

## TWELVE-MONTH PROGRESS REPORT

# Research institutions: progress report, 2025-08-01 to 2026-08-19

Edition of 2026-08-19 · compiled from the Data Landscapers source base

27 places. Every table below is carried verbatim from that place's own progress report; nothing is written here.

**Movement values.** *Advanced* — a system entered service, a stage was completed or an instrument was made. *Stalled* — a stated target passed without delivery. *Regressed* — an instrument was withdrawn or neutralised, or a measured position worsened. *Closed* — the programme ended. *No change* — the position at both ends is the same. *Baseline not held* — the base carries no position at the start of the period, so no movement can be stated. A value may carry a qualifying clause after a comma, as in *Advanced, slipped*.

## Algeria

| SYSTEM OR INSTRUMENT                    | AT 2025-08-01 | AT 2026-08-19               | MOVEMENT |
|-----------------------------------------|---------------|-----------------------------|----------|
| High Council of Scientists (Presidency) | Did not exist | Installed at the Presidency | ADVANCED |
| Virtual-education AI innovation centre  | Did not exist | Operating                   | ADVANCED |

## Angola

| SYSTEM OR INSTRUMENT         | AT 2025-08-01                                                                                                             | AT 2026-08-19                                                                                                                                        | MOVEMENT          |
|------------------------------|---------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------|
| Statistical capacity project | A US\$60m loan, active from 2022 to 2027, supporting statistics-office modernisation, household surveys and dissemination | Unchanged; no disbursement, restructuring or results figure on file                                                                                  | NO CHANGE         |
| Science and technology park  | <b>BASELINE NOT HELD</b>                                                                                                  | Inaugurated under a US\$100m development-bank science and technology project, intended to link academia, research, companies and young entrepreneurs | Baseline not held |

## Botswana

| SYSTEM OR INSTRUMENT                             | AT 2025-08-01                                                          | AT 2026-08-19                                                                              | MOVEMENT                        |
|--------------------------------------------------|------------------------------------------------------------------------|--------------------------------------------------------------------------------------------|---------------------------------|
| National Research Agenda                         | 45 projects approved in 2024; the agenda approved by Cabinet July 2025 | 45 projects carried forward, P9.5m spent in FY2025/26, five completed and none added       | ADVANCED, NO NEW PROJECTS ADDED |
| University of Botswana virtual-reality programme | Did not exist                                                          | The first local virtual-reality programme, giving remote access to university laboratories | ADVANCED                        |

## Burundi

| SYSTEM OR INSTRUMENT                                         | AT 2025-08-01     | AT 2026-08-19                               | MOVEMENT                 |
|--------------------------------------------------------------|-------------------|---------------------------------------------|--------------------------|
| University and professional research capacity in AI and data | Baseline not held | One workshop on record; no funded programme | <b>BASELINE NOT HELD</b> |

## Cameroon

| SYSTEM OR INSTRUMENT                                  | AT 2025-08-01            | AT 2026-08-19                                                                                                                                          | MOVEMENT                 |
|-------------------------------------------------------|--------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------|
| Academic chair in digital governance                  | Did not exist            | A chair to structure research and training, fund doctoral study and advanced training for regulator staff, governed by a scientific steering committee | <b>ADVANCED</b>          |
| Sovereign scientific database and digitisation centre | <b>BASELINE NOT HELD</b> | A sovereign scientific database on a dedicated national platform and a centre for the digitisation of scientific and technical information             | <i>Baseline not held</i> |

## Congo

| SYSTEM OR INSTRUMENT                     | AT 2025-08-01 | AT 2026-08-19                                                                                                                                                                                                                | MOVEMENT        |
|------------------------------------------|---------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------|
| National AI strategy technical committee | Did not exist | A six-month mandate to produce eleven strategic deliverables in three phases, with a central pillar of a structured digital corpus for two national languages and a specific budget of FCFA 150m to 200m still to be secured | <b>ADVANCED</b> |

## Cote d'Ivoire

| SYSTEM OR INSTRUMENT           | AT 2025-08-01 | AT 2026-08-19                                                                                                                  | MOVEMENT        |
|--------------------------------|---------------|--------------------------------------------------------------------------------------------------------------------------------|-----------------|
| Cyber-security masters degrees | Did not exist | Two degrees, in information-systems security and digital forensics, with enrolment stated for the September 2026 academic year | <b>ADVANCED</b> |

## Equatorial Guinea

| SYSTEM OR INSTRUMENT                           | AT 2025-08-01            | AT 2026-08-19                                                                                        | MOVEMENT                 |
|------------------------------------------------|--------------------------|------------------------------------------------------------------------------------------------------|--------------------------|
| Research on public-administration data systems | <b>BASELINE NOT HELD</b> | One piece of national research on record; no research programme, funding line or publication is held | <i>Baseline not held</i> |

## Ethiopia

| SYSTEM OR INSTRUMENT                         | AT 2025-08-01       | AT 2026-08-19                                                        | MOVEMENT        |
|----------------------------------------------|---------------------|----------------------------------------------------------------------|-----------------|
| Digital ID Assessment as official monitoring | First run (2025-01) | Adopted as the programme's official monitoring instrument and re-run | <b>ADVANCED</b> |

| SYSTEM OR INSTRUMENT                            | AT 2025-08-01 | AT 2026-08-19                                                  | MOVEMENT        |
|-------------------------------------------------|---------------|----------------------------------------------------------------|-----------------|
| AI University Innovation Pod                    | Did not exist | Running with UNDP and Addis Ababa University                   | <b>ADVANCED</b> |
| Artificial Intelligence University construction | Did not exist | A single named capital project; no site or timetable published | <b>ADVANCED</b> |

## Gabon

| SYSTEM OR INSTRUMENT                  | AT 2025-08-01 | AT 2026-08-19                                                        | MOVEMENT  |
|---------------------------------------|---------------|----------------------------------------------------------------------|-----------|
| Gabon Statistical Development Project | Closed        | Closed, with no successor statistical-capacity operation on the base | NO CHANGE |

## Ghana

| SYSTEM OR INSTRUMENT                     | AT 2025-08-01     | AT 2026-08-19                                                                                  | MOVEMENT          |
|------------------------------------------|-------------------|------------------------------------------------------------------------------------------------|-------------------|
| Innovation centre at a public university | BASELINE NOT HELD | An advanced technology innovation centre with a foreign development agency, recorded as active | Baseline not held |

## Lesotho

| SYSTEM OR INSTRUMENT                                            | AT 2025-08-01     | AT 2026-08-19                                                                  | MOVEMENT          |
|-----------------------------------------------------------------|-------------------|--------------------------------------------------------------------------------|-------------------|
| Government and National University of Lesotho DPI collaboration | BASELINE NOT HELD | One joint review on record; no research programme, funding or output published | Baseline not held |

## Libya

| SYSTEM OR INSTRUMENT                         | AT 2025-08-01 | AT 2026-08-19                                                     | MOVEMENT |
|----------------------------------------------|---------------|-------------------------------------------------------------------|----------|
| Higher-education and research cloud platform | Did not exist | Approved and described by the authority as built on Microsoft 365 | ADVANCED |

## Madagascar

| SYSTEM OR INSTRUMENT                             | AT 2025-08-01 | AT 2026-08-19                                                         | MOVEMENT |
|--------------------------------------------------|---------------|-----------------------------------------------------------------------|----------|
| UNIPOD university connectivity and AI initiative | Did not exist | Announced; no campus connected or facility opened on record (2026-01) | ADVANCED |

## Mali

| SYSTEM OR INSTRUMENT                           | AT 2025-08-01                                                                                                                | AT 2026-08-19                                                                                                                                                                                               | MOVEMENT |
|------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------|
| Higher-education and research digital capacity | No long-term national research strategic plan on record and a 1:100 teacher-student ratio at the University of Bamako (2009) | Universite Numerique du Mali strategic framework and action plan validated; 132,186 students across 16 higher-education institutions and an 81:1 student-teacher ratio against UNESCO's 25:1 norm (2024-05) | ADVANCED |

## Mauritania

| SYSTEM OR INSTRUMENT                        | AT 2025-08-01            | AT 2026-08-19                                                                                                                                                                                                                                                                                                                                                                                         | MOVEMENT                 |
|---------------------------------------------|--------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------|
| National digital or data research programme | <b>BASELINE NOT HELD</b> | Calcul Scientifique, Informatique et Data Sciences unit at the Faculté des Sciences et Techniques, Université de Nouakchott, with 16 doctoral candidates concentrated in AI and data science (5G optimisation, blockchain/IoT process mining, health-data management, cloud-resource elasticity) and three theses defended in 2022; the accreditation period ended May 2024 with no renewal published | <i>Baseline not held</i> |

## Morocco

| SYSTEM OR INSTRUMENT                                                               | AT 2025-08-01                                                             | AT 2026-08-19                                                                                                                                                                                                                                                                                                                                                                                                                  | MOVEMENT        |
|------------------------------------------------------------------------------------|---------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------|
| National research, development and innovation support programme (PNARDI) 2025-2028 | In force since 2025-04-07; MAD 1bn committed across four editions to 2028 | MAD 1bn from a joint higher-education ministry and OCP Group fund across four editions between 2025 and 2028, of which MAD 200m is directed at mobilising Moroccan researchers resident abroad; no digital or artificial-intelligence share is stated; first edition's three named sub-programmes are IBN ALBANNA (R&D), IBN BATTOUTA (young researchers) and NEFZAOUIA (tech transfer); still no award or disbursement record | <b>ADVANCED</b> |

## Mozambique

Figures are dated because most are time-varying: a figure carries the date it was true, not the date you are reading it. Where the base holds no reliable statement, the document says **Not held** rather than leaving a silence — those are counted, and listed at the end.

This is a dated edition and is not revised after publication. If a figure here has moved, the current edition will say so.
