Governance

Strategies, plans and policies

- **Beyond Konza: New Board Completes Kenya's Push Towards a National Technopolis Model** — KachTech Media, 13 September 2026 KENYA

Kenya's Technopolis Development Authority Board was fully constituted with three appointments, as the authority takes up a national mandate under the Technopolis Act 2026, commenced on 29 May 2026. The board moves the authority from developing Konza towards planning technopolises nationwide; no new locations, budgets or timelines were announced. *Also under [Innovation ecosystem](#).*

Legislation and regulation

- **السودان : على خطى الجامعة الوطنية: قرار تاريخي باعتماد لائحة التعليم الإلكتروني في السودان** — Aswat News, 13 September 2026 SUDAN

The president of Sudan's National Council for Higher Education and Scientific Research approved the E-learning and Blended Learning Regulation 2026 by decision 138, signed and in force from 12 September 2026. An academic's commentary says it gives e-learning in higher-education institutions a formal legal basis rather than treating it as a wartime stopgap. *Also under [Public debate and participation in policymaking](#).*

Standards

- **Liberia: Ministry Moves to Standardize School Records Nationwide** — Ministry of Education, Liberia (via APO Group), 13 September 2026 LIBERIA

Liberia's Ministry of Education opened a five-day session in Kakata to develop and validate a Statutory School Record-Keeping Booklet, one nationwide system for school records on students, teachers, attendance and infrastructure. County teams are then to finalise education operational plans from the 2024/25 school census fact sheets. *Also under [Sectoral management information systems](#) and [Data Exchange](#).*

Public debate and participation in policymaking

- **Universal Service Should Mean Serving People** — The Namibian, 13 September 2026 NAMIBIA

An opinion piece argues that cancelling and recycling inactive mobile numbers cuts people with irregular incomes off from employers, banks and government services, since a phone number now works as part of a person's digital identity. It calls for universal-service rules that weigh those consequences against efficient number management. *Also under [Connectivity](#) and [Access to services](#).*

- **Statement by His Excellency President Cyril Ramaphosa during the session on Shaping the Future for Inclusive Global Growth, 18th BRICS Leaders' Summit BRICS Partners and Outreach, New Delhi, India** — The Presidency of South Africa, 13 September 2026 SOUTH AFRICA GLOBAL

President Cyril Ramaphosa proposed at the 18th BRICS Summit that BRICS set up an international mechanism for the independent scientific evaluation of artificial intelligence, resting on human-control principles and mandatory reporting of serious incidents. He also backed formal external checks and audits of AI companies; no draft terms or BRICS response are on record. *Also under [AI](#).*

- **Residents want ID services at sub-counties, offer to facilitate NIRA's operation** — The Independent (Uganda), 13 September 2026 UGANDA

Residents of Lagoro sub-county in Kitgum District agreed to pay shs 500 each to transport NIRA officials delivering national ID cards locally, against shs 30,000–40,000 per trip to the municipal office. The district's chief administrative officer said it would seek approval for local structures to distribute IDs. *Also under [Digital Identity](#) and [CRVS](#) and [Access to services](#).*

- **EdTech for Out-of-School Youth: Reaching the Unreached** — TechTrends Africa, 13 September 2026 NIGERIA

A commentary argues that Nigeria's EdTech products were built to supplement schooling for enrolled students and do little for out-of-school children, whose exclusion is driven by poverty, insecurity and distance. It points to offline tools such as uLesson's preloaded devices and calls for donor and government partnership rather than venture funding. *Also under [Digital divides](#) and [Access to services](#).*

- **AI threatens traditional legal frameworks and intellectual property rights** — Capital Ethiopia, 13 September 2026 ETHIOPIA

Capital Ethiopia reports expert warnings that AI systems trained on works without permission undermine copyright, patent and trademark protection, and that Ethiopia's data infrastructure leaves structural gaps. A York University law professor told the paper that copyright and patent laws are being dismantled by artificial intelligence. *Also under [AI](#).*
