DIGITAL ALGERIA 2030 (NATIONAL DIGITAL TRANSFORMATION STRATEGY)

- **À l'ère du tout numérique** — El Moudjahid, 8 September 2026

  An El Moudjahid editorial on Algeria's Algérie Numérique 2030 strategy cites the opening of the national digital services centre at Mohammadia, with Tier III data centres, and ministries joining the Dzair Digital Services portal. It lists a product-traceability system in commerce, electronic medical records in hospitals, a national agricultural information system and the Takwin vocational training platform.

DIGITALISATION OVERSIGHT AND THE NATIONAL PORTAL

- **Portail national des services numériques : Le HCN va assurer des formations** — El Moudjahid, 19 September 2026

  Algeria's High Commission for Digitisation trained information system managers from several sectors to use a mechanism it built for verifying electronic documents issued through the Dzair Digital Services portal. Administrative bodies can then accept these documents without asking citizens to obtain them again from the issuing office. The training follows presidential instructions of 12 July 2026 to widen the portal's use.

Legislation and regulation

DIGITALISATION LAW

- **الرقمنة في الجزائر.. شفافية وعصرنة (Digitalisation in Algeria: transparency and modernisation)** — الشعب أونلاين (Echaab Online), 20 September 2026

  A dossier in Algeria's Echaab newspaper on 20 September 2026 reviews the High Commission for Digitalisation's work since April 2024: a national digital transformation strategy published in May 2025, a national cloud and certified data centres, the IRIES secure network linking ministries, cybersecurity and network operations centres, and the national digital services centre opened in July 2026. It says a digitalisation law is in the final stages of study.

DRAFT 2027 FINANCE LAW, E-PAYMENT AND DIGITAL-PLATFORM PROVISIONS

- **Projet de loi de finances 2027: Des avantages fiscaux pour booster le E-paiement** — L'Echo d'Algérie, 11 October 2026

  Algeria's draft 2027 finance law proposes a 10% tax reduction until the end of 2028 for flat-rate and professional taxpayers who take at least half their receipts electronically. It would also require resident and non-resident e-commerce platforms to register with the tax authority and declare transactions yearly, on pain of a DA 1 million fine. The bill is not yet adopted.

- **L'Algérie prévoit de soumettre les plateformes numériques étrangères à de nouvelles obligations de TVA en 2027** — Algerian Business, 12 October 2026

  Algeria's draft 2027 finance law proposes that foreign digital platforms selling services to customers in Algeria register with the tax authority, keep records for ten years and declare and pay VAT quarterly. Non-compliance would carry a fine of 5 million dinars after 30 days' notice and possible suspension of access to the platform. The provision is a draft, not yet adopted.

Regional collaboration

TRANS-SAHARAN INTEGRATION PROJECTS WITH NIGER

- **Cooperation Niger Telecom - Algerie Telecom : Un partenariat pour renforcer les capacites des infrastructures telecoms du Niger** — Le Sahel, 9 September 2026 NIGER

  Niger's telecoms and post college ESCEP signed a convention with Algérie Télécom's Skills Centers network in Niamey on 8 September 2026, at a meeting chaired by the communication ministry's secretary-general. The agreement provides for a Skills Center at ESCEP with Algérie Télécom's support, aimed at training and the capacity of Niger's telecoms infrastructure. No cost is given.

- **Cooperation Niger - Algerie : Une delegation algerienne visite l'ESCEP dans le cadre d'un partenariat axe sur le numerique** — Le Sahel, 10 September 2026 NIGER

  Niger's telecommunications and post college received an Algerian mission led by the adviser for partnership and development of that country's operator skills-centre network. The visit follows a partnership accord of July aimed at establishing a digital competence centre, and is presented as reflecting the two heads of state's intent.

- **L'Algérie et le Niger lancent l'exploitation de la dorsale transsaharienne à fibre optique** — Algérie Eco (reporting Algérie Presse Service), 6 October 2026 NIGER

  The Algerian account of the Assamaka ceremony, summarised above, says the link was built by Algerie Telecom and Niger Telecom, starts at 100 Gbps and can be expanded as traffic grows.

- **Niger-Algérie : lancement à Assamaka de l'exploitation de la dorsale transsaharienne à fibre optique** — Agence Nigérienne de Presse, 6 October 2026 NIGER

> Niger and Algeria launched operation of the fibre link between In Guezzam and the Arlit-Agadez region at a ceremony at Assamaka, on the border, on 6 October, chaired by the two communications ministers. Algeria's account gives a starting capacity of 100 Gbps.

ICT Infrastructure

Connectivity

> CITIES IN THE GLOBAL MOBILE-SPEED RANKING

- **سرعة إنترنت الهاتف النقال: مدينة جزائرية جديدة في قائمة الـ 50 الأفضل عالميا** — Echorouk El Yawmi, 6 September 2026

  Oran entered Ookla's monthly global top 50 of cities by mobile internet speed for the first time, at 41st with 197.09 Mbps, joining Algiers at 42nd, reported on 6 September 2026. Algeria's telecoms ministry said national average mobile download speed rose from 40.86 Mbps in July 2025 to 78.36 Mbps in July 2026, and fixed from 50.85 to 90.45 Mbps.

> PROGRAMME TO END OUT-OF-NETWORK ZONES

- **Sans fritures** — El Moudjahid, 7 September 2026

  An editorial in Algeria's El Moudjahid on 7 September 2026 states that areas without telecoms coverage are to be connected within 18 months, in an operation covering about 3,000 remote rural zones and funded entirely from the state budget. It gives no operator, cost or start date.

> ALGIERS IN THE GLOBAL GIGABIT-CITY INDEX

- **Gigacity 2026 : Alger, première ville africaine du très haut débit** — La Sentinelle, 1 October 2026

  Algeria's Ministry of Post and Telecommunications said on 30 September 2026 that Algiers ranked first in Africa and 34th of 50 cities worldwide in Omdia's Gigacity Index 2026, with 36 points, 11 places ahead of Cape Town. The ministry cited fibre-to-the-home coverage of nearly 100% in the capital and 90% of subscribers on speeds above 100 Mbps.

> "ALL FIBER" NATIONAL FIBRE PROGRAMME (COPPER PHASE-OUT)

- **Algérie : la fibre optique dépasse 4 millions d'abonnements, les tarifs chutent de 76 %** — Agence Ecofin, 12 October 2026

  Algeria's fibre-to-the-home subscriptions passed 4 million in early October, from 53,000 in June 2020, on the posts minister's figures. The monthly price of an offer of 100 Mbit/s or more has fallen 76%, and the target is more than 4.4 million by the end of the year.

Data Storage

> DATA CENTRE AT EL AFFROUN, BLIDA

- **AAPI : quatre projets d'investissement bénéficient de foncier économique, plus de 1300 emplois à la clé** — Algerie Eco, 2 September 2026

  Algeria's investment promotion agency (AAPI) handed over land concessions on 2 September 2026 for four projects, including a site at El Affroun in Blida wilaya for a data centre by the company Diar Dzair, expected to create 340 jobs. The other three are food-industry projects in Bordj Bou Arreridj. No investment sum is given.

> SECOND NATIONAL DATA CENTRE, BLIDA

- **Le deuxième Centre national de données à Blida obtient la certification internationale Tier III Design** — Algerie Eco (reprenant un communiqué du Haut-Commissariat à la numérisation, via APS), 2 September 2026

Algeria's High Commission for Digitalisation said on 2 September 2026 that the second national data centre, at Blida, has received Uptime Institute Tier III Design certification, after the first centre at El Mohammadia in February 2026. The certificate covers the design, not the built facility; the commission says it is still seeking Tier III certification of the constructed centres.

TIER III DESIGN CERTIFICATION OF THE NATIONAL DATA CENTRES

- **Le deuxième Centre national de données à Blida obtient la certification internationale Tier III Design** — Algerie Eco (reprenant un communiqué du Haut-Commissariat à la numérisation, via APS), 2 September 2026

  Summarised under Data Storage.

I-CLOUD DATA CENTRE, AKBOU

- **Akbou Inaugurates Nation's First 100% Sovereign Data Center** — DZWatch, 4 October 2026

  Algeria inaugurated I-Cloud, described as its first wholly sovereign data centre, in the Akbou industrial zone in Bejaia. The knowledge economy minister presided, and agreements were signed with local industrialists and Algeria Venture on small firms' access to it; the inauguration date and capacity are not stated.

Cybersecurity

SECURITY AND NETWORK OPERATIONS CENTRES FOR THE NATIONAL DIGITAL INFRASTRUCTURE

- **الرقمنة في الجزائر.. شفافية وعصرنة (Digitalisation in Algeria: transparency and modernisation)** — الشعب أونلاين (Echaab Online), 20 September 2026

  Summarised under Legislation and regulation.

DPI

Data Exchange

NATIONAL DIGITAL SYSTEM FOR TRACKING STRATEGIC GOODS

- **نحو وضع منظومة وطنية رقمية لمتابعة مسار المواد الاستراتيجية** — Echorouk El Yawmi, 4 September 2026

  Algeria's High Commission for Digitalisation and the Ministry of Internal Trade met on 3 September 2026, on the prime minister's instructions, to set up a single national digital system tracking the supply and distribution of strategic consumer goods. Officials from the interior, transport and agriculture ministries attended. No timetable, cost or supplier is given.

IRIES SOVEREIGN INTER-ADMINISTRATION NETWORK

- **الرقمنة في الجزائر.. شفافية وعصرنة (Digitalisation in Algeria: transparency and modernisation)** — الشعب أونلاين (Echaab Online), 20 September 2026

  Summarised under Legislation and regulation.

NATIONAL INTEROPERABILITY SYSTEM (DECREE 25-320, ART. 10)

- **Communiqué du Conseil des ministres** — Interfil Algérie, 21 September 2026

  Algeria's Council of Ministers, meeting under President Tebboune on 20 September 2026, called for a presidential decree setting up a secure plan for data exchange between state bodies, overseen by the High Commissioner for Digitalisation. The president asked for the plan to reach the wilayas too, with strong protection of citizens' data. He also ordered that payments to farmers at the state cereals office be digitised immediately.

Digital Identity and CRVS

ISSUANCE TIMES FOR BIOMETRIC DRIVING LICENCES AND PASSPORTS

- **Permis et passeports biométriques : les délais de délivrance pénalisent les citoyens** — Maghreb Émergent, 1 October 2026

  Applicants in Algiers and Béjaïa reported waiting at least three months, and in some cases five to six, for biometric driving licences, and six to eight weeks for biometric passports. The interior ministry says applicants are notified by SMS when a licence is ready and can track requests online. No official explanation for the delays has been published.

UNIFIED NATIONAL DIGITAL IDENTITY

- **الكشف عن تفاصيل تقنية جديدة حول منظومة الهوية الرقمية وحماية البيانات** — PrixAlgerie News, 9 October 2026

  Algeria's digitalisation commission set out how the national digital identity is obtained: registration and an appointment at the commune, activation, then verification against biometric data. It also said a national data-governance system that classifies data sources against one reference is under way.

Digital Payments and Fintech

DJEZZY PAYMENT SERVICES

- **Banque d'Algérie : Djezzy Payment Services autorisée à se constituer en PSP** — Algerie Eco, 23 September 2026

  The Bank of Algeria's Monetary and Banking Council authorised Djezzy Payment Services, a subsidiary of Optimum Telecom Algérie, to be set up as a payment service provider under regulation 25-02. The company must apply for a full licence within 12 months of notification.

- **Communiqué du Conseil Monétaire et Bancaire (23 septembre 2026) — autorisation de constitution de Djezzy Payment Services en Prestataire de Services de Paiement** — Banque d'Algérie, 23 September 2026

  The Bank of Algeria's Monetary and Banking Council authorised Djezzy Payment Services, a subsidiary of the mobile operator Optimum Telecom Algérie, to be set up as a payment service provider, its communiqué of 23 September 2026 states. The firm must apply for the bank's approval to operate within twelve months.

- **Djezzy Payment Services autorisée à devenir PSP : la Banque d'Algérie accélère la bataille contre le cash** — Eco Times, 24 September 2026

  The Bank of Algeria's Monetary and Banking Council authorised Djezzy Payment Services, a subsidiary of the mobile operator, to form a payment service provider, announced on 23 September 2026. It has twelve months to apply for the licence it needs to operate. Payment accounts under the rules are capped at 100,000, 500,000 or 1,000,000 dinars depending on the level of identity verification.

- **Paiement électronique : Djezzy décroche le ok de la B.A** — Le Provincial, 24 September 2026

  Algeria's Monetary and Banking Council authorised Djezzy Payment Services, a subsidiary of Optimum Telecom Algérie, to be set up as a payment services provider under monetary law 23-09, the Bank of Algeria announced on 23 September 2026. The firm must apply for a full licence within 12 months.

INTERBANK CARD PAYMENTS AND THE TERMINAL ESTATE (CIB, EDAHABIA)

- **Paiement électronique en Algérie : 23 millions de cartes et 126 000 TPE jusqu'en août 2026** — Algérie Eco, 1 October 2026

Algeria's interbank card body, GIE Monétique, said on 1 October 2026 that about 23 million payment cards were in circulation at the end of August 2026, including 19 million Algérie Poste Edahabia cards, with over 62% active. Payment terminals rose from 78,000 in December 2025 to 126,000, and active online merchants from 644 to 1,034.

WEB MERCHANTS ACCEPTING ELECTRONIC PAYMENT

- **Paiement électronique en Algérie : 23 millions de cartes et 126 000 TPE jusqu'en août 2026** — Algérie Eco, 1 October 2026

  Summarised under Digital Payments and Fintech.

Registries

INVESTMENT PROMOTION AGENCY REORGANISATION

- **Le President Tebboune ordonne l'acceleration de la numerisation : mise en service du guichet unique fin septembre** — El Watan, 10 September 2026

  Algeria's President Abdelmadjid Tebboune ordered the investment single window to be operational by the end of September 2026 and a national census of industrial land to start immediately, at a meeting on 9 September. He required all investment procedures to be digitised in coordination with the tax, state property and customs administrations. Customs launched an electronic single window for foreign-trade authorisations in August.

- **Foncier economique : Sifi Ghrieb ordonne un recensement immediat** — Le Jour d'Algerie, 11 September 2026

  Algeria's prime minister, Sifi Ghrieb, ordered an immediate national census of industrial, agricultural and tourism land on 10 September 2026. Provincial governors are to collect the data on a unified template, and a map of available land is due at the investment promotion agency's one-stop window before the end of September, supported by the High Commission for Digitalisation.

Sectoral management information systems

UNIFIED MARKET-SUPPLY MONITORING SYSTEM

- **Benmouloud, Abdellatif chair second meeting to establish unified digital mechanism for national market regulation** — Algérie Presse Service (APS), 7 September 2026

  Algeria's digitalisation high commission and the domestic trade ministry held a second joint meeting on a unified digital mechanism for regulating the national market, taking the data sources themselves as the subject — how they are produced, updated and kept consistent.

- **Penal code, fire damage compensation, digitization on agenda** — Algerie Presse Service (APS), 9 September 2026

  Algeria's prime minister, Sifi Ghrieb, chaired a government meeting on 9 September 2026 that took up the Penal Code, damage from recent fires and a unified digital system for regulating and supplying the national market, his office said. No detail of the digital system is given.

NATIONAL ELECTRONIC WINDOW FOR THE ADMINISTRATIVE COURTS

- **Algeria extends the national e-justice portal to administrative courts of appeal and the Council of State** — Le Jour d'Algérie, 22 September 2026

Algeria's justice minister, Lotfi Boudjemaa, announced in Oran on 22 September 2026 that the national electronic window for administrative courts now covers the administrative courts of appeal and the Council of State. Litigants and lawyers can track cases, read the operative parts of judgments and obtain ordinary copies of rulings online.

MORAFIKOKOUM PLATFORM FOR PARENTS OF PUPILS IN SPECIALISED EDUCATION

- **Ministry of Solidarity launches 'Morafikokoum' digital platform for parents of special-needs students** — Algerian Radio, 23 September 2026

  Algeria's Ministry of National Solidarity launched Morafikokoum, a digital platform for parents of deaf and blind pupils in specialised schools, reported on 23 September 2026. Registered parents can download enrolment certificates, view grades and attendance, and submit transfer, readmission and appeal requests online.

PRODNAT NATIONAL-PRODUCTION PLATFORM

- **12 required fields to update industrial establishments' data on the PRODNAT national-production platform** — Echorouk Online, 23 September 2026

  Algeria's provincial industry directorates kept registration open on the PRODNAT national-production platform after its mid-September 2026 deadline. Goods-producing firms must supply 12 items, including tax and statistical identifiers, the manager's biometric ID card, the geolocation of each production unit, and purchases, stocks and sales for the first half of 2026. Second-half declarations are due between 1 January and 28 February 2027.

Other GovTech and e-Gov

PUBLIC WORKS SECTOR DIGITAL PORTAL

- **بوابة وزارة الأشغال العمومية تطلق خدمة جديدة لصالح مهنيي القطاع ومكاتب الدراسات الخاصة** — Echorouk El Yawmi, 1 September 2026

  Algeria's Ministry of Public Works began taking online filings on 1 September 2026 through its sector portal, for firms' professional qualification and classification and for the accreditation of private design offices. Applicants can submit and track files remotely instead of visiting the central administration or wilaya directorates. Minister Abdelkader Djellaoui announced the step after a meeting on the sector's digitalisation.

DZAIR DIGITAL SERVICES NATIONAL PORTAL (SINGLE WINDOW)

- **Portail national des services numériques : trois nouveaux services dédiés au secteur des ressources en eau** — Algerie Eco, 3 September 2026

  Algeria's High Commission for Digitalisation added three water-sector services to the national government digital services portal, announced on 3 September 2026 with the water ministry. Citizens can apply for drinking-water and sanitation connections and track them online, and firms can file and track requests for professional qualification certificates.

- **Dzair Digital Services / impots : Integration de cinq nouveaux services numeriques** — El Watan, 10 September 2026

  Algeria's High Commission for Digitisation added five tax services to the national Dzair Digital Services portal on 9 September 2026, launched with the tax directorate at Tipasa. They are the tax roll extract, the non-taxation certificate, the C20 certificate of existence and tax registration attestations for individuals and companies.

- **Hydraulique : lancement de trois nouveaux services via le portail national des services numeriques** — Algerie 54, 10 September 2026

  Algeria's water ministry and the digitisation high commission launched three services on the national digital services portal on 9 September 2026: remote applications for drinking-water and sewerage connections, and Hydro-Qualif, a qualification certificate for contractors bidding for public works. The portal now offers 150 services, up from 21 at launch, and runs on state data centres and a sovereign cloud.

- **La jeunesse algérienne dispose enfin de son portail numérique dédié** — Algérie360, 14 September 2026

  Algeria's High Commission for Digitalisation and the Ministry of Youth added seven youth services to the national government services portal, announced on 14 September 2026. They include Inkhirati for registering at youth centres, Charaka for youth associations to register and apply for project funding, and Moukhayami for holiday camp enrolment.

- **Dzair Digital Services : intégration du service «WADHIFATI» relevant du secteur des Sports** — ABNews, 17 September 2026

  Algeria's national digital services portal, Dzair Digital Services, added the Ministry of Sports' WADIFATI employment service, the High Commission for Digitalisation said, as reported on 17 September 2026. Candidates can view job offers and entrance competitions for the sector's training schools, apply online, track applications and see results.

- **Dzair Digital Services: one million registered users, five million visitors, two and a half months after launch** — Le Jeune Indépendant, 22 September 2026

  Algeria's national portal for government digital services, Dzair Digital Services, passed one million registered users and five million visitors two and a half months after its launch on 5 July 2026, the High Commission for Digitalisation said, reported on 22 September. The figures are the commission's own.

PENSION FUND REMOTE SERVICES

- **La CNR lance un nouveau service numérique** — Algerie Eco, 24 September 2026

  Algeria's national pension fund, the Caisse nationale des retraites, launched a virtual assistant chatbot on its website cnr.dz, announced on 24 September 2026. It answers questions about the pension system around the clock from a database of pre-set replies, to reduce visits to local offices.

- **La CNR lance un nouveau service pour les retraités algériens** — ObservAlgérie, 24 September 2026

  Algeria's National Pensions Fund, CNR, launched a 24-hour online virtual assistant on its website on 24 September 2026 to answer pensioners' routine questions. In July 2026 the labour ministry set a target of cutting visits to CNR offices by at least 50% by the end of 2026. Some pensioners can already confirm they are alive through the R-FACE facial recognition system in the RetraiteDz app.

Technology

AI

NATIONAL AI STRATEGY

- **Le ministre de l'Enseignement superieur et de la Recherche scientifique preside la premiere reunion de coordination consacree a la mise en oeuvre de la strategie nationale de l'intelligence artificielle** — Ministere de l'Enseignement superieur et de la Recherche scientifique (Algerie), 8 September 2026

Algeria's higher education minister, Kamel Baddari, chaired an inter-ministerial meeting on 8 September 2026 on implementing the national artificial intelligence strategy, following a first session on 5 August. It created five thematic commissions, approved a national research centre for AI and data, planned an AI-based tax administration system and set a target of 50,000 AI specialists trained by 2030.

- **AI Strategy Moves to Implementation Phase** — DZWatch, 22 September 2026

  A follow-up meeting on Algeria's national AI strategy approved an updated draft decree creating a National Research Centre for Artificial Intelligence and Data, which now goes through legal procedures. Committees set 17 infrastructure and 14 data operations for 2026 and 85 training operations. The meeting date and chair are not stated.

ICT Industry

STATE ELECTRONICS GROUP'S DIGITAL AND PAYMENTS PROGRAMME ABROAD

- **Algerian Company INATEL Signs Strategic Agreement for New Kinshasa City Project** — Africa News (DZ), 3 September 2026 DRC

  Algeria's state electronics firm INATEL, in a consortium with PGS Africa and DABYAN, signed a memorandum with the committee overseeing the Kinshasa city expansion project in the DR Congo to deploy payment systems, digital equipment and a technology centre covering cybersecurity and applied AI. The signing date is given only as recent, and no value or timetable is disclosed.

- **Inatel signe un accord strategique pour le projet de nouvelle ville de Kinshasa** — Algerie Eco, 4 September 2026 DRC

  The Algerian state electronics firm INATEL, with PGS Africa and DABYAN, signed a protocol with the coordination of the DRC's Kinshasa expansion project for an integrated digital, industrial and technological programme covering digital technologies, electronic payment systems, digital equipment and services, knowledge transfer and a centre for innovation in payment systems, cybersecurity and applied artificial intelligence. No amount is stated.

Capacity

Training and skills

ARTIFICIAL INTELLIGENCE IN THE HIGHER SCHOOLS OF ECONOMICS

- **بداري يأمر بتحديث التكوين وإدراج الذكاء الاصطناعي في المدارس العليا للاقتصاد** — Echorouk El Yawmi, 10 September 2026

  The higher education minister has directed the five higher schools specialising in economics, finance and management to modernise their training and embed artificial intelligence, at a working meeting at the Kolea hub. He set the instruction out on his own social-media account, and no curriculum, timetable or funding accompanies it.

Inclusion

Access to services

NATIONAL SOCIAL CARD

- **Vers une base de données unifiée : La carte sociale nationale prend forme** — Eco Times DZ, 6 September 2026

Algeria's High Commission for Digitalisation held the fifth meeting of the working group defining the data and indicators for a national social card on 3 September 2026. President Abdelmadjid Tebboune ordered the card on 21 June with a three-month deadline. It is to combine sectoral data on assistance schemes and individuals to target benefits.

UNIVERSAL-SERVICE TENDER FOR MOBILE COVERAGE OF UNDERSERVED AREAS

- **Algeria Opens Tender to Extend Mobile Coverage to 3,000 Underserved Areas** — Tech Africa News, 9 September 2026

  Algeria's Postal and Electronic Communications Regulatory Authority launched a competitive tender on 7 September to extend mobile wireless coverage to 3,000 sparsely populated areas, under its universal service mandate in Law no. 18-04 of 10 May 2018.

- **Arrêté du 21 Rabie El Aouel 1448 correspondant au 3 septembre 2026 fixant le calendrier d'exécution de la procédure d'adjudication par appel à la concurrence relatif à la fourniture du service universel des communications électroniques pour la couverture, par un réseau public de télécommunications mobiles, des localités à faible densité de population** — Ministère de la Poste et des Télécommunications (Journal officiel n° 66, via ARPCE), 13 September 2026

  Algeria's post and telecommunications minister signed an order on 3 September 2026, published in the Official Journal on 13 September, setting the timetable for the tender to provide mobile coverage to sparsely populated localities under the universal service scheme. The tender was to be launched on 6 September and advertised on 7 September, with 45 days to bid and results due 30 days after bids are opened.

UNIVERSAL-SERVICE MOBILE COVERAGE OF 201 SITES (MOBILIS SPECIFICATION)

- **Arrêté du 4 août 2026 portant approbation du cahier des charges relatif à la fourniture du service universel des communications électroniques pour la couverture par un réseau public de télécommunications mobiles de deux cent un (201) sites, confiée à l'opérateur « ATM Mobilis S.P.A »** — Journal officiel de la République algérienne (Secrétariat général du Gouvernement), 23 September 2026

  Algeria's Ministry of Post and Telecommunications approved, by order of 4 August 2026 published in the Official Journal on 23 September 2026, a universal-service specification giving ATM Mobilis the task of providing 4G mobile coverage at 201 sites, funded site by site from the universal-service fund. The regulator ARPCE pays a fixed amount per site on acceptance; late delivery draws a penalty of up to 10%. Per-site amounts are in annexed tables.
