGREM MULTIMODAL FREIGHT-CHARGE MANAGEMENT PLATFORM

- **Lancement officiel de la plateforme SYGREM par le VPM Jean Pierre Bemba fruit du partenariat entre l'OGEFREM et PADS Corporation** — Ministere des Transports RDC, 2 September 2026

  DR Congo's transport minister Jean-Pierre Bemba launched SYGREM, a freight-charge management platform built by the freight office Ogefrem with PADS Corporation, in Kinshasa on 1 September 2026. It digitises the FERI, AD and FERE freight-tracking documents and adds geolocation and online payment, with receipts paid into dedicated Ogefrem bank accounts.

GUICHET UNIQUE INTEGRAL DU COMMERCE EXTERIEUR (GUICE)

- **RDC : Julien Paluku vante la dématérialisation des procédures commerciales pour lutter contre la corruption** — DeskNews, 17 September 2026

  DR Congo's foreign trade minister Julien Paluku Kahongya told the WTO Public Forum in Geneva on 17 September 2026 that 93 of the 98 documents needed for foreign trade have been digitised, with the rest due by end-2026. He said the foreign-trade single window is now linked to the customs authority's SYDONIA World system.

- **SEGUCE RDC poursuit le deploiement du GUICE et rapproche les services du commerce exterieur des operateurs economiques du Kasai Oriental** — ACTUALITE.CD, 17 September 2026

  The concessionaire running DR Congo's integrated foreign-trade single window took it to Mbuji-Mayi in Kasai Oriental, presenting its services to provincial authorities, the administrations concerned and local traders and hearing their concerns. Its director general framed provincial establishment as territorial equity, the window being a national instrument.

ELECTORAL COMMISSION ELECTRONIC DOCUMENT MANAGEMENT

- **CENI : Denis Kadima lance la numérisation des archives et la formation de 762 cadres et agents** — Dépêche.cd, 1 October 2026

  The Democratic Republic of Congo's electoral commission, CENI, launched a programme in Kinshasa on 28 September 2026 to digitise electoral archives produced since 2005 into a single secure document repository. Its president, Denis Kadima, also launched training in four phases for 762 staff, including AI applied to elections. No cost or funder is stated.

INTEGRATED ELECTRONIC-VISA PLATFORM

- **RDC : Kinshasa accélère la mise en œuvre du visa électronique afin de moderniser le traitement des demandes via un système numérique** — Ecomine, 14 October 2026

  DR Congo's foreign minister, Thérèse Kayikwamba Wagner, and digital economy minister, Augustin Kibassa Maliba, met on 14 October 2026 to advance an integrated platform for processing electronic visa applications. No technical details, rollout timetable or access conditions were given.

Egypt

ELECTRONIC ASSIGNMENT-MODIFICATION SYSTEM FOR MEDICAL PROFESSIONALS

- **Electronic System Activated to Expedite Assignment Modification Procedures for Medical Professionals** — Cairo Governorate Electronic Portal (Akhbar El Youm News Portal), 1 September 2026

  Egypt's Ministry of Health and Population put an electronic system for medical professionals' assignment-modification requests into full use at the start of September 2026, after a pilot from mid-August. Requests linked to a staff member's health previously meant repeated trips between offices and results sent by post; documents and examination results are now exchanged electronically between the bodies involved.

ELECTRONIC ENQUIRY SERVICE FOR FAMILY CASES

- **النيابة العامة تتيح خدمة الاستعلام الإلكترونى عن دعاوى الأسرة والأحكام** — Youm7, 1 September 2026

  Egypt's Public Prosecution opened an online service on 1 September 2026 for looking up family-case data and the judgments issued in them, through its electronic portal. Working with the communications ministry, it restricts access to users verified by the Digital Egypt portal's digital identity, so that only the parties concerned can see their records.

INTEGRATED DIGITAL ENVIRONMENTAL IMPACT ASSESSMENT SYSTEM

- **وزيرة البيئة تطلق منظومة تقييم التأثير البيئي الرقمية المتكاملة "IDEIA"** — Youm7, 1 September 2026

  Egypt's Minister of Local Development and Environment, Manal Awad, launched IDEIA, a digital system for environmental impact assessments, on 1 September 2026. It moves applications, review, approval and follow-up off paper and lets applicants track their files. It is the digital component of the Green Sustainable Industry programme, financed by the EIB, the EU, AFD and the Egyptian government at a total of EUR 271 million.

UNIFIED ELECTRICITY BILLING PLATFORM

- **رئيس الوزراء لـ اليوم السابع: سأعقد اجتماعا مع وزير الكهرباء لمتابعة ملف الفواتير** — Youm7, 3 September 2026

  Egypt's prime minister Mostafa Madbouly told Youm7 on 3 September 2026 that faults on the unified electricity platform and mismatches between prepaid-meter top-ups and readings are a government priority. He said he would hold an expanded meeting with the electricity minister the following week and that the state's remedial steps would be announced publicly.

- **قطاع النظم" يضع الكهرباء فى أزمة بسبب شكاوى المواطنين من توقف الخدمات"** — Youm7, 4 October 2026

  Egypt's electricity distribution companies lost sight of citizens' service requests after the holding company's systems sector replaced the unified e-services platform with an untested system and switched the old one off, a ministry source told Youm7. The minister ordered the fault fixed and those responsible held to account.

UNIFIED GOVERNMENT SERVICES CARD

- **Everything you need to know about the Unified Card, a new alternative to the Ration Card** — Egypt Independent (Al-Masry Al-Youm), 5 September 2026

  Egypt's Supply and Internal Trade Ministry is gradually rolling out a free Unified Card, issued through Egypt Post, to replace the paper ration card. The fingerprint-enabled prepaid card carries subsidised bread and rations, comprehensive health insurance and payments, and is collected against a national ID and a mobile number in the holder's name. Payment services work on issue; no activation date is given for the subsidy and health insurance functions.

DIGITAL EGYPT USERS AND TRANSACTIONS

- **Minassat Misr al-raqmiyya tatahhal lil-qaima al-nihaiyya li-jawaiz al-Umam al-Muttahida (Digital Egypt platform reaches UN digital award shortlist)** — Egyptian National Media Authority (Maspero), 9 September 2026

  Egypt's Digital Egypt platform was shortlisted among the top 15 entries in the digital government category of the ITU and UNDP Digital@UNGA 2026 awards, announced on 9 September 2026. The communications ministry says the platform offers more than 240 services to 12.9 million registered users and is linked to 109 government bodies, with 270 services targeted by the end of 2026.

E-COURT PLATFORM

- **Fees for E-Court platform revive debate over commodifying justice** — Al Manassa, 9 September 2026

  Egypt's justice ministry launched an E-Court platform on 31 August 2026 that lets lawyers and litigants attend first-instance criminal hearings remotely. Lawyers must pay 500 pounds a year to register, 500 more per remote felony hearing and 10 pounds a page for case-file copies. The Egyptian Lawyers Syndicate says the fees have no legal basis.

PROSECUTION PORTAL FOR PERSONAL-STATUS DOCUMENTS

- **النيابة العامة تطلق خدمات استخراج وثائق الحالة الشخصية عبر بوابتها الإلكترونية** — Youm7, 10 September 2026

  Egypt's Public Prosecution said on 10 September 2026 that official copies of five kinds of personal-status record, including Muslim and non-Muslim marriage and divorce certificates, can now be obtained through its online portal, built with the communications ministry. Users must verify their identity with the Digital Egypt portal's digital ID.

CAPITAL-INCREASE SERVICES PLATFORM

- **Investment ministry aide: digital platform for capital increases links 8 government entities** — Youm7, 22 September 2026

  Egypt's assistant investment minister for digital transformation, Sherif Yehia, said a platform for company capital increases now links eight government bodies digitally. Investors and their agents log in with digital ID and sign documents remotely through a service run with ITIDA, and the ministry is using e-passports to verify foreign investors. He spoke at the FDC Summit on 22 September 2026.

REAL ESTATE TAX AUTHORITY PROPERTY-TAX REGISTRATION APP

- **وزير المالية: رصدنا مشاكل تطبيق الضرائب العقارية ومد التسجيل قيد الدراسة** — Egyptke, 27 September 2026

  The head of Egypt's Real Estate Tax Authority, Rami Youssef, acknowledged faults in the property tax registration app and said he had asked the finance minister to extend the registration deadline, which the minister said was under study. About one million citizens had registered with two days left. The authority is working with the app's contractor to fix outages.

- **Complaints mount over “difficult” real estate tax app as taxpayers press for deadline extension** — Enterprise (EnterpriseAM Egypt), 28 September 2026

  Egypt's finance ministry is reviewing an extension to the property-tax filing deadline after complaints about its new app, which the deputy finance minister said had about 1.2m users against 10m registrations expected.

NOTARISATION AND REAL-ESTATE REGISTRY SERVICES ON DIGITAL EGYPT

- **أبرز خدمات الشهر العقاري أونلاين، استخراج التوكيلات والاستعلام عن المعاملات وحجز موعد عبر مصر الرقمية** — فيتو (Vetogate), 11 October 2026

  Egypt's Digital Egypt platform now offers notarisation and real-estate registry services online. Citizens can draft powers of attorney, check the status of computerised transactions, look up registered contracts, book appointments at notary offices and request a mobile notary unit.

RATION CARD SERVICES ON DIGITAL EGYPT

- **Key Ration Card Services Now Available on Digital Egypt** — SceneNow, 12 October 2026

  Egypt has put key ration card services on the Digital Egypt platform: heads of household can update card data, replace or activate cards, transfer a file between governorates and add family members. The data-update service is being introduced in Port Said for an initial three months before other governorates.

Equatorial Guinea

DIGITAL BOLETIN OFICIAL DEL ESTADO

- **El Gobierno pone en marcha el Boletín Oficial del Estado digital** — Guinea Ecuatorial Press (Oficina de Información y Prensa), 6 October 2026

  Equatorial Guinea's government announced a digital edition of its official gazette at boe.gob.gq, giving free online access to laws, decrees, ministerial orders and circulars with search of past publications.

Eswatini

AUDITOR-GENERAL STRATEGIC PLAN 2026-2030

- **Auditors Embrace AI to Protect Public Funds** — Eswatini Positive News, 7 September 2026

  Eswatini's audit office hosted a week-long peer programme at which supreme audit institutions across the region weighed the use of artificial intelligence in government audit. No tool, pilot, audit methodology or procurement is named.

E-VISA PLATFORM

- **PM CALLS FOR DISRUPTION TO FIX TOURISM BOTTLENECKS - Eswatini Positive News** — Eswatini Positive News, 17 September 2026

  Eswatini's prime minister, Russell Mmiso Dlamini, told a tourism conference in Mbabane on 17 September 2026 that the e-Visa platform suffers delays and payment failures, worst at peak periods, with no manual fallback. He said the Eswatini Payment Switch already handles fast payments and will add open banking and card switching.

AI-ENABLED GOVERNMENT SERVICES PLATFORM

- **GOVT PLANS AI SERVICES AT YOUR FINGERTIPS** — Eswatini Positive News, 19 October 2026

  Eswatini's ICT ministry presented a proposed platform for reaching government services and payments by mobile device at the Global AI & Digital Summit in Seoul on 19 October 2026. No implementation date was announced. The ministry also cited digital-skills targets of 300,000 citizens through a UAE partnership and 200,000 through a World Bank-supported initiative.

Ethiopia

COMMODITY EXCHANGE DIGITAL SERVICE PORTAL

- **ECX Launches Digital Portal to Cut Red Tape for Traders** — Capital (Ethiopia), 6 September 2026

  The Ethiopia Commodity Exchange launched a digital portal, built by its own IT staff, so traders no longer have to visit its offices to open accounts, renew licences or obtain reference prices and market data. Each request gets a tracking PIN and a 30-minute service commitment. An official launch is due within a month.

STATE LOGISTICS SELF-SERVICE PLATFORMS

- **Digital logistics overhaul aims to boost regional trade competitiveness** — Capital Newspaper, 13 September 2026

  Ethiopian Shipping and Logistics launched a web and mobile self-service platform on 4 September 2026 for shipment orders, cargo tracking, freight payment and documents. The Ethio-Djibouti Railway has introduced its own customer portal for booking, tracking and payment.

Gabon

PUBLIC WI-FI AND DRIVING-LICENCE ENROLMENT CENTRE, MAKOKOU

- **Gabon Expands Digital Access With Public Wi-Fi and Digital Driving Licence in Makokou** — Tech Africa News, 1 September 2026

  Gabon's national digital infrastructure and frequencies agency, ANINF, installed two public Wi-Fi spaces in Makokou, at the Place de l'Indépendance and the Alexandre Sambat Stadium. It also fitted the town's digitised driving-licence enrolment centre with a local network, dedicated internet connection and backup power equipment, as part of Liberation Day activities.

GOVERNMENT ELECTRONIC DOCUMENT MANAGEMENT (GED) PROJECT

- **Numérique : le Gabon lance son projet GED ce 16 septembre** — Agence Gabonaise de Presse, 13 September 2026

  Gabon's digital economy ministry announced the launch on 16 September 2026 of an electronic document management project for the administration, to modernise document handling and improve traceability. It falls under Ordonnance 0006/PR/2025 on digitalisation; no scope, supplier or cost is stated.

- **Gabon : la GED amorce le basculement de l'administration vers le numérique** — GabonReview, 16 September 2026

  Gabon's digital economy ministry launched a pilot electronic document management system in Libreville on 16 September 2026 at the government's general secretariat and the examinations directorate. The system is developed by the national digital infrastructure agency ANINF with support from partners including the World Bank, and sits alongside an ordinance on electronic archiving (0003/PR/2026). No cost or rollout date is given.

- **Gabon Launches Electronic Document Management Platform to Modernise Public Administration** — Tech Africa News, 17 September 2026

  Gabon launched an electronic document management platform at the General Secretariat of the Government on 16 September, developed with the national digital infrastructure and frequencies agency. It lets administrations register, classify, search, share and preserve documents, reducing reliance on paper.

CAMERA ENFORCEMENT OF ROAD OFFENCES (VIDEO-VERBALISATION)

- **Infractions routières : le Gabon s'apprête à franchir le pas de la vidéo-verbalisation** — GabonReview, 29 September 2026

  Gabon's road-safety directorate inspected the first cameras for automated enforcement of speeding, red-light and parking offences across Grand Libreville, ahead of going live. How notices will be served and fines collected has not been published.

PROXIGAB PLATFORM FOR SMALL AND MEDIUM ENTERPRISES

- **Gabon/Entrepreneuriat : présentation officielle de la plateforme numérique PROXIGAB** — Agence Gabonaise de Presse (AGP), 2 October 2026

  Gabon's digital infrastructure agency ANINF presented PROXIGAB, a free online platform linking small businesses with investors, suppliers and incubators, at its Libreville headquarters on 2 October 2026, before the commerce and digital economy ministers. ANINF signed a minute handing the platform to the directorate-general of SMEs. It is open to formal and informal operators and individuals.

AKIBA POSTAL SUPER-APP

- **Poste S.A. : Akiba, le numérique et la logistique au cœur de la relance** — GabonReview, 9 October 2026

  Gabon's postal company presented Akiba, an application built and hosted in Gabon that combines payments, public services such as birth-certificate requests, postal services and insurance. A USSD version was announced; the app-store launch is still to come.

INTEGRATED HUMAN RESOURCES MANAGEMENT SYSTEM (SIGRH)

- **Ministère de la Fonction Publique et du Renforcement des Capacités - Accélération des préparatifs de mise en œuvre du Système Intégré de Gestion des Ressources Humaines - Ministère de la Fonction Publique et du Renforcement des Capacités** — Ministère de la Fonction Publique et du Renforcement des Capacités (Gabon), 13 October 2026

  Gabon's civil-service ministry reviewed technical preparations for an integrated human resources management system and named the procurement tender as the next step. The platform, under a World Bank-supported project, is to hold one register of state employees linked to payroll, budget and national identification.

AGASA NEXUS PLATFORM FOR FOOD-SAFETY AND PHYTOSANITARY PROCEDURES

- **Gabon/Sécurité alimentaire : l'AGASA lancera la plateforme numérique Nexus le 2 novembre prochain - AGP - Agence Gabonaise de Presse** — Agence Gabonaise de Presse, 19 October 2026

  Gabon's food safety agency AGASA will launch Nexus, a digital platform for food and plant-health operators, on 2 November 2026. Operators will be able to apply remotely for approvals, import authorisations and health certificates, and track their files. Operators are asked to visit AGASA offices from 20 to 29 October with identity documents to update their data and get login details.

Gambia

MYGOV DIGITAL SERVICES PLATFORM

- **Gov't steps up to tackle ID card, passport delays** — The Point, 1 September 2026

  The Gambia's Ministry of Public Service said on 28 August it has cut steps from ID card and passport procedures and built their workflows into the MyGov platform, developed with JICA and partners in Bangladesh. MyGov has not launched because of contractual issues over passport issuance; rollout is hoped for before the end of 2026. A mass registration drive, including mobile teams in Spain and Italy, is issuing 10-year ID cards.

OBJECTIONS TO THE SUPPLEMENTARY VOTER ROLL

- **GAMBIA: IEC Revising Courts Open Voter Register Disputes as Election Credibility Comes Under Scrutiny** — Askani Gambia, 3 September 2026

  Revising courts set up by The Gambia's Chief Justice began hearing objections to the 2026 supplementary voter registration, the Independent Electoral Commission said on 31 August 2026. Hearings in nine magistrates' courts are due to finish within 60 days. The Commission received about 1,600 objections and earlier deleted 14,334 duplicate registrations ahead of the 5 December presidential election.

GAMBIA REVENUE AUTHORITY REVENUE COLLECTION DASHBOARD

- **GRA and Liberia Revenue Authority sign deal to deepen digital cooperation** — The Point, 21 September 2026

  LIBERIA

  The Gambian account of the Liberia–Gambia revenue dashboard agreement, summarised under the GNN Liberia report. It adds that the LRA pays the expert's airfare while the GRA covers lodging and local transport.

- **LRA to Provide Technical Support for Gambia's Revenue Collection Dashboard** — Global News Network Liberia, 21 September 2026 LIBERIA

  The Liberia Revenue Authority signed a memorandum of engagement to help the Gambia Revenue Authority build a dashboard that tracks revenue collection; it was announced from Accra on 20 September 2026 and signed during meetings of the West African Tax Administration Forum. The help covers a review of GRA's data sources, choice of indicators, design, a prototype, integration and staff training. The LRA will send the developer of its own dashboard to Banjul for an initial three weeks.

DUTY WAIVER APPLICATION SYSTEM

- **Gov't promises duty waiver decision in 72 hrs with new digital system** — The Point, 30 September 2026

  The Gambia's finance ministry, with the Gambia Revenue Authority and the Gambia National Single Window, introduced a digital Duty Waiver Application System that replaces a paper process. Applicants are promised a decision within 72 hours when all requirements are met, with SMS updates.

THREE-YEAR BIOMETRIC DRIVING LICENCE

- **Gambia Begins Rollout of New Three-Year Driving Licence** — Foroyaa, 7 October 2026

  The Gambia began issuing a biometric driving licence valid for three years on 7 October 2026, at D2,550, replacing annual renewal under section 27(3) of the Motor Traffic Act. Centres open in Banjul and Kanifing first and in Basse and Janjanbureh last, on 22 October. The issuing agency is not named.

ELECTRONIC GOVERNMENT PROCUREMENT SYSTEM

- **GPPA trains procurement cadre on new act, regulations & standard documents** — The Point, 8 October 2026

  The Gambia Public Procurement Authority held training from 8 to 10 October 2026 for procurement officers on the Public Procurement Act 2022, the 2024 Regulations, new standard documents and the rollout of the electronic government procurement system. Officials said use of the new instruments becomes mandatory from January 2027.

Ghana

PUBLIC RECORDS AND ARCHIVES DIGITISATION

- **Government begins digitisation of 3.5 million public records – Sam George** — MyJoyOnline, 7 September 2026

  Ghana signed a contract to digitise 3.5 million public records held by the archives department, presented as records-management modernisation and better access to official information.

RENT CONTROL DEPARTMENT DIGITISATION PROGRAMME

- **Heads must roll; there is nothing to show for NPP's $1.7m digitisation - Rent Control boss - Adomonline.com** — Adomonline.com, 18 September 2026

  Ghana's acting rent control commissioner called for an investigation into a digitisation programme on which US$1.7 million was reportedly spent under the previous government, saying he found only four computers at the facility. No audit finding is yet on record.

INTEGRATED COURIER AND LOGISTICS MANAGEMENT SYSTEM (ICOLMS-GH)

- **Ghana launches digital platform to regulate the courier sector** — World Ports Organization, 20 September 2026

Ghana's communications minister Samuel Nartey George launched the Integrated Courier and Logistics Management System (iCOLMS-GH), a paperless licensing platform for courier companies and delivery riders linked to Ghana.GOV and the National Identification Authority. A compliance grace period ran from 12 to 31 March 2026, with police and regulator enforcement from 1 April; the report appeared on 20 September 2026 and gives no launch date.

GHANA TOURISM INFORMATION SYSTEM (GTIS)

- **GTA pushes digital reset for tourism sector** — Graphic Online, 22 September 2026

  The chief executive of the Ghana Tourism Authority, Maame Efua Houadjeto, said on 18 September 2026 that its Ghana Tourism Information System will put registration, licensing and renewal, tourism levy filing and payment, establishment records and public verification into one digital system. No launch date, cost or supplier is given.

Guinea

E-FONIJ YOUTH INSERTION PLATFORM

- **E-FONIJ : le FONIJ lance une mobilisation nationale pour fédérer les acteurs de l'insertion autour d'un écosystème numérique au service de la jeunesse** — FONIJ (Fonds National pour l'Insertion des Jeunes), 3 September 2026

  Guinea's National Youth Insertion Fund (FONIJ) launched E-FONIJ, a digital platform for youth information, orientation, training and job placement, in a communiqué dated 3 September 2026. It is live at efonij.gn and on Google Play, with an iOS version to follow; FONIJ invited public bodies, companies, banks, training bodies and NGOs to join.

TELEMO E-PROCUREMENT PLATFORM

- **À Vienne, la Guinée porte sa voix contre la corruption et plaide pour une gouvernance plus transparente** — Guinéenews©, 4 September 2026

  Guinea's National Anti-Corruption Agency sent a delegation led by its executive secretary, Mohamed Bérété, to the UN Convention against Corruption review group in Vienna from 31 August to 4 September 2026. It cited the DAMANDA digital mining cadastre and the TELEMO public procurement platform as transparency measures linked to the Simandou 2040 programme.

- **Commande publique : l'ARMP, la DGCMP et la Banque mondiale font le point sur l'évolution Télémo** — ARMP Guinée, 8 October 2026

  Guinea's procurement regulator, the control directorate and the World Bank reviewed the Télémo e-procurement platform, in a new phase of use since September. The price reference list and public-private partnerships are not yet integrated, and a new procurement law is being drafted.

GUICHET UNIQUE DES SERVICES PUBLICS (GUSP)

- **Guichet unique des services publics : le ministre Bourouno mobilise les maires de Conakry pour rapprocher l'administration des citoyens** — Mediaguinee, 6 October 2026

  Guinea's minister of administrative modernisation and the civil service, Faya François Bourouno, presented the government's one-stop public service counter project to the mayors of Conakry's 13 communes on 6 October 2026. The next step is to choose the first pilot sites with the communes. No cost or timetable is given.

Kenya

ITAX

- **MONARI: When iTax fails, the taxpayer still pays** — The Star, 1 September 2026

  A column on Kenya's tax portal failing on the evening of the 30 June filing deadline, when the revenue authority itself notified a traffic surge and intermittent delays. The penalties for late filing continued to run.

UNRECONCILED GAP IN THE SERVICE PLATFORM'S REPORTED COLLECTIONS

- **eCitizen under scrutiny over Sh36.5bn collections gap** — Radio Generation Kenya, 2 September 2026

  Kiambu gubernatorial aspirant Bonnie Mwangi called on 2 September 2026 for Parliament to investigate Kenya's eCitizen payment platform, citing Auditor-General findings for 2023/24. Reported collections were about Sh100.84 billion but bank statements supported only Sh64.30 billion, a gap of Sh36.5 billion, and four transfers worth Sh127.85 million went from the government paybill to private entities without supporting approvals.

INTEGRATED ELECTIONS MANAGEMENT SYSTEM PROCUREMENT

- **2027 elections technology: IEBC ordered to review tender rules** — Daily Nation, 4 September 2026

  Kenya's Public Procurement Administrative Review Board ordered the electoral commission, IEBC, to correct and re-issue its tender for 2027 election technology, reported on 4 September 2026, finding that it did not disclose how technical scores would be awarded. The board told IEBC to seek advice from the procurement regulator and give bidders at least seven days, and rejected a claim that the specifications favoured Miru Systems.

- **PPARB Application No. 192 of 2026: Leading Edge Limited v Accounting Officer, IEBC & IEBC — Tender No. IEBC/OIT/001A/2026-2027, Integrated Elections Management System (IEMS)** — Public Procurement Administrative Review Board (Kenya), 14 October 2026

  Kenya's procurement review board dismissed Leading Edge Limited's challenge to the electoral commission's tender for an Integrated Elections Management System. It ordered the commission to proceed and the applicant to pay KSh 2 million in costs.

- **IEBC cleared to proceed with Sh6.5bn election technology tender** — Daily Nation, 15 October 2026

  Kenya's procurement review board cleared the electoral commission to continue its KSh 6.5 billion tender for election technology for 2027. The board upheld the tender's device and turnover thresholds and rejected a bidder's challenge.

GOVERNMENT VEHICLE MANAGEMENT SYSTEM

- **West African Governments Are Finally Tracking Their Own Vehicles** — Liberian Observer, 8 September 2026
  LIBERIA

  A named analyst's column in the Liberian Observer contrasts Kenya's Government Vehicle Management System, announced on 6 August 2026 by head of public service Felix Koskei to track every state vehicle's driver, fuel, mileage and maintenance, with Liberia's handover of 56 untracked vehicles and motorbikes to agriculture officers.

CITIZEN ADOPTION OF AND SATISFACTION WITH DIGITAL GOVERNMENT SERVICES

- **Kenyans among world's heaviest AI users, survey shows** — TechTrends Media Ltd, 10 September 2026

Boston Consulting Group's eighth biennial Digital Government Citizen Survey found 87% of Kenyan respondents use AI at least weekly, against a global average of 64%. Kenya's adoption of digital government services is 49%, net satisfaction fell five points since 2024 to 64%, and only 12% of users reported no problems, the lowest share of any market surveyed.

MULTI-VENDOR ELECTRONIC SEALS UNDER THE REGIONAL CARGO TRACKING SYSTEM

- **Approved vendors for the electronic monitoring and tracking of goods under customs control and transition to the multi-vendor user-owned framework** — Kenya Revenue Authority, 11 September 2026

  The Kenya Revenue Authority has approved 15 vendors to provide electronic tracking of goods under customs control, moving the Regional Electronic Cargo Tracking System to a multi-vendor, user-owned model for dry-cargo and fuel seals. KRA-owned seals will be phased out by 26 October 2026. The notice does not list the vendors.

- **KRA's unveils new system to boost cargo security and risk management** — The Standard, 15 September 2026

  The Kenya Revenue Authority is replacing its government-owned electronic cargo seal system with a multi-vendor framework from 26 October 2026, under the Regional Electronic Cargo Monitoring System. Importers, exporters, agents and transporters will choose among 15 approved private vendors for dry cargo and fuel seals; the authority says this brings GPS tracking and geofencing.

- **Traders support revenue agency's multi-vendor cargo tracking system** — The Star (Kenya), 16 September 2026 EAST AFRICA

  Importers, exporters and logistics firms welcomed the Kenya Revenue Authority's decision to open the regional electronic cargo tracking system to private seal vendors. The Shippers Council of Eastern Africa expects competition to end seal shortages that have delayed transit cargo at Mombasa.

ONLINE DRIVING-LICENCE RENEWAL AND APPLICATION SERVICE

- **NTSA Clarifies System Hitch Affecting Driving Licenses** — Kenyans.co.ke, 11 September 2026

  Kenya's National Transport and Safety Authority said on 11 September 2026 that a fault on its side was blocking online driving-licence renewals and first-time applications, which showed a blank page. It gave no date for a fix. The outage came a day after the authority began a nationwide document-compliance crackdown with the police.

DIGIKEN PROGRAMME

- **Kenya's DigiKen Programme Mobilises $4.26 Million for Digital Transformation** — Tech Africa News, 15 September 2026

  A multi-stakeholder digital programme carrying about US$4.26m in funding and co-financing supports fifteen innovation hubs in media and information literacy, digital skills, platform entrepreneurship and sustainable agriculture. Its steering committee reviewed progress.

HUDUMA CENTRES

- **Mwea residents get government services closer home with new Huduma Centre** — Kenya Broadcasting Corporation, 18 September 2026

Kenya's Deputy President, Kithure Kindiki, commissioned the Mwea Huduma Centre at Ngurubani on 18 September 2026; it has operated since July. It is Kenya's 61st Huduma Centre and offers identity documents, birth and death certificates and Kenya Revenue Authority services under one roof, with a Jitume ICT hub for youth digital skills.

- **Huduma Centres face legal test after 12 years without framework** — Daily Nation, 15 October 2026

  Kenya's Auditor-General found that the secretariat running the Huduma Centres has worked since 2014 without the policy and legal framework its founding notice requires, so the legality of its operations could not be confirmed. The Public Service principal secretary told MPs a draft framework is with the Cabinet Secretary.

PARTY AND OBSERVER ACCESS TO THE VOTER REGISTRATION SYSTEM'S SOURCE CODE AND AUDIT LOGS

- **Political parties, election observers to access IEBC voter register** — The Standard, 20 September 2026

  Kenyan political parties and election observers are to be given access to the source code and audit logs of the electoral commission's continuous voter registration system, following a court directive. The account is a free lede behind a paywall and names neither the court, the case nor the date of the directive.

KENYA DIASPORA IMPACT PLATFORM

- **Kenya, UN and Equity Sign Joint Declaration of Intent for the Kenya Diaspora Impact Platform Initiative** — State Department for Diaspora Affairs, Kenya, 21 September 2026

  Kenya's government, the United Nations in Kenya and Equity Group Holdings signed a joint declaration of intent in New York on 20 September 2026 to work on the Kenya Diaspora Impact Platform, a digital gateway linking diaspora investors to verified investment and development projects in Kenya. No budget, operator or launch date is given.

ELECTRONIC TRAVEL AUTHORISATION (ETA) SYSTEM

- **Mohammed & another v Ministry of Interior and National Administration & 4 others (Constitutional Petition E006 of 2026) [2026] KEHC 15080 (KLR) (5 October 2026) (Judgment)** — High Court of Kenya at Marsabit (Kenya Law), 5 October 2026

  Kenya's High Court at Marsabit on 5 October 2026 dismissed a constitutional petition against mandatory travel health insurance for foreign visitors under Gazette Notice No. 11492 of 30 July 2026. The court held the notice valid and found the petitioners' claim that insurance data collected through the Electronic Travel Authorisation system was insecure to be general and unproven. No costs were awarded.

INSTANT FINES TRAFFIC MANAGEMENT SYSTEM

- **Senate seeks clarity on traffic cameras and NTSA's automated fines** — Radio Generation, 9 October 2026

  Kenya's Senate ICT committee questioned National Transport and Safety Authority director general Nashon Kondiwa on 8 October 2026 about the Instant Fines Traffic Management System, including its legal basis and how offences are detected, notified and paid. The High Court halted automated penalties under the system on 12 March 2026, three days after its announcement, and the authority withdrew its launch notice on 27 March.

Lesotho

NATIONAL DATA VALUE CREATION BLUEPRINT

- **The Government of Lesotho tabled a National Data Value Creation Blueprint draft to position Lesotho competitively on the international digital landscape** — Government of Lesotho (sourced from Lesotho News Agency, LENA), 16 September 2026

Lesotho's Ministry of Information, Communications, Science, Technology and Innovation presented a draft National Data Value Creation Blueprint for validation at a workshop in Maseru, reported on 16 September 2026. Participants reviewed its strategic framework, priority use cases and required infrastructure, with three to five flagship use cases to be selected. The Smart Africa Digital Academy is guiding the work; the draft itself is not published.

- **Lesotho makes history** — Lesotho Times, 17 September 2026

  Lesotho became the first country to validate a Smart Africa Data Value Creation Blueprint, at a workshop in Maseru convened by its ICT ministry with Smart Africa and GIZ. An accompanying diagnostic calls the country's data ecosystem emerging but fragmented, rates data quality, access and interoperability weakest of five dimensions, and lists 11 priority gaps.

Liberia

ISOFT PUBLIC SECTOR INTERNAL AUDIT MANAGEMENT SYSTEM

- **IAA Goes Digital** — The New Dawn Liberia, 9 September 2026

  Liberia's Internal Audit Agency was due to launch its own custom software for planning, running and tracking internal audits across government on 10 September 2026 at Monrovia City Hall, Information Minister Jerolinmek Matthew Piah announced. It is the agency's first in-house digital system. No cost is given.

- **IAA Launches Digital System to Strengthen Public Sector Audits** — Liberian Observer, 11 September 2026

  Liberia's Internal Audit Agency launched the iSoft Public Sector Internal Audit Management System in Monrovia, reported on 11 September 2026. Director General David Kermah said it replaces paper-based auditing and lets auditors plan audits, track findings and management responses, and produce reports from a central dashboard. No cost is given.

- **Liberia: IAA Launches Digital Platform To Improve Audit Processes** — FrontPageAfrica, 11 September 2026

  Liberia's Internal Audit Agency launched iSoft, a public-sector audit management system, in Monrovia on 10 September 2026 to replace paper-based audits. Director General David Kemah said auditors can plan audits, track findings and management responses, and produce real-time reports, with an audit trail for every government institution. No cost or supplier is given.

GENERAL AUDITING COMMISSION AUDIT AUTOMATION SYSTEM

- **GAC Automates Public Audits** — The New Dawn Liberia, 23 September 2026

  Liberia's General Auditing Commission has begun automating public-sector audits, with KPMG contracted to build audit software under a World Bank-supported project, deputy information minister Daniel Sanoe said at a press briefing on 22 September 2026. No contract value or timetable is given.

ONLINE POLICE CLEARANCE PLATFORM

- **Police Online Clearance Generates US$200K** — The New Dawn Liberia, 8 October 2026

  Liberia's online police clearance system has generated more than US$200,000 since May 2026, the deputy information minister said. No figure for the manual system it replaced was given.

Libya

ELECTRONIC VISA APPLICATIONS AND APPROVALS

- **مركز خدمة المواطن يبحث دعم منظومة التأشيرة الإلكترونية** — ليبيا أوبزيرفر (Libya Observer, Arabic), 5 September 2026

Libya's Citizen Service Centre and the Passports, Nationality and Foreigners Affairs Authority agreed a joint technical and administrative support mechanism for the national E-Visa system, reported on 5 September 2026. It will receive and process enquiries and complaints from citizens and residents and unify communication between the agencies involved. No date or resources are given.

CUSTOMS AUTOMATED INSPECTION AND COASTAL MONITORING CONTRACTS

- **"Leading international companies" discuss with Customs Authority activating automated inspection contracts & projects** — Libya Herald, 16 September 2026

  Libya's Customs Authority met foreign contractors on 15 September 2026 to revive automated inspection, container scanning and coastal monitoring contracts signed in earlier years but never completed. The meeting reviewed what had been delivered and what had blocked the rest; no contract values or dates were given.

UNIFIED NATIONAL DATABASE FOR INTERNATIONAL SUPPORT

- **المركزي» يبحث إنشاء منظومة إلكترونية وقاعدة بيانات موحدة للدعم الدولي»** — بوابة الوسط, 21 September 2026

  Libya's central bank governor, Naji Issa, put forward an electronic system and a single national database for recording and following up international grants, projects and support. He made the proposal on 21 September 2026 at the second meeting of the committee set up under prime-ministerial decision 422 of 2026. The idea is still under discussion and has not been adopted.

ATHAR AUDIT-TASK PLATFORM

- **ديوان المحاسبة ينظم ندوة تعريفية لمنصة (أثر) لإدارة ومتابعة المهام الرقابية .** — Libyan News Agency (LANA), 8 October 2026

  Libya's Audit Bureau presented its Athar platform for managing and following up audit tasks to more than 140 audited bodies at a seminar in Tripoli on 7 October 2026. Bureau head Khaled Shakshak said it is the digital channel for communication and information exchange between the Bureau and the bodies it audits.

Madagascar

ALALANA EXPORT-AUTHORISATION PLATFORM

- **COMMERCE - Les démarches d'exportation simplifiées** — L'Express de Madagascar, 22 September 2026

  Madagascar's Ministry of Commerce and Consumption began two days of training for its regional directorates on Alalana, a platform for handling export authorisation requests, at Mahamasina on 21 September 2026. Minister Andriamadison Haingotiana said it speeds up processing and makes it more transparent; vanilla and cloves are among the products covered. No launch date, cost or supplier is given.

TOROHY TAX-ADMINISTRATION CORRUPTION REPORTING PLATFORM

- **LUTTE CONTRE LA CORRUPTION - Le colonel Randrianirina appelle le fisc à sévir** — L'Express de Madagascar, 10 October 2026

  Madagascar's tax directorate launched Torohy on 9 October, a platform for the public to report corruption in the tax administration. The head of state asked for the same at customs and the treasury.

E-PASIPAORO ONLINE PASSPORT APPLICATION PORTAL

- **ADMINISTRATION – Le site de demande de passeport en ligne en cours de test, selon le ministère en charge du Développement numérique** — 2424.mg, 11 October 2026

Madagascar's digital ministry said its online passport application portal is being tested. Applicants will be able to file, pay and track a first application, renewal or replacement online, while biometric capture and signature remain in person; no launch date was given.

Malawi

MALAWI NATIONAL ELECTRONIC PROCUREMENT SYSTEM

- **WORLD BANK COMMENDS MANePS PROGRESS** — Public Procurement and Disposal of Assets Authority (Malawi), 7 October 2026

  A World Bank team reviewed progress on Malawi's electronic procurement system MANePS with the procurement authority PPDA in early October 2026 and urged more training so that all public bodies use it by December 2026. As of 5 October the system had 7,417 registered suppliers, 216 of 250 targeted annual procurement plans published and 562 tenders. MANePS is World Bank-funded.

NATIONAL CONTENT DELIVERY AND MONETIZATION PLATFORM

- **Request for Proposals: consultancy services for a content delivery application (MACRA)** — Malawi Communications Regulatory Authority (MACRA), 14 October 2026

  Malawi's communications regulator MACRA issued a request for proposals on 14 October 2026 for a National Content Delivery and Monetization Platform for broadcasters and creators. The system is to cover streaming, digital rights management, royalty reporting and mobile-money payments, with dashboards for COSOMA and the Censorship Board; proposals open on 3 November 2026.

Mauritania

ELECTRONIC INVOICING AND TAX PLATFORM FOR PUBLIC ESTABLISHMENTS

- **Mauritanie : les établissements publics passeront à la facturation et aux paiements électroniques dès novembre - TAWASSOUL** — Tawassoul, 1 October 2026

  Mauritania's tax directorate said public establishments must use an electronic platform for invoicing, tax declarations and tax payments from 1 November 2026, reported on 1 October. No invoice may be paid unless first registered and validated on the platform. Training and technical support run through October.

SANAD UNIFIED SOCIAL ASSISTANCE PLATFORM

- **تآزر تطلق منصة "سند" الرقمية لتسهيل وصول المواطنين إلى المساعدات والحقوق الاجتماعية** — Le Quotidien de Nouakchott, 9 October 2026

  Mauritania's national solidarity agency launched Sanad, a single digital platform for social assistance. It opens with transport costs for 11,656 pupils and students from households in the social registry, who are verified by facial recognition.

Mauritius

ONLINE WASTE CARRIER LICENCE APPLICATIONS (ECONOMIC DEVELOPMENT BOARD PLATFORM)

- **Ile Maurice: Les demandes de «Waste Carrier Licence» en ligne à partir d'octobre** — Le Mauricien (via allAfrica), 22 September 2026

Mauritius's environment ministry announced on 21 September 2026 that applications for a Waste Carrier Licence must be made online through the Economic Development Board platform from October. The rule covers individuals, companies, parastatals, local authorities and ministries, who must upload scanned identity and vehicle documents.

ONLINE APPLICATION FOR THE STATE AGE PENSION

- **Highlights of Cabinet Meeting - Friday 09 October 2026** — Office of the Prime Minister, Mauritius, 9 October 2026

  Mauritius opened online applications for the State Age Pension from 7 October 2026, the Cabinet noted on 9 October, with a pension estimate app on the KOREK! government super-app. People with limited digital access can apply with help at 38 social security offices.

ONLINE APPLICATION PLATFORM FOR THE WATER TANK AND PUMP GRANT

- **«Water Tank and Water Pump Grant Scheme» : Les demandes d'aide pour les réservoirs d'eau bientôt en ligne** — L'Express (Maurice), 12 October 2026

  Mauritius's ICT ministry says it is building an online application platform with the Central Water Authority for a household water tank and pump grant announced on 9 October. Access terms are to follow.

SAFE CITY CAMERA NETWORK

- **Highlights of Cabinet Meeting - Friday 16 October 2026** — Office of the Prime Minister, Mauritius, 16 October 2026

  Mauritius's Cabinet noted on 16 October 2026 that 162 Safe City cameras on 75 sites were damaged in the riots that began on 12 October. It also noted that the Mauritius Revenue Authority and ATAF will host the first Digital Tax Administration Conference on 19-21 October 2026.

Morocco

ELECTRONIC FILING OF ELECTION CANDIDACIES

- **انتخاب أعضاء مجلس النواب.. إيداع التصريحات بالترشيح إلى غاية 9 شتنبر (بلاغ للداخلية)** — Assabah, 4 September 2026

  Morocco's interior ministry said candidacies for the 23 September 2026 House of Representatives election must first be filed online on elections.ma, open from 31 August until noon on 8 September, before original files are lodged with the authorities by noon on 9 September. Equipped rooms are provided at prefectures and provinces, and campaigning runs from 10 to 22 September.

IDARATI NATIONAL PORTAL, NEW VERSION

- **Idarati : vers une administration plus proche, proactive et centrée sur le citoyen** — Ministère de la Transition Numérique et de la Réforme de l'Administration (MTNRA), 18 September 2026

  The Moroccan digital transition ministry's own communiqué on the relaunched Idarati portal presents it as a proactive, user-centred single access point to administrations' digital services.

- **Lancement de la nouvelle version du portail national Idarati, pour une administration plus proche et plus intelligente** — Assahafa, 18 September 2026

  Morocco's digital transition ministry launched a new version of the Idarati portal, giving access to 874 online services organised around user journeys and 2,533 published administrative acts, with a feedback function, an accessibility redesign and a marketplace of AI solutions. The ministry presents it as groundwork for Idarati X.0.

Mozambique

ROAD TRANSPORT DIGITAL LICENSING SYSTEM

- **INATRO lança sistema de licenciamento digital** — Jornal Notícias, 1 September 2026

  Mozambique's road transport institute, INATRO, launched a digital licensing system at the Maputo International Fair on 1 September 2026. Applications for special transit licences for oversize and overweight vehicles, and certificates for emergency lights and sirens, can now be made and issued fully online.

CITIZEN PORTAL

- **ATDI apresenta Portal do Cidadão e coloca serviços públicos à distância de um clique** — Agência de Transformação Digital e Inovação, IP (ATDI), 3 September 2026

  Mozambique's digital transformation agency ATDI presented its Citizen Portal at the Maputo International Fair on 3 September 2026, a single site for checking requirements, submitting and tracking requests and receiving documents. ATDI listed supporting projects including interoperability, digital identity, the GovNET state network, a state e-payments system and the CloudGov government cloud. No launch date or cost is given.

- **ATDI lanca Portal do Cidadao na FACIM 2026 para digitalizar mais de 140 servicos publicos em Mocambique** — MZNews, 4 September 2026

  Mozambique's digital transformation agency formally presented the Portal do Cidadao at the 61st Maputo international fair, a platform to centralise and digitise about 140 public services nationwide and remove the need to travel to different state institutions.

- **ATDI lança Portal do Cidadao na FACIM 2026 para digitalizar mais de 140 servicos publicos em Mocambique** — MZNews, 4 September 2026

  Mozambique's digital transformation agency unveiled the Portal do Cidadao at the Maputo international fair, a single virtual counter for about 140 public services where citizens check requirements, submit applications, track case status, receive notifications and obtain official documents remotely. The agency named two supporting pillars - interoperability between public bodies so citizens are not asked twice for the same data, and a digital identity for secure authentication.

- **Moçambique acelera modernização do Estado para colocar serviços básicos na palma do cidadão** — Brasil 247, 8 September 2026

  An official of Mozambique's Agency for Digital Transformation and Innovation (ATDI), set up in March 2026, said 23 million of the country's 35 million people are unidentified and only about 200,000 of some 2 million annual births are registered. He said the single public services portal already offers 21 services, including identity cards, driving licences and passports.

STATE DIGITAL CERTIFICATION SYSTEM

- **Mozambique PM urges INTIC to expand digital certification across state institutions** — TechReviewAfrica, 11 September 2026

  Mozambique's prime minister, Benvinda Levi, told the national ICT institute INTIC on 5 September 2026, at the Maputo International Fair (FACIM 2026), to speed up and extend its digital certification system to all state institutions. She was briefed on INTIC's work on cybersecurity, certification and licensing. No timetable or budget is given.

GOVERNMENT EMAIL SERVICE (CORREIOGOV)

- **Governo restabelece Serviço de Correio Electrónico após intervenção técnica** — MZNews, 14 September 2026

  Mozambique's Digital Transformation and Innovation Agency said the government email service, CorreioGOV, had been fully restored after a technical intervention. Some services that had been unavailable remained partly restricted, with a return to normal expected during 14 September. No cause or duration of the outage is given.

- **Mozambique: Government email service restored after maintenance work** — Club of Mozambique, 14 September 2026

  Mozambique's digital transformation agency said the government email service CorreioGOV was restored after maintenance, with some peripheral services still restricted. Neither the start of the outage nor its cause was given.

DIGITAL SERVICE DELIVERY DESIGN LAB

- **ATDI Reforça Coordenação Institucional para Melhorar Qualidade dos Serviços Públicos ao Cidadão** — CAMARAMEN, 5 October 2026

  Mozambique's digital transformation agency ATDI held its first Design Lab for digital public service delivery at Macaneta, Maputo province, with the World Bank and the Tony Blair Institute for Global Change. Representatives of the transport institute INATRO, the civil identification directorate, the justice ministry and the one-stop service counters mapped the citizen's route through state services. It falls under the World Bank-funded EDGE project.

- **Mozambique launches its first Design Lab to integrate digital public services** — Club of Mozambique, 6 October 2026

  Mozambique's digital transformation agency held the country's first Digital Service Delivery Design Lab, bringing public bodies and partners together to pick priority services, map how citizens use them now and redesign them. The process runs in five stages, ending in assigned responsibilities and action plans.

REGULATION ON INDUSTRIAL ACTIVITY LICENSING

- **Mozambique: Industrial licences to be automatically approved if state misses statutory deadlines; digital licences to carry QR codes** — Club of Mozambique, 13 October 2026

  Mozambique's new Regulation on Industrial Activity Licensing, replacing the 2014 rules, moves applications onto the e-BAU citizen-services platform and issues licences electronically with QR codes. From 8 November 2026, applications are deemed approved if the authority misses its statutory deadlines, including five working days to assess applications.

CENTRO PRONTO INTEGRATED DOCUMENT CENTRE

- **DIGITALIZAÇÃO: Novo centro de emissão de documentos é uma realidade** — Jornal Notícias, 14 October 2026

  President Daniel Chapo opened Centro Pronto in Maputo on 14 October, a centre that issues identity cards, passports, DIRE residence documents, driving licences and residence permits in one place. It was launched at the Citizen Connect Africa conference.

- **Governo Digitaliza Serviços de Identificação e Reduz Burocracia** — BNEWS, 16 October 2026

  Mozambique's digital transformation agency ATDI opened the Centro Pronto service centre in Maputo in October 2026, built with India's VFS Global. It combines an online portal, self-service kiosks and assisted counters, initially for passports, identity cards, driving licences and foreigners' residence documents.

- **Altas taxas cobradas no novo Centro Pronto para BI, passaporte, carta de condução e DIRE revoltam cidadãos** — MZNews, 19 October 2026

  Fees at Mozambique's new Centro Pronto document centre have drawn public anger, as the private centre adds its own fee and 16% VAT to the state fee. An adult identity-card renewal costs MZN 1,058.12 in total, of which the state fee is MZN 160. A driving-licence renewal costs MZN 5,201.84 and an express passport renewal MZN 10,725.10.

Namibia

DIGITAL DISABILITY ASSESSMENT SYSTEM

- **Digital disability system faces rural roadblocks** — The Namibian, 8 September 2026

  Namibia's health ministry has launched a digital disability assessment system. On 8 September 2026 the Namibian Organisation of Youth with Disabilities welcomed the change but warned that poor rural connectivity, inadequate equipment and limited digital skills could make the system a new barrier outside the main towns.

GOVERNMENT PENSION FUND INTEGRATED ADMINISTRATION SYSTEM

- **GIPF to invest N$40m in new pension administration system** — The Brief (Namibia), 23 September 2026

  Namibia's Government Institutions Pension Fund plans to spend about N$40m on a new pension administration system built by Kenyan firm Cystech, its chief operating officer, Elvis Nashilongo, said, reported on 23 September 2026. Less than N$5m has been spent and the build should take about 16 months. The fund has signed data-sharing agreements with the revenue agency, the finance and home affairs ministries and financial institutions.

STANDARDISED REPORTING TEMPLATE FOR ONLINE GOVERNMENT SERVICES

- **Cabinet directs MICT to standardise online service reporting** — NAMPA, 8 October 2026

  Namibia's Cabinet directed the ICT ministry to develop a standard template for reporting which government services are available online.

Niger

SECURE GOVERNMENT INTRANET

- **Ministère de la Communication et des NTI : le nouveau ministre Hamani Kargné officiellement installé** — ActuNiger, 24 September 2026

  Hamani Kargné took office as Niger's Minister of Communication and New Information Technologies at a handover ceremony on 22 September 2026, succeeding Adji Ali Salatou. His stated priorities include digitising public services through a secure government intranet, narrowing the digital divide between rural areas and towns, supporting start-ups and cybersecurity.

Nigeria

NPF VIGILANT FRAUD REPORTING APP

- **Police Launch Vigilant App for Public Reporting of Financial Fraud** — Nigeria Info FM, 2 September 2026

  The Nigeria Police Force launched the NPF Vigilant App on 1 September at its conference centre in Jabi, Abuja, a public channel for reporting suspected financial fraud, uploading evidence and tracking a case through to feedback. It was built by the Force ICT Department with financial-sector stakeholders and is meant to

coordinate police handling with banks; the Central Bank of Nigeria, NIBSS, banks and fintechs attended. Inspector-General Olatunji Disu said the technology must be deployed lawfully and ethically, with respect for privacy and data protection.

ONDO PAY STATE PAYROLL AND HUMAN RESOURCES PLATFORM

- **Aiyedatiwa Ushers in New Era of Digital Governance with Ondo Pay** — ThisDay, 4 September 2026

  Nigeria's Ondo State government launched Ondo Pay, an AI-enabled human resources and payroll platform for its civil service, combining employee records, salary computation, approvals and pension migration. A mobile app gives staff access to payslips and deductions. The state says linking records to Bank Verification Number data will remove duplicate and non-genuine records and unauthorised payments.

112 NATIONAL EMERGENCY NUMBER

- **Shettima urges swift action as Nigeria prepares for nationwide rollout of 112 emergency line** — NALTF (Federal Government of Nigeria), 9 September 2026

  Nigeria's Vice-President Kashim Shettima directed a committee of the police, the Nigerian Communications Commission, the National Emergency Management Agency and the Federal Road Safety Corps to finalise a roadmap and operating procedures for the nationwide 112 emergency number, at a meeting in Abuja on 8 September 2026. The plan goes to the National Economic Council, which has approved 112 as the single emergency number. No budget is given.

BUREAU OF PUBLIC PROCUREMENT DIGITAL SUBMISSION PORTAL

- **As Nigeria's procurement goes digital, why can't citizens see the contracts?** — Development Diaries, 9 September 2026

  Nigeria's Bureau of Public Procurement has made its Digital Submission Portal mandatory for procurement requests from federal ministries, departments and agencies, Development Diaries reports. The outlet notes that the government has not said it will publish contract awards, amounts or delivery records, and cites duties under the Public Procurement Act 2007 to maintain a contractor database and keep procurement records.

CITIZEN ADOPTION OF AND SATISFACTION WITH DIGITAL GOVERNMENT SERVICES

- **Nigeria's digital government adoption now 50%, weekly usage hits 91%** — Techeconomy, 9 September 2026

  Boston Consulting Group's eighth biennial Digital Government Citizen Survey, covering 44 countries, found 91% of Nigerian respondents use AI weekly, the highest of any market surveyed. Nigeria's adoption of digital government services stands at 50%, and net satisfaction with them fell five points since 2024 to 64%.

ACADEMIC CREDENTIAL AUTHENTICATION PORTAL

- **Nigeria fully digitizes academic credential verification** — Biometric Update, 10 September 2026

  Nigeria's education ministry says academic certificate authentication is now fully digitalised, with the whole credential evaluation and authentication process completed online through a dedicated government portal. The minister described it as capping several months of coordinated work.

PROCESSING TIME FOR AFCFTA CERTIFICATES OF ORIGIN

- **Nigeria Cuts AfCFTA Export Certificate to 24 Hours As Trade with Africa Grows** — THISDAY, 10 September 2026

Nigeria has cut the processing time for continental free-trade certificates of origin to 24 hours from more than five days, the trade minister announced in Abuja. She disclosed it at the third-quarter meeting of the free trade area's central coordination committee, presenting it as easing business for exporters.

ONDO AI CIVIL-SERVICE AND PENSION PLATFORM

- **Ondo Launches AI System to Automate Civil Service, Pension** — ThisDay, 25 September 2026

  Ondo State launched Ondo AI, a platform built by SmartApps IT Limited that automates civil-service personnel records, payroll, retirement processing and pension migration. It flags workers nearing retirement and gives staff self-service payslips.

NATIONAL ASSEMBLY LEGISLATIVE INFORMATION SYSTEMS

- **NASS to digitise records, translate laws into local languages** — Premium Times, 29 September 2026

  Nigeria's National Assembly Library Trust Fund said on 28 September 2026 that it is building electronic repositories, a legislative mobile app and a Bills Tracker, and plans to translate federal laws into Hausa, Yoruba, Igbo and other Nigerian languages. Executive secretary Henry Nwawuba announced the plans at the opening of the 2026 National Assembly Library Week. No cost or timetable is given.

GALAXY BACKBONE PAPERLESS APPROVAL PLATFORM FOR FEDERAL AGENCIES

- **GBB Promises to Increase Numbers of Digitalised MDA's from Current 30, Says Adeyanju** — ThisDay, 11 October 2026

  Nigeria's state network operator said more than 30 federal ministries, departments and agencies have moved onto one platform for paperless approval of documents and memos, and promised wider adoption. It gave no list of agencies and no target; customers at the same event pressed for faster complaint handling.

INEC CANDIDATE NOMINATION PORTAL

- **2027: I've handed everything over to God, says INEC chairman** — Vanguard, 14 October 2026

  INEC chairman Joash Amupitan told a Yiaga Africa forum on AI and democracy in Abuja that the 2027 election will involve more than 103 million registered voters at 176,846 polling units. He said INEC has received additional BVAS devices, its nomination portal has processed more than 15,000 nominations from 22 parties, and voter registration is now online.

Rwanda

INTEGRATED FINANCIAL MANAGEMENT INFORMATION SYSTEM

- **IFMIS Upgraded to Modern Platform, Strengthening Public Financial Management** — Ministry of Finance and Economic Planning (MINECOFIN), Rwanda, 6 October 2026

  Rwanda's finance ministry has finished upgrading its Integrated Financial Management Information System, replacing legacy components that had reached the end of support. It plans to use the same approach on the schools data management system and the SACCO core banking system.

INTEGRATED PERSONNEL AND PAYROLL INFORMATION SYSTEM

- **IPPIS Developer API — api.ippis.rw** — IPPIS Rwanda, 16 October 2026

  Rwanda's public-sector HR platform, IPPIS, offers a REST API through which approved government partner systems can retrieve public servants' NID-verified profiles, education, work history and related records. Access requires partner credentials and bearer tokens.

Senegal

E-JUSTICE COURT DIGITISATION PROGRAMME

- **Le Sénégal mise sur le numérique pour rapprocher les citoyens des tribunaux** — Le Soleil, 4 September 2026

  Senegal's justice ministry is to launch two digital platforms on 10 September 2026, Le Soleil reported on 4 September. e-Justice, backed by the UN Development Programme and piloted at the Pikine-Guédiawaye high court, puts case registration, prosecution, registry and appeals work online; Jokkoo ak Yoon takes citizens' complaints by free phone line, SMS, USSD and audio or video messages in national languages.

- **Modernisation de la justice : Les plateformes e-Justice et Jokko Ak Yoon officiellement lancees** — Seneweb, 10 September 2026

  Senegal officially launched two judicial digital platforms at the Lat Dior courthouse in Dakar, in a ceremony chaired by the justice minister's chief of staff. The launch is presented as a turning point in the modernisation and citizen accessibility of the judicial system.

SINGLE PUBLIC SERVICES CENTRE ON THE ASAN MODEL

- **Senegal sets sights on Azerbaijan's ASAN Khidmet model rollout** — Trend News Agency, 4 September 2026

  Senegal plans to open a single public-services centre on Azerbaijan's ASAN Khidmet model within three to four months, its civil service minister Mamadou Lamine Diante said in Baku on 4 September 2026. He spoke at the signing of a memorandum between his ministry and the Organisation of Islamic Cooperation's Islamic Labour Centre.

PUBLIC PROCUREMENT PLATFORM APPEL

- **GÉNÉRALISATION APPEL ET ACCÈS AUX OPPORTUNITÉS DE LA PLATEFORME :L'ARCOP accélère la préparation des entreprises** — Autorité de Régulation de la Commande Publique (ARCOP), 16 October 2026

  Senegal's procurement regulator ARCOP told contracting authorities to load their 2027 procurement plans onto its APPEL e-procurement platform by 1 December 2026, ahead of general use from January 2027. It is training more than 325 contracting authorities and briefed ICT firms on the platform's electronic signature, encryption and timestamping.

Seychelles

PUBLIC-SERVICE DIGITAL HUMAN RESOURCE MANAGEMENT SYSTEM

- **Government Targets Introduction of Digital Human Resource Management System in 2027** — State House Seychelles, 14 October 2026

  Seychelles' Vice-President, Sebastien Pillay, said on 14 October 2026, at a State House briefing with FreeBalance, that the government aims to begin introducing a digital human resource management system for the public service in 2027. He also said more digital transactions should be processed within Seychelles. FreeBalance's role and the cost are not stated.

Sierra Leone

SIERRASEAT AUDIT MANAGEMENT INFORMATION SYSTEM

- **Audit Service Sierra Leone Advances Digital Transformation with SierraSeat Post-Configuration Training** — AFROSAI-E, 3 September 2026

Audit Service Sierra Leone trained 25 staff on SierraSeat, its audit management information system, from 3 to 5 August 2026, completing the final stage of user acceptance testing. The system is a localised version of AFROSAI-E's A-SEAT, funded by the World Bank. The service intends to declare it operational subject to testing and management approval.

VISION-SL MINISTERIAL PERFORMANCE PLATFORM

- **Chief Minister digitises Ministerial performance to strengthen accountability** — Concord Times, 12 October 2026

  Sierra Leone's Chief Minister, David Moinina Sengeh, opened a workshop at which ministries and agencies were shown VISION-SL, a digital platform to hold ministerial performance contracts, targets, indicators and quarterly progress reports in one system, reported on 12 October 2026. It is meant to track the national development plan and still awaits validation and testing. No cost or launch date is given.

South Africa

ONLINE CANDIDATE NOMINATION SYSTEM

- **IEC shoots down ANC's glitch claims ahead of election** — TimesLIVE, 2 September 2026

  South Africa's Electoral Commission rejected claims that a system failure blocked a party's candidate submissions for the November local elections, its chief electoral officer saying the commission held no reports of a non-functional online nomination system on deadline day. More than 140,000 candidates have been nominated for about 10,500 council seats, to be scrutinised between 4 and 16 September.

- **Inaccurate and unverified ID numbers found on ANC election candidate lists** — The Citizen, 8 September 2026

  South Africa's ANC secretary-general Fikile Mbalula said on 8 September 2026 that some branch-submitted candidate lists for the local government elections carried inaccurate and unverified identity numbers. The party has opened an internal review of its nomination process, and has gone to the Electoral Court over the Electoral Commission's refusal to reopen list submissions.

- **IEC says ANC had zero system activity in two councils during alleged final-hour 'glitches'** — Daily Maverick, 11 September 2026

  South Africa's Electoral Commission told the Electoral Court on 11 September 2026 that its audit trail shows no ANC activity on the online candidate nomination system in two of the six municipalities where the party blames glitches for missing the 28 August deadline. The commission says its servers had no downtime, and that 2,274 candidates from 45 parties were captured but never submitted.

SITA PROCUREMENT FROM SMALL AND DESIGNATED SUPPLIERS

- **SITA spends big on procurement from SMMEs** — ITWeb South Africa, 3 September 2026

  South Africa's state IT procurement agency spent R183 million with small, medium and micro enterprises and designated groups between 1 April and 31 July, 49% of its available procurement spend against a 45% annual target.

BORDER MANAGEMENT AUTHORITY PORT HEALTH MANAGEMENT SYSTEM

- **BMA replaces e-mail with digital port system** — ITWeb South Africa, 15 September 2026

South Africa's Border Management Authority launched a Port Health Management System at Durban Harbour, replacing shipping agents' e-mailed requests with online inspections, free pratique applications, endorsements, invoicing and payment. Durban is the pilot; no date is set for other ports.

SOCIAL SECURITY AGENCY MESSAGING SELF-SERVICE CHANNEL

- **Sassa takes grant services online with WhatsApp, kiosks and Wi-Fi** — The Citizen, 18 September 2026

  South Africa's social security agency set out a modernisation programme taking grant services online: applications and payment-detail changes, electronic life certification, messaging support, self-service kiosks and free Wi-Fi at its offices. Its systems are being integrated with other government institutions, which the agency says will help detect fraud and speed processing; no uptake figure is published for any of it.

DIGITAL TRANSFORMATION OF GOVERNMENT ROADMAP

- **Minister Solly Malatsi: National Digital Sovereignty Agenda** — South African Government (gov.za), 21 September 2026

  Opening GovTech 2026 in Durban on 21 September 2026, South Africa's communications minister Solly Malatsi said government digital systems are still fragmented and that the first phase of the Digital Transformation Roadmap ends in February 2027. He presented digital sovereignty as a matter of development rather than security. He also said he had discussed with Operation Vulindlela and the Digital Council making the country a hub for submarine cables and digital infrastructure.

ELECTORAL COMMISSION RESULTS SYSTEM

- **Local Government Election Results System audit gets underway** — SAnews.gov.za, 6 October 2026

  South Africa's Electoral Commission opened its Election Results System, which captures and collates results and assigns seats, to audit by ICT experts from the ACDP, ANC, DA and MK Party from 5 to 12 October 2026. The commission said it had already completed an independent external audit of the system ahead of the 2026 local government elections.

SMART ID AND BANK-BRANCH CHANNEL

- **Good news for South Africans who want to get a smart ID from their bank** — MyBroadband, 27 September 2026

  South Africa's Home Affairs smart ID service is available at more than 500 bank branches: Capitec 247, Standard Bank 144, FNB 96 and Absa 15. Minister Leon Schreiber has said it will reach 750 branches, add first-time ID and passport applications and offer home delivery by the end of 2026. A deputy director-general said the green ID book will be phased out within two years; no invalidation date is set.

STRUCTURAL REVIEW TO REPURPOSE THE STATE IT AGENCY

- **State IT agency faces fork in the road on rehabilitation journey** — Daily Maverick, 28 September 2026

  South Africa's communications department has formally begun a structural review of what the State IT Agency should be responsible for, the minister said at GovTech 2026. The agency's managing director set out a move from custom development to shared platforms and the retirement of legacy systems.

STATE IT AGENCY AUDIT OUTCOME

- **Question to the Minister of Communications and Digital Technologies - NW5099** — Parliamentary Monitoring Group, 5 October 2026

South Africa's communications minister told Parliament in a written reply that the State Information Technology Agency (SITA) moved from a qualified audit opinion in 2024/25 to an unqualified one for 2025/26, after Cabinet approved an interim board in February 2025 and a permanent board on 6 May 2026. SITA delivered 117 e-services through 35 digital products to more than 30 public bodies and met 80.66% of procurement requests on time.

GAUTENG PUBLIC-TRANSPORT OPERATING-LICENCE DIGITAL SYSTEM

- **Gauteng transport department launches digital system to tackle operating-licence backlog** — Eyewitness News, 6 October 2026

  Gauteng's transport department launched a digital system to clear its backlog of public-transport operating licences, after six to eight months of testing with e-hailing, taxi and bus operators, municipalities and law enforcement. E-hailing operators are first in line to regularise.

INTEGRATED JUSTICE SYSTEM PROGRAMME

- **R4.9bn justice system programme sinking amid governance failures** — The Citizen (South Africa), 7 October 2026

  South Africa's Auditor-General told Parliament's justice committee on 6 October 2026 that the integrated justice system programme has not achieved its aims after about R4.9bn spent over a decade, citing unclear accountability and fragmented oversight. It found cybersecurity and access control weaknesses, and only 63 of 506 planned network upgrades completed by 31 August 2026.

ASYLUM INTENTION-REGISTRATION AND APPOINTMENT SYSTEM

- **Government to seek court guidance on asylum ruling, introduce registration system** — SAnews (South African Government News Agency), 11 October 2026

  South Africa's government will ask the courts for a supervisory order on implementing the Constitutional Court's July 2026 asylum judgment. Home Affairs is to introduce an online intention-registration and appointment system by 10 November 2026, with assisted registration at Refugee Reception Offices.

- **Home Affairs to digitise asylum applications to speed up processing** — SAnews (South African Government News Agency), 11 October 2026

  South Africa's home affairs minister said a biometric online platform for asylum applications is to be operating by 10 November 2026, checking applicants' biometrics against earlier rejected claims and verifying their travel documents. He put the backlog of asylum appeals at about 120,000, a figure he said would be confirmed.

HOME AFFAIRS SELF-SERVICE KIOSKS

- **MPs raise alarm after Home Affairs bought kiosks that remain unused** — The Citizen (South Africa), 17 October 2026

  South African MPs found self-service kiosks that Home Affairs bought under a 2024 project still undeployed, while licence fees keep running. The briefing was postponed after the director-general and chief financial officer did not attend, and no total cost was disclosed.

BORDER MANAGEMENT AUTHORITY VEHICLE TARGETING SYSTEM

- **BMA vehicle crime crackdown shifts into digital gear** — ITWeb South Africa, 19 October 2026

South Africa's Border Management Authority launched its Vehicle Targeting System at Lebombo Port of Entry on 18 October 2026. It reports 83 vehicles worth R46.6 million recovered in the six months since the system went live at land ports on 1 April 2026, with rollout to eight land ports planned by the end of February 2027.

South Sudan

ELECTRONIC TAX AUDIT MODULE

- **SSRA Launches Digital Tax Audit System to Strengthen Revenue Administration** — Juba Echo TV, 22 September 2026

  The South Sudan Revenue Authority launched an electronic tax audit module in Juba on 21 September 2026 to replace paper-based audits, backed by a directive from Commissioner General Moun Deng Ajuet banning manual audits. The platform, supported by the company Crawford Capital Pay, centralises audit cases, findings, correspondence and taxpayer records.

Sudan

ANIMAL RESOURCES MINISTRY WEBSITE

- **Animal Resources Ministry Launches Official Website** — Sudan News Agency (SUNA), 7 September 2026

  Sudan's animal resources and fisheries ministry launched an official website for producers, breeders and investors, presented as a step in digital transformation.

POLICE PUBLIC SERVICE COMPLEXES FOR IDENTITY AND CIVIL DOCUMENTS

- **من الرماد إلى الرقمنة.. مجمعات الجمهور تعود** — Sudan4News, 9 September 2026

  The head of Sudan's police public service complexes, Major General Tariq al-Rih, said on 9 September 2026 that the Omdurman and Bahri complexes, which house passport, civil registry and traffic services, are fully running and Khartoum's will partly reopen. Transactions rose from 206,362 in 2025 to 522,225 in 2026, and he set a three-month plan to put all complexes online.

- **Police Forum (5): Digital Transformation and Identity Protection Take Center Stage in the Battle of Dignity** — Fjaj Press, 10 September 2026

  Sudan's police leadership said at the fifth Police Forum in Khartoum that passports, national ID cards and driving licences will be obtainable online by phone or computer. Public service complexes have abolished cash through a partnership with seven banks, and completed transactions rose from 206,162 in 2025 to 522,225 in 2026; services are to extend to five more states.

BALADNA GOVERNMENT PLATFORM

- **National Committee for Managing the Economy: Closing Loopholes Behind Currency Value Erosion** — Sudan Horizon, 14 September 2026

  Sudan's National Economic Management Committee, chaired by Prime Minister Kamil Idris, met in Khartoum on 13 September 2026 and called for electronic connectivity and coordination among ministries and training in digital transformation. It backed the Tax Chamber to widen the tax base and directed that imports be regulated through the Baladna platform.

ITZAN NATIONAL BUDGET SYSTEM

- **وزير الدولة بالمالية يعلن بدء نظام إتزان للموازنة** — Sudan News Agency (SUNA), 16 September 2026

Sudan's minister of state for finance, Mohamed Nour Abdeldaim, announced on 16 September 2026 that the ministry has begun launching Itzan, a national budget system covering estimates, execution and analysis. It is in its final stages and is planned for use in the 2027 budget and in full from 2028, with support from UNDP, the IMF and the World Bank.

ONLINE APPLICATION AND PAYMENT FOR THE SUDAN SCHOOL CERTIFICATE

- التربية تدشن التقديم والدفع الإلكتروني لاستخراج الشهادة السودانية - الحاكم نيوز — Alhakim News, 29 September 2026

  Sudan's Ministry of Education and National Education launched online application and electronic fee payment for the Sudan School Certificate on 29 September 2026. Students can apply, pay and choose where to collect the certificate, inside or outside Sudan; the minister, Al-Tuhami Al-Zein Hajar, thanked the Ministry of Digital Transformation and Communications. No fee is stated.

Tanzania

ZANZIBAR AUTOMATED ROAD-SAFETY CAMERAS

- **Kamera za barabarani Zanzibar zaibua mjadala kila kona** — Mwananchi, 16 September 2026

  Zanzibar's automated road cameras, which catch speeding, phone use and red-light running, drew criticism in the House of Representatives over the 50 km/h limit, the Sh230,000 fine and the absence of action against government drivers. The deputy works minister said raising the limit would be examined.

NATIONAL E-PROCUREMENT SYSTEM (NEST)

- **Tanzania's Digital Procurement System Cuts Processing Time and Costs** — The Business Wiz, 25 September 2026

  Tanzania's National e-Procurement System (NeST), launched by the Public Procurement Regulatory Authority in 2023, has cut procurement processing time from 234 to 79 days and links 21 government systems, according to World Bank figures reported on 25 September 2026. Savings on printing and transport are put at US$12.5m over two years. The World Bank is providing US$15m over four years for the wider reform.

INTEGRATION OF THE YES, AJIRA AND KAZI EMPLOYMENT PLATFORMS

- **VP: Govt digital platforms 'still not helping the youth'** — The Guardian (Tanzania), 15 October 2026

  Tanzania's Vice President directed the youth and labour ministries to merge the YES youth-enrolment system, the Ajira Portal and the Kazi Portal into one interoperable network, after hearing that YES had registered over 22,000 young people but listed only seven opportunities. He asked for an integration report within a week.

Togo

ELECTRONIC SYSTEM FOR THE MONITORING AND SECURITY OF GOODS IN TRANSIT (SESS)

- **Togo Pilots Electronic Tracking for Petroleum Transit Cargo** — Togo First, 2 September 2026

  Togo's Revenue Office began a pilot in Lomé on 1 September 2026 to track trucks carrying petroleum products in transit to Burkina Faso, Mali and Niger. It extends the SESS transit-monitoring system, running since October 2022, using new devices watched from a round-the-clock command centre. Industry will help evaluate the pilot before any wider rollout.

GUICHET NATIONAL DU SERVICE PUBLIC

- **Digitalisation : le portail des services publics se modernise** — Site officiel du Togo (RTG), 3 September 2026

Togo's public services portal moved to a new version at new.service-public.gouv.tg, the government's official site announced on 3 September 2026. Existing logins remain valid and users keep access to earlier requests without resubmitting them. The government says more than 400,000 requests were processed on the portal in 2024.

- **Modernisation du portail des services publics togolais** — Lomebougeinfo, 10 September 2026

  Togo launched a new version of its public-services portal at new.service-public.gouv.tg. Existing logins remain valid and users can see their earlier requests without re-filing; the portal handled more than 400,000 requests in 2024. No launch date or cost is given.

- **Togo Adds More Administrative Procedures to Online Public Services Portal** — Togo First, 29 September 2026

  Togo's national public services portal added building-permit applications and the certification of the architect on a permit, along with services of the state broadcaster and public radio.

- **Diplomatie : le Togo dématérialise 16 démarches administratives et consulaires** — Actu Togo, 1 October 2026

  Togo's foreign ministry put 10 administrative procedures and six consular services online from 1 October 2026, through the national digital procedures portal and a consular portal that holds a register of Togolese abroad. Consular services include document legalisation, consular cards, birth and marriage certificates and laissez-passer; the work began on 31 March 2026 under the public administration digitalisation programme.

ONLINE NATIONALITY-CERTIFICATE PLATFORM

- **Citoyenneté : 300 élèves filles reçoivent gratuitement leur certificat de nationalité** — Agence Togolaise de Presse (ATOP), 11 September 2026

  Togo's directorate for nationality and identity said on 11 September 2026 that its online nationality-certificate platform has received 241,617 applications and processed 179,690, or 74%, with average processing now about four months. The figures were given in Lomé as 300 final-year schoolgirls received free certificates under a programme for 4,200 girls nationwide.

E-TPU SINGLE BUSINESS TAX PLATFORM

- **Faciliter l'accès aux services administratifs et le paiement en ligne : La plateforme e-TPU de l'OTR lancée** — Togo-Presse, 17 September 2026

  Togo's revenue office launched its single business tax platform in Lome, automating declaration and assessment, tracking deadlines, securing payment and generating tax documents, available at any hour from a phone, tablet or computer. The finance minister directed the office to run a change-management plan so taxpayers who struggle with the technology are not cut out.

SME FINANCING PORTAL

- **Togo Plans New Portal to Link SMEs With Banks and Microfinance Firms** — Togo First, 18 September 2026

  Togo's credit information bureau presented a portal on which small businesses will submit financing requests that banks and microfinance institutions review directly, guiding applicants through the documents a complete loan file needs. It is to launch by the end of 2026 with development-finance support, and Togo was chosen as the pilot country because of existing public programmes to strengthen small-business financing.

ONLINE SERVICES OF THE PUBLIC BROADCASTERS TVT AND RADIO LOME

- **Togo : TVT et Radio Lomé numérisent 10 services administratifs** — Journal du Togo, 28 September 2026

  Togo put ten services of the state broadcasters TVT and Radio Lomé online, from death-notice broadcast requests to event coverage and advertising orders, under the programme to digitalise public services.

PLANT IMPORT EPERMIT

- **Togo launches digitalisation of plant import permits to facilitate agricultural trade - Global Alliance for Trade Facilitation** — Global Alliance for Trade Facilitation, 9 October 2026

  The Global Alliance for Trade Facilitation launched a project in Lomé on 9 October 2026 to replace Togo's paper plant import permit with an electronic permit system for the Directorate of Agricultural Production. It is the Alliance's second digitalisation project in Togo after ePhyto, implemented through GIZ and funded by the European Union and the German government. No timetable is given.

Tunisia

KHADAMET MOBILE PORTAL FOR ADMINISTRATIVE SERVICES

- **Khadamet : l'administration en un clic ?** — L'Économiste Maghrébin, 2 September 2026

  L'Économiste Maghrébin reviews Khadamet, the Tunisian communication technologies ministry's single app for public services, presented on Express FM on 2 September 2026. The app uses digital identity and covers health-insurance refunds, vehicle tax, traffic fines, bill payment and children's birth certificates; the outlet argues its value depends on government back offices being interconnected. A web version is planned for people without smartphones.

- **«خدمات»: تطبيقة جديدة لتبسيط الإجراءات الإدارية ورقمنتها في تونس** — Radio Express FM, 2 September 2026

  Tunisia's communications technology ministry has released Khadamet, a mobile app giving access to administrative services through digital identity, including bill and fee payments, health and social security claims, and civil-status documents. Its wallet holds documents such as the vehicle registration card and passport and warns before they expire. An official said about 70% of Tunisians use mobile phones to reach services; a second version is expected in the coming months.

- **Application « Khadamet » : 50.000 utilisateurs en dix jours** — La Presse de Tunisie, 13 September 2026

  Tunisia's Khadamet app for online public services registered 50,000 users in its first ten days, Ahmed Megdich of the Directorate-General for Information Technology said, reported on 13 September 2026. Social security, civil status, education, bill payment and road-traffic services were among the most used.

TAAMIR BUILDING PERMIT PLATFORM

- **Tunisie : lancement de la plateforme numérique « Taamir »** — Webmanagercenter, 14 September 2026

  The municipality of Tunis launched Taamir, a digital platform for filing and tracking building-permit applications, announced on 14 September 2026. The municipality said the existing paper procedure stays in force for now. The national platform was announced on 24 June for 16 municipalities.

ELFATOORA ELECTRONIC INVOICING PORTAL

- **Tunisie TradeNet annonce le lancement du portail web de la facturation électronique** — Tunisie Numérique, 15 September 2026

  The trade network opened a web portal for electronic invoicing from 15 September, aimed at businesses and professionals with low invoicing volumes, letting them configure their environment and prepare and track invoices.

VOCATIONAL TRAINING ONLINE REGISTRATION PLATFORM

- **السنة التكوينية الجديدة: حوالي 112 ألف ترشح عبر المنصة الجديدة للتسجيل عن بعد** — Radio Sfax, 18 September 2026

Tunisia's new online registration platform for vocational training received about 112,000 applications by 17 September 2026, the start of the training year, against 70,000 in 2025, the Tunisian Vocational Training Agency said. A second platform handles hostel and canteen applications and fee payments.

INNORPI DIGITALISED INDUSTRIAL-PROPERTY SYSTEM

- **(Tunisie) Enjeux juridiques du nouveau système digitalisé de l'INNORPI. Par Montaha Ben Taieb, Juriste.** — Village de la Justice, 7 October 2026

  A Tunisian jurist, Montaha Ben Taieb, examines the legal questions raised by the digital industrial-property system that Tunisia's standards and industrial property institute, INNORPI, launched in June 2026 for trademarks, patents and designs. She covers the legal value of electronic filings, how filing dates are fixed, data protection and cybersecurity risk.

KHADAMAT PUBLIC-SERVICES MOBILE APP

- **«وزارة تكنولوجيات الاتصال: تطبيقة «خدمات» متاحة للتحميل على «آبل ستور»** — Al Chourouk, 11 October 2026

  Tunisia's communication technologies ministry released its Khadamat public-services app on a second mobile platform, after an Android release at the end of August. It is reached through the e-Houwiya digital identity and covers civil-status records, driving licence and vehicle data, traffic fines, inspection bookings, health-insurance and social-security services and e-payments.

Uganda

ELECTRONIC GOVERNMENT PROCUREMENT SYSTEM

- **Musasizi Tasks Accountants on Fiscal Discipline, Accountability** — Ministry of Finance, Planning and Economic Development (Uganda), 3 September 2026

  Uganda's finance minister, Henry Musasizi, told the 31st annual seminar of the Institute of Certified Public Accountants of Uganda in Entebbe that accountants must support fiscal discipline and evidence-based decisions. He said the government is implementing reforms including electronic government procurement to improve budget outcomes.

POLICE ARTIFICIAL-INTELLIGENCE CHATBOT

- **Uganda: UPF Set to Launch AI Chatbot to Improve Access to Police Services** — Nile Post, syndicated by allAfrica, 3 September 2026

  The Uganda Police Force said it will introduce an AI chatbot giving the public guidance on emergencies and police services, demonstrated at its ICT facility at Kikandwa in Wakiso District. Officers said it will be rolled out across the country and will not replace the 999 emergency line. No launch date is given.

FREE PUBLIC ACCESS TO THE ELECTRONIC UGANDA GAZETTE

- **UPPC opens free digital access to the Uganda Gazette** — Uganda Printing and Publishing Corporation (UPPC), 7 October 2026

  The Uganda Printing and Publishing Corporation, the government printer, announced on 7 October 2026 that the E-Gazette is now free to the public on its website. Gazette editions back to 1902 have been digitised, and its 2023–2028 strategic plan aims to digitise 80% of its products and systems by 2028.

Zambia

SMART OFFICE MANAGEMENT SYSTEM

- **SC encourages Smart Office platform utilisation** — Lusaka Times, 4 September 2026

  Zambia's Secretary to the Cabinet, Patrick Kangwa, directed all government institutions to adopt the Smart Office Platform and told the Smart Zambia Institute to report on onboarding by the end of October 2026. He spoke at the handover of the system to Zambia Airports Corporation at Chongwe; officials said it automates workflows and electronic records.

- **ZACL Becomes First State-Owned Enterprise to Adopt SMART Office** — Efficacy News, 5 September 2026

  Zambia Airports Corporation became the first state-owned enterprise onboarded onto the government's SMART Office Management System, handed over by Secretary to Cabinet Patrick Kangwa on 4 September 2026 at Kenneth Kaunda International Airport. All head-office staff have been trained, and a further 406 employees at other stations are to be trained by the end of November 2026.

TENDERS PUBLISHED THROUGH ELECTRONIC PROCUREMENT

- **Zambia's 103,326 Tenders Reveal the Scale of the Government Procurement Market** — Solwezi Today, 14 September 2026

  Zambia published 103,326 tenders on its electronic government procurement system in 2025, up from 45,724 in 2024, according to the Zambia Public Procurement Authority's annual report. The system has recorded 173,428 tenders since 2016. An economist attributes much of the rise to electronic procurement becoming mandatory from April 2025.

PUBLIC SERVICE FUNERAL SCHEME DIGITAL PLATFORM

- **Funeral Scheme Digital Platform To Be Rolled Out In October** — Lusaka Times, 24 September 2026

  Zambia's Public Service Management Division said its funeral scheme for public servants, run with Madison Life Insurance, will move to a digital platform in the first week of October 2026, reported on 24 September. Members will be able to update details, register family members and track claims by phone or computer, with Chinsali among the first districts for awareness meetings. No cost is given.

INTEGRATED MEDIA REPORTING SYSTEM (IMRS)

- **Govt. Launches Integrated Media Reporting System** — Lusaka Times, 25 September 2026

  Zambia's Ministry of Information and Media launched an Integrated Media Reporting System, built in-house, to bring its institutions' reporting onto one platform, reported on 25 September 2026. It will track the eight presidential priorities for the Presidential Delivery Unit and El Niño-related matters. No cost or rollout date is given.

DIGITAL CLIMATE ADVISORY SERVICE

- **How Zambia is building a digital climate advisory service its farmers can act on - TomorrowNow** — TomorrowNow, 6 October 2026

  Zambia's meteorological department and Ministry of Agriculture began building a Digital Climate Advisory Service in late 2025 with TomorrowNow, sending farmers SMS advice tuned to four-by-four-kilometre squares. The department's director said it reached about 35,000 farmers last season in seven local languages and aims for one million next season, adding three crops and livestock.

Zimbabwe

NATIONAL BUDGET AUTOMATION SYSTEM (BLUE BOOK SYSTEM)

- **The 2nd National Budget Automation System Piloting Workshop** — Scientific and Industrial Research and Development Centre (SIRDC), 23 September 2026

  Zimbabwe held the second pilot workshop of its National Budget Automation System, known as the Blue Book System, in Kwekwe from 21 to 25 September 2026. The research centre SIRDC, which took part, presents it as automating public finance management for more accurate and transparent budgets.

ELECTRONIC TRAFFIC MANAGEMENT SYSTEM

- **Electronic traffic system being finalised** — Zimbabwe Situation, 13 October 2026

  Zimbabwe's police said logistics for an Electronic Traffic Management System were being finalised. The system is linked to the vehicle and civil registries to identify offenders and issue penalties electronically.
