Governance

Strategies, plans and policies

- **أنترنت ستارلينك يطور أبواب موريتانيا** — MauriNews (مورينيوز), 15 September 2026 MAURITANIA

Mauritania appears on a satellite operator's list of sixteen African markets targeted for launch during 2026, after roughly two years seeking a licence. The authorities' conditions concern security guarantees and control over data, and an application lodged with a local partner is still pending. *Also under [Connectivity](#) and [Digital divides](#).*
- **Transformação Digital em Moçambique: ATDI e instituições alinham prioridades para modernizar o Estado** — MZNews, 15 September 2026 MOZAMBIQUE

The digital transformation agency met in Maputo to set the basis of an operational plan for 2026 to 2029, its stated aim to replace isolated systems with a common architecture. A sovereign cloud and data centre and a national interoperability platform are among the priorities. *Also under [Data Exchange](#) and [Digital Identity and CRVS](#).*
- **The Algerian Minister of Post and Telecommunications Calls for Closing AI Capacity Gap and Strengthening National Sovereignty in the Field** — Radio Algérienne, 15 September 2026 ALGERIA

The posts and telecommunications minister called for closing the global gap in artificial intelligence capability and for an international AI governance agency, speaking at a ministerial meeting on the margins of a global forum on AI ethics. *Also under [AI](#) and [Technical Capacity](#).*
- **Tchad : la commune d'Abéché et les Télécommunications unissent leurs forces pour accélérer la digitalisation** — Alwihda Info, 15 September 2026 CHAD

Abeche's town hall, the provincial telecommunications delegation and the ICT development agency met on 15 September to strengthen a partnership digitising municipal services and training staff in digital tools. *Also under [Digitalisation of sub-national government](#) and [Training and skills](#).*
- **Tanzania ICT Minister Visits TTCL Faiba Centre as Fibre Connectivity Expands** — Tech Africa News, 15 September 2026 TANZANIA

The ICT minister visited the state telecom's fibre experience centre in Dar es Salaam and was briefed on the services delivered over its fibre-to-the-home and fibre-to-the-x connections. *Also under [Connectivity](#).*
- **South Sudan advances Data Governance Framework through capacity-building workshop** — TechReviewAfrica, 15 September 2026 SOUTH SUDAN

The communications authority joined a three-day workshop on domesticating the continental data policy framework, hosted by the African Union Commission, its development agency and two partners with the ICT ministry, to set a roadmap for implementation. *Also under [Data Exchange](#) and [Regional collaboration](#).*

- **Sierra Leone to showcase open-source software policy at UNGA 81** — TechReviewAfrica, 15 September 2026

SIERRA LEONE

The communications ministry will take its open-source software agenda to a side event at the United Nations General Assembly on 24 September, with a UN partner, arguing open source supports affordable, secure and locally owned digital systems. *Also under [Other GovTech and e-Gov](#).*

- **Seghrouchni : le Maroc mise sur l'IA pour renforcer sa souveraineté numérique** — Panoramapost, 15 September 2026

MOROCCO

The digital transition minister said the country aims to make artificial intelligence a lever of digital sovereignty, territorial equity and inclusive development, speaking at an event on AI in public services. *Also under [AI](#).*

- **SADC bloc rethinks telecoms regulation** — ITWeb Africa, 15 September 2026

SOUTHERN AFRICA

The Communications Regulators' Association of Southern Africa opened its 46th executive committee meeting in Mangochi, Malawi, chaired by the Malawian regulator, with AI, satellite services, cross-border platforms and cybersecurity on the agenda. The three-day meeting is also reviewing regional consumer-protection and universal-service frameworks. *Also under [Regional collaboration](#).*

- **Liberia Has a Data Protection Law. Now Comes the Hard Part** — Liberian Observer (via allAfrica), 15 September 2026

LIBERIA

An opinion piece on the newly enacted Data Protection Act argues the law is the easy part: it sets the country's first standalone framework for collecting, processing, storing and using personal data, and implementation is what will decide whether it means anything. *Also under [Data protection](#) and [Public debate and participation in policymaking](#).*

- **Kenya's High Court voids Vodacom's \$1.5 billion Safaricom takeover** — TechCabal, 15 September 2026

KENYA

SOUTH AFRICA

A three-judge High Court bench voided the government's sale of a 15 per cent Safaricom stake, a KES 204.3bn transaction that closed less than three months earlier, ruling it unconstitutional because key information was withheld from the public, the cabinet and parliament. *Also under [ICT Industry](#).*

- **Kenya Regulator Opens Consultation on Licensing GSM-Based Alarm Response Systems** — Tech Africa News, 15 September 2026

KENYA

The communications regulator opened a consultation on a licensing framework for GSM-based alarm response systems, which use SIM-enabled devices on public mobile networks to transmit alarm signals, to define their regulatory scope and licensing requirements. *Also under [Standards](#).*

- **Kairuki: TTCL yafunguka, Tanzania yaingia kwenye Mapinduzi ya Kidijitali** — TimesMajira, 15 September 2026

TANZANIA

The ICT minister, after visiting the state telecom's fibre centre, said smartphone use has reached 47 per cent and that the ten-year digital transformation plan continues, including wider access to modern devices. *Also under [Connectivity](#) and [Other GovTech and e-Gov](#).*

- **Gov't rolls out measures to address Ghana's AI, digital infrastructure gaps - Sam George** — Citi Newsroom, 15 September 2026

GHANA

The communications minister said government has begun implementing measures against gaps a UNESCO readiness assessment identified in digital infrastructure, artificial intelligence capacity and cybersecurity, putting US\$250m against an AI computing centre and US\$200m against digitalisation. *Also under [AI](#), [Data Storage](#), [Cybersecurity](#) and [Data Exchange](#).*

- **Ghana pushes for African approach to AI ethics and infrastructure** — OnuaOnline, 15 September 2026

GHANA

The same minister called for a distinctly African approach to artificial intelligence, arguing African values, data, computing infrastructure and human capacity should be reflected in how AI is built and governed globally. *Also under [AI](#) and [Technical Capacity](#).*

- **Data governance gaps threaten economic growth potential** — Daily News, 15 September 2026

TANZANIA

A commentary argues the country is generating more data than ever while its capacity to govern, integrate, protect and use that data has not kept pace, and that the gap threatens the growth digital transformation is meant to deliver. *Also under [Data Exchange](#) and [Standards](#).*

- **Beneath Our Waters: Why Seychelles Needs a Hydrographic Office** — State House Seychelles, 15 September 2026

SEYCHELLES

Cabinet approved a hydrographic office inside the maritime safety authority, to bring hydrographic information together from across government and international partners for navigation, search and rescue, marine planning and the blue economy. *Also under [Data Exchange](#) and [Standards](#).*

- **AI-Forward Summit 2026 : de la vision à l'action, l'IA au coeur des enjeux de souveraineté et de développement** — Réalités, 15 September 2026

TUNISIA

A second artificial intelligence summit opened on 9 September in Yasmine Hammamet, organised by the Arab ICT organisation with the communications ministry, bringing more than 450 participants to questions of sovereignty and governance. *Also under [AI](#) and [Public debate and participation in policymaking](#).*

Legislation and regulation

- **État civil au Togo : le MATGLAC renforce les capacités des acteurs pour une réforme du cadre juridique** — Le Visionnaire, 15 September 2026

TOGO

The territorial administration ministry ran a three-day technical workshop from 8 September for the cell supporting the review of the 2009 civil status law, a review formally opened on 21 August. *Also under [Digital Identity and CRVS](#) and [Data Exchange](#).*

- **ZICTA kicks out Zedmobile from Zambia's telecom market over regulatory non-compliance** — Zambia Monitor, 15 September 2026

ZAMBIA

The communications regulator revoked an operator's network and service licences with effect from 14 September, citing persistent failures to meet regulatory, operational and financial obligations after considering the operator's representations. *Also under [Connectivity](#) and [ICT Industry](#).*

- **Uganda proposes stricter measures against serial cyber offenders** — CAJ News Africa, 15 September 2026

UGANDA

The communications regulator said it is working with parliament on a framework allowing targeted denial of service to repeat abusers of cyberspace, its director likening the measure to withdrawing a driving licence. No bill, offence definition or appeal route is published. *Also under [Cybersecurity](#) and [Public debate and participation in policymaking](#).*

- **U.S. Commerce Department engages Ghana's NCA on AI regulation** — TechReviewAfrica, 15 September 2026

GHANA

A United States commerce delegation met the communications regulator in Accra on artificial intelligence regulation, emerging technologies and closer cooperation between the two institutions. *Also under [AI](#) and [US / hyperscaler activities](#).*

- **Protection des données : l'IPDCP appelle les administrations togolaises à accélérer leur mise en conformité** — Le Visionnaire, 15 September 2026

TOGO

The data protection authority convened ministry chiefs of staff and secretaries-general in Lome on their obligations under the 2019 personal data law and the measures needed to bring public-sector processing into conformity. *Also under [Data protection](#) and [Other GovTech and e-Gov](#).*

- **Niger's Media Adjustment: Regulation, Control, and the Shrinking Newsroom in the Sahel** — ModernGhana, 15 September 2026

NIGER

The council of ministers approved an overhaul of the media regulatory framework on 10 September, tightening accreditation for foreign correspondents and carrying a draft ordinance requiring online press publishers to be identified, with legal responsibility on digital newsrooms for what they carry. *Also under [Public debate and participation in policymaking](#).*

- **Mandatory registration of importers and exporters in unified digital system for trade (PTS) announced by Ministry of Economy** — Libya Herald, 15 September 2026

LIBYA

Decree 465 of 2026 makes registration on the unified digital trade system compulsory for importers, exporters and foreign companies supplying the market through Libyan companies, issuing a registration certificate and an electronic identification number. *Also under [Data Exchange](#) and [Registries](#).*

- **Equatorial Guinea: Starlink sales to run via ORTEL** — Tech.Africa, 15 September 2026

EQ. GUINEA

All satellite internet sales are to run through the telecommunications regulator, under the supervision of the artificial intelligence state secretariat, and contracts citizens obtained outside official channels are to be cancelled, decided at a working session on 9 September. *Also under [Connectivity](#).*

- **Economy Ministry makes electronic registration mandatory for importers and exporters** — The Libya Observer, 15 September 2026

LIBYA

The requirement bites in stages: a transitional period runs to the end of 2026, then from January 2027 for businesses whose annual transactions or shipments are worth US\$1m or more. *Also under [Data Exchange](#) and [Registries](#).*

- **Coordination and Technology | Civil Registration System | Morocco** — CRVS Laws, 15 September 2026

MOROCCO

A legal analysis of Morocco's civil registration law finds that Decree 2.22.04 permits, but does not require, the interior ministry to share civil-status data with the statistics authority. Law 36.21 establishes a digital registration system, and no national coordinating committee for civil registration, statistics and identity exists. *Also under [Digital Identity and CRVS](#) and [National statistics](#).*

- **17 APDP Benin officers sworn in to strengthen commitment to personal data protection** — TechReviewAfrica, 15 September 2026 BENIN

Seventeen officers of the data protection authority were sworn in before the Cotonou court of first instance on 14 September under the digital code, formally binding them to the obligations of their duties. *Also under [Data protection](#).*

Data protection

- **The digital EGP won't look different at checkout — but it will work nothing like InstaPay** — EnterpriseAM Egypt, 15 September 2026 EGYPT

A market explainer sets out how a digital pound would differ from existing instant payments and wallets: central bank money held directly rather than a claim on a bank or telco. The central bank is laying ground for a wholesale rollout before any retail use. *Also under [Public debate and participation in policymaking](#) and [Digital Payments and Fintech](#).*

- **South Africa seeks facial recognition for police body, dashboard cameras** — Biometric Update, 15 September 2026 SOUTH AFRICA

The state IT agency is seeking a supplier to equip the police with facial recognition integrated into body-worn and dashboard cameras, the software also to include automatic number plate recognition. *Also under [Digital Identity and CRVS](#).*

- **Cameroun : le MINJEC et Nera Pulse en accord pour digitaliser l'insertion professionnelle des jeunes** — Journalducameroun.com, 15 September 2026 CAMEROON

The youth ministry signed a three-year renewable partnership with a company on 14 September to digitise, unify and speed access to employment and training for 15- to 35-year-olds, across six areas including socio-economic integration. *Also under [Digital Identity and CRVS](#) and [Other GovTech and e-Gov](#).*

- **Protection des données : l'IPDCP appelle les administrations togolaises à accélérer leur mise en conformité** — Le Visionnaire, 15 September 2026 TOGO

Summarised under [Legislation and regulation](#).

- **Liberia Has a Data Protection Law. Now Comes the Hard Part** — Liberian Observer (via allAfrica), 15 September 2026 LIBERIA

Summarised under [Strategies, plans and policies](#).

- **17 APDP Benin officers sworn in to strengthen commitment to personal data protection** — TechReviewAfrica, 15 September 2026 BENIN

Summarised under [Legislation and regulation](#).

Regional collaboration

- **Télécoms : l'Afrique centrale renforce ses dispositifs face aux catastrophes naturelles** — Les Dépêches de Brazzaville, 15 September 2026 CONGO

A regional workshop in Brazzaville on 15 and 16 September worked towards a common framework for national emergency telecommunications plans across central Africa, convened by the international telecommunications union with the regional regulators' assembly and the economic community. *Also under [Connectivity](#) and [Access to services](#).*

- **The World Needs a 'Global AI COP' Before It Is Too Late** — Liberian Observer (via allAfrica), 15 September 2026

LIBERIA

An opinion piece argues for a global body on artificial intelligence modelled on the climate conferences, framed as ensuring that AI never controls the world rather than controlling AI itself. *Also under [AI](#) and [Public debate and participation in policymaking](#).*

- **Somaliland fibre route tests Kenya's regional digital edge** — Business Daily, 15 September 2026

KENYA

SOMALIA

ETHIOPIA

SOUTH SUDAN

Berbera is being positioned as an alternative digital gateway for landlocked Ethiopia and South Sudan, offering providers, businesses and governments another route to global data connections beside the established Mombasa gateway. *Also under [Connectivity](#).*

- **Santé globale : Des experts d'Afrique de l'ouest et du centre en réflexion à Lomé sur la surveillance génomique** — Savoirnews, 15 September 2026

TOGO

About forty biologists, technicians, researchers and bioinformaticians from west and central Africa are in Lome from 9 to 22 September for a workshop under a thirteen-country genomic surveillance programme built after the Covid-19 period, strengthening sequencing capacity and outbreak response. *Also under [Data Exchange](#) and [Sectoral management information systems](#).*

- **INSTITUTIONS FIGHTING ILLICIT FINANCIAL FLOWS 'FRAGMENTED'** — Eswatini Positive News, 15 September 2026

ESWATINI

Delegates at a regional public accounts committees conference found the institutions fighting illicit financial flows fragmented across the southern African region, leaving gaps through which funds move faster than authorities can detect or recover them. *Also under [Data Exchange](#) and [Registries](#).*

- **Espace Alliance des États du Sahel (AES) : pour des frontières au service de la paix et du développement** — Gouvernement du Burkina Faso (via APO Group), 15 September 2026

MALI

NIGER

BURKINA FASO

A regional bloc meeting in Ouagadougou called for closer coordination between the administrative authorities of member states' border regions, framed around borders serving peace and development. *Also under [Data Exchange](#).*

- **Bénin-Nigeria : les douanes interconnectent leurs systèmes pour accélérer le commerce** — wearetech.africa, 15 September 2026

BENIN

NIGERIA

The two countries' customs administrations launched a pilot interconnection of their systems at the Seme-Krake border post on 11 September, to exchange data in real time and cut repeated formalities. *Also under [Data Exchange](#).*

- **Beyond AI Safety: Why Africa Needs Sovereignty and Agency in Global AI Governance** — CIPESA, 15 September 2026

AFRICA

A policy organisation argues that safety is not the whole question for African countries in global artificial intelligence governance: without infrastructure, skills, resources and representation, safety without sovereignty and agency is not enough. *Also under [AI](#) and [Public debate and participation in policymaking](#).*

- **South Sudan advances Data Governance Framework through capacity-building workshop** — TechReviewAfrica, 15 September 2026 SOUTH SUDAN
Summarised under [Strategies, plans and policies](#).
- **SADC bloc rethinks telecoms regulation** — ITWeb Africa, 15 September 2026 SOUTHERN AFRICA
Summarised under [Strategies, plans and policies](#).

Standards

- **Tunisie TradeNet annonce le lancement du portail web de la facturation électronique** — Tunisie Numérique, 15 September 2026 TUNISIA
The trade network opened a web portal for electronic invoicing from 15 September, aimed at businesses and professionals with low invoicing volumes, letting them configure their environment and prepare and track invoices. *Also under [Other GovTech and e-Gov](#) and [Data Exchange](#)*.
- **NIST IR 8587: Protecting Tokens and Assertions from Forgery, Theft, and Misuse — Implementation Recommendations for Agencies and Cloud Service Providers** — National Institute of Standards and Technology (NIST), 15 September 2026
A United States standards body published final implementation recommendations for agencies and cloud providers on protecting authentication tokens and assertions from forgery, theft and misuse. *Also under [US / hyperscaler activities](#), [Cybersecurity](#) and [Digital Identity and CRVS](#)*.
- **Digital Health Agency Pushes Interoperability Across Kenya** — Capital FM Kenya, 15 September 2026 KENYA
The digital health agency, established under the Digital Health Act to coordinate health systems, is working to link facilities so patient records can be shared and patients need not carry physical files to treatment or referral. *Also under [Data Exchange](#) and [Sectoral management information systems](#)*.
- **CAC Seeks Unified Beneficial Ownership Register** — Voice of Nigeria, 15 September 2026 NIGERIA
The corporate registry's registrar-general called for the country's three separate beneficial ownership registers, held under different institutional frameworks, to be harmonised and centralised. *Also under [Data Exchange](#) and [Registries](#)*.
- **Kenya Regulator Opens Consultation on Licensing GSM-Based Alarm Response Systems** — Tech Africa News, 15 September 2026 KENYA
Summarised under [Strategies, plans and policies](#).
- **Data governance gaps threaten economic growth potential** — Daily News, 15 September 2026 TANZANIA
Summarised under [Strategies, plans and policies](#).
- **Beneath Our Waters: Why Seychelles Needs a Hydrographic Office** — State House Seychelles, 15 September 2026 SEYCHELLES
Summarised under [Strategies, plans and policies](#).

Public debate and participation in policymaking

- **UNITA acusa Angola de usar registo eleitoral para beneficiar MPLA** — Notícias ao Minuto (Lusa), 15 September 2026 ANGOLA

The main opposition leader accused the government of using state means to register the governing party's own members early in the electoral roll update for the 2027 elections, speaking after completing his own proof-of-life step. *Also under [Digital Identity and CRVS](#), [Access to services](#) and [Registries](#).*

- **Tripoli Chamber of Commerce discusses decision to regulate imports for the purpose of trade** — Libya Herald, 15 September 2026 LIBYA

The capital's chamber of commerce met on the economy minister's decision 449 of 2026, which from 30 September requires importers and foreign exporters to register on the unified digital trade system. Members questioned whether the date can be met and what the decision will cost them. *Also under [Registries](#) and [Data Exchange](#).*

- **They wanted my bank statements: What it took to keep her kids' SASSA grants** — The South African, 15 September 2026 SOUTH AFRICA

A grant recipient describes being asked for bank statements, school enrolment letters and the full first-application paperwork to keep her children's social grants through the agency's review process. *Also under [Access to services](#) and [Digital Identity and CRVS](#).*

- **Stability of dinar needs fiscal discipline, unification of spending channels and commitment to unified agreement by all** — Libya Herald, 15 September 2026 LIBYA

The central bank governor, reviewing two years in office, named a unified budget, instant salary payment, electronic payments and point-of-sale terminals among his tenure's highlights, and said currency stability depends on fiscal discipline and unified spending channels rather than on the bank alone. *Also under [Digital Payments and Fintech](#).*

- **Refondation à Madagascar : bilan et 6 chantiers** — Demain Afrique, 15 September 2026 MADAGASCAR

A public-life observatory president assesses ten months of the transition, conceding measurable social gains but pointing to an energy crisis, rising debt and instability, and proposing six work programmes over eighteen months. *Also under [Digital Payments and Fintech](#).*

- **Opinion: The Vanishing Somali Shilling: How It Was Lost-and How to Restore It** — Dawan Africa, 15 September 2026 SOMALIA

A university dean argues the shilling's disappearance from daily commerce reflects institutional collapse, dollarisation, technological change and eroded trust, and that restoring it is a credibility exercise rather than a printing one. *Also under [Digital Payments and Fintech](#).*

- **Op-Ed: How South Sudan can leverage China's AI path to bridge the digital divide** — Radio Tamazuj, 15 September 2026 SOUTH SUDAN

An opinion piece argues South Sudan should learn from China's route into artificial intelligence, reading the global realignment as driven by computing capability rather than by arms or raw materials. *Also under [Digital divides](#) and [China activities](#).*

- **Minister may benefit from Lesotho's R100-billion AI and hydropower deal** — GroundUp, 15 September 2026 LESOTHO

The public works minister holds shares in a firm the energy minister named among potential local partners for the country's US\$6.2bn artificial intelligence and hydropower project. He has previously been accused of conflict of interest. *Also under [New investments](#) and [Data Storage](#).*

- **Malawians embrace digital rights, urge accountability** — Nation Online, 15 September 2026 MALAWI

Three district councils each won US\$20,000 under a youth innovation challenge to develop and test youth-led digital solutions to service delivery problems inside existing council systems. *Also under [Other GovTech and e-Gov](#) and [Access to services](#).*
- **Lesotho's biggest foreign investment deal faces scrutiny** — Daily Maverick, 15 September 2026 LESOTHO

The country signed a US\$6.2bn agreement, its largest recorded foreign investment, for a hydropower plant and artificial intelligence data centre. A feasibility study runs over the next year, then implementation agreements including water-use plans, and a potential conflict of interest has surfaced. *Also under [New investments](#) and [Data Storage](#).*
- **LARS GUMEDE | Cybersecurity crisis exposes gaps in South Africa's AI policy plans** — SowetanLIVE, 15 September 2026 SOUTH AFRICA

An opinion piece argues the redrafted national artificial intelligence policy must carry sovereignty — independent control over technology, data security, privacy and infrastructure — against the dominance of a small number of foreign AI companies. *Also under [AI](#) and [Cybersecurity](#).*
- **Finances : les avancées de l'Algérie en matière de paiement électronique mises en avant** — El Mawkie, 15 September 2026 ALGERIA

The national economic, social and environmental council held a conference in Algiers on making electronic payment general, setting out the progress made against wider economic change. *Also under [Digital Payments and Fintech](#) and [Digital divides](#).*
- **Digital transformation is more than connectivity** — The Citizen, 15 September 2026 TANZANIA

A commentary argues digital transformation amounts to more than connectivity, and that treating network reach as the measure mistakes the means for the end. *Also under [Data Storage](#) and [Connectivity](#).*
- **Commerce numérique : le Tchad peut-il prendre sa part dans les échanges mondiaux ?** — Le N'Djam Post, 15 September 2026 CHAD

With a world trade forum in Geneva debating the digital transformation of services trade, expected to grow 4.8 per cent in 2026, a commentary asks what a landlocked country can take from a shift that moves trade onto screens rather than through ports. *Also under [Digital divides](#) and [Connectivity](#).*
- **Cameroun : le 4e Recensement général de la population et de l'habitat s'achève** — Journalducameroun.com, 15 September 2026 CAMEROON

Counting closed on 15 September for the fourth population and housing census, coupled with the agriculture and livestock census, after a start on 24 April and extensions in May and July. Coverage remained below expectation. *Also under [National statistics](#).*
- **Beyond Certificates: Rethinking the Purpose of TVET in Namibia** — The Namibian, 15 September 2026 NAMIBIA

A commentary sets vocational training against an unemployment rate of 36.9 per cent and youth unemployment of 44.4 per cent, alongside reported shortages in more than seventy occupations, arguing the country produces qualifications faster than capability. *Also under [Training and skills](#) and [Access to services](#).*
- **Africa Must Shape the AI Economy, Not Just Consume It** — TechTrends Africa, 15 September 2026 AFRICA

A commentary argues the continent supplies labour, data and increasingly the market for artificial intelligence but rarely the ownership, and that on present course it will spend the next decade paying rent in a house it helped build. *Also under AI.*

AI

- **Éducation : L'UDC et le PNUD misent sur l'innovation et l'intelligence artificielle** — La Gazette des Comores, 15 September 2026 COMOROS
The national university and the United Nations development programme signed a memorandum on training, research and innovation, at its centre a shared innovation space intended to bring students, researchers, entrepreneurs and institutions together on local problems. *Also under [Training and skills](#) and [Research institutions](#).*
- **Tesfa AI : l'Éthiopien Natnael Kebede transforme des idées en produits grâce à l'IA** — wearetech.africa, 15 September 2026 ETHIOPIA
A profile of an Addis Ababa company founded in 2025 to embed artificial intelligence in organisations' operations, building virtual assistants that carry out complex tasks rather than answer questions. *Also under [Innovation ecosystem](#).*
- **Rwanda University Forum Calls For AI-Ready Education in Changing World** — Taarifa Rwanda, 15 September 2026 RWANDA

A university faculty head called on educators, researchers and policymakers to rethink education as artificial intelligence changes how people learn and work, speaking at the fifth conference of a lifelong-learning project bringing together universities from Rwanda, Uganda, Ethiopia and Norway. *Also under [Training and skills](#).*

- **GSMA Warns of Growing AI Divide as Smartphone Costs Rise in Emerging Markets** — Tech Africa News, 15 September 2026 GLOBAL AFRICA

An industry association's 2026 connectivity report warns of a divide between artificial intelligence haves and have-nots: more than 3.4 billion people do not use mobile internet although over 90 per cent of them live inside mobile broadband coverage, with smartphone affordability the obstacle. *Also under [Access to services](#).*

- **ACSA bets R21.7bn on metaverse, patrol robots** — ITWeb South Africa, 15 September 2026 SOUTH AFRICA

Airports Company South Africa's annual report sets a plan to 2031 to bring AI, connected sensors, blockchain and robotics into airport operations, from check-in and baggage handling to patrol robots and a metaverse proof of concept. The plan sits within a R21.7bn five-year capital pipeline that also covers wider modernisation.

ABOUT THIS DOCUMENT

EDITION	2026-09-16
RETENTION	Kept until 2026-09-23. Older bulletins: the country pages and the monthly reports.
THIS FILE	https://corpus.data-landscapers.io/bulletin/corpus-bulletin-2026-09-16.pdf
FEEDBACK	info@data-landscapers.io
LICENCE	CC BY 4.0

This bulletin is produced automatically at the end of each data collection sweep but only includes items published on the day cited in the edition, and the previous day. Items published in the last month can be found on the [country pages](#). The links to all items stored in the corpus can be found in the [catalogue](#).

Bulletins are kept for a week — the last week's editions are listed above, each at its own dated address — and are then deleted. Older material is in the country pages and the monthly reports.
