Governance

Strategies, plans and policies

- **رئيس مجلس النواب يناقش مشروع قانون تأسيس هيئة العلوم وحوكمة الفضاء الرقمي .** — Libyan News Agency, 6 November 2026 LIBYA

  Libya's House of Representatives speaker Saleh Abdelnabi met the executive director of the Ruya Foundation for Digital Development in Benghazi on 6 November 2026. They discussed a draft law to establish a national science and technology authority. The spokesman said the meeting also covered the foundation advising on governance of the digital space. No text, filing or vote was reported. *Also under Legislation and regulation.*

- **السودان يؤكد من قمة الأمم المتحدة للابتكار في الحوكمة أن التحول الرقمي محرك أساسي لإعادة الإعمار** — Sudan News Agency (SUNA), 6 November 2026 SUDAN

  Sudan's Digital Transformation Authority told the UN Governance Innovation Summit in Baku on 6 November 2026 that the Baladna platform carries 134 digital services from more than 46 government institutions (SUNA). It described a services-first, legislation-second approach. It presented digital transformation as part of post-war reconstruction. *Also under Other GovTech and e-Gov.*

- **Tunisie : six projets gouvernementaux basés sur l'IA prévus en 2027 contre deux en 2026** — Webmanagercenter, 6 November 2026 TUNISIA

  Tunisia's ICT minister told parliament on 6 November 2026 that his ministry plans six AI-based government projects in 2027, against two in 2026. It aims to move from tier 3 in 2024 to tier 2 of the Global Cybersecurity Index by 2027. He presented a 2027 mission budget of about TND 1.074 billion, 80% from supervised enterprises' own resources. He promised remote ID-card, passport and driving-licence requests before the end of 2026. *Also under AI, Cybersecurity, Digital Identity and CRVS and Other GovTech and e-Gov.*

- **São Tomé and Príncipe: Ministério dos Negócios Estrangeiros, Cooperação e Comunidades (MNECC) Lança Plataformas Digitais para Modernizar a Gestão Documental e a Emissão de Passaportes Oficiais** — MNECC São Tomé e Príncipe (via APO Group), 6 November 2026 SÃO TOMÉ

  São Tomé and Príncipe's foreign ministry launched SYDOC, an electronic document-management system built by the Agência de Gestão e Administração. It also launched SYDOC-PASS for diplomatic and service passport requests (ministry release, 6 November 2026). The minister said a digital-signature legal framework, digital identity and a Citizen Portal are still to come. *Also under Other GovTech and e-Gov.*

- **Recrutement d'un cabinet pour l'évaluation participative de l'An 1 du New Deal Technologique (NDT)** — PAENS (Ministère des Télécommunications et du Numérique), 6 November 2026 SENEGAL

Senegal's telecoms and digital ministry published a notice on 6 November 2026 recruiting a firm to evaluate Year 1 of the New Deal Technologique, covering February 2025 to the first half of 2026. The Council of Ministers ordered the evaluation on 17 June 2026. The two-month mission is financed by World Bank IDA credit 72690 through the PAENS project. It is to report on results by axis and on the financing gap.

- **Nigeria's crypto firms face $744,000 capital rule as CBN, SEC divide oversight** — TechCabal, 6 November 2026 NIGERIA

  Under the Central Bank of Nigeria's regulations released on 5 November 2026, the bank oversees stablecoins used for payments, transfers and settlement. The Securities and Exchange Commission keeps trading and securities. A firm licensed by the Commission needs a separate central bank authorisation. It also needs at least ₦1 billion in additional capital for payment services, and the same capital cannot count twice. The Commission has raised the minimum capital for digital asset exchanges from ₦500 million to ₦2 billion. June 2027 is the deadline for existing operators. See the Nigeria regulations entry for the full account. *Also under Digital Payments and Fintech.*

- **Nigeria's Central Bank wants every crypto P2P payment linked to a bank transaction** — TechCabal, 6 November 2026 NIGERIA

  The Central Bank of Nigeria's regulations of 5 November 2026 require peer-to-peer crypto platforms to route naira payments through banks or approved channels. Platforms must also verify traders' identities. A platform may not release a token until the name and Bank Verification Number on the paying account match its verified customer. Platforms must keep records linking each payment to its token transfer. Travel Rule information is required for transfers of $1,000 or more. See the Nigeria regulations entry for the full account. *Also under Digital Payments and Fintech.*

- **Nigeria sets $11.16 million capital requirement for foreign stablecoin issuers** — TechCabal, 6 November 2026 NIGERIA

  The Central Bank of Nigeria released regulations on non-security virtual assets on the evening of 5 November 2026. Issuers of foreign-currency stablecoins must set up a licensed Nigerian entity with at least ₦15 billion in paid-up capital, and issuers of naira-backed stablecoins need ₦10 billion. Algorithmic stablecoins are banned, and existing operators have 180 days from the effective date to apply for a licence. See the Nigeria regulations entry for the full account. *Also under Digital Payments and Fintech.*

- **Lagos orders ISPs to secure cables** — ITWeb Africa, 6 November 2026 NIGERIA

  Lagos State's infrastructure regulator LASIMRA ordered internet service providers to rearrange dangling fibre cables, secure loose installations and clear obstructions in Ilasan/Ikate, Allen Avenue and the Customs Office area of Ikeja. The notice is dated 2 November 2026, and enforcement with sanctions begins on 9 November 2026. The Nigerian Communications Commission regulates the sector federally. *Also under Connectivity.*

- **Lagos Directs ISPs to Clean Up Telecom Infrastructure in Three Areas Ahead of Enforcement** — Tech Africa News, 6 November 2026 NIGERIA

  The Lagos State Infrastructure Maintenance and Regulatory Agency told internet service providers in three areas of Lagos, in a notice dated 2 November 2026, to clear and secure their cables and installations. Enforcement begins on 9 November 2026, with possible sanctions. General Manager Prince Oyekanmi Elegushi signed the notice. See the Lagos regulator entry for the full account. *Also under Connectivity.*

- **Governo quer cartões internacionais aceites em toda a rede de pagamentos em Angola - Valor Económico** — Valor Económico, 6 November 2026 ANGOLA

  Angola's Minister of State for Economic Coordination, José de Lima Massano, urged the interbank operator EMIS and Visa to extend their partnership of more than ten years. He wants international-brand cards accepted across the whole national payment network. He spoke at the opening of Visa's Angola office, reported on 6 November 2026. About 60,000 mainly small and medium establishments accept Visa cards. Visa aims to double that by the end of next year. *Also under Digital Payments and Fintech.*

- **Financial inclusion expands, but economic well-being remains low at 22%** — Citi Newsroom, 6 November 2026 GHANA

  Ghana's Ministry of Finance inaugurated a National Technical Working Committee on 5 November 2026. It will draft the second National Financial Inclusion and Development Strategy for 2027 to 2031. Launch is targeted for the first half of 2027, and a Financial Inclusion Council is proposed. The deputy minister cited account ownership above 80% (Global Findex 2025). He also cited 22% of adults financially healthy (FinScope 2021). *Also under Access to services.*

- **EOI - Gambia - Digital Literacy Policy and Strategy Formulation - DIGEST** — African Development Bank, 6 November 2026 GAMBIA

  The African Development Bank posted an expression of interest on 6 November 2026 for a consultancy to formulate a National Digital Literacy Policy and a five-year strategy plan for the Gambia, covering 2027 to 2032. The scope includes an implementation roadmap, a financing plan and a monitoring framework. No award has been announced. *Also under Literacy.*

- **EOI - Gambia - Capacity Development to Effectively Perform Oversight Functions Over Fintech - DIGEST** — African Development Bank, 6 November 2026 GAMBIA

  The African Development Bank posted an expression of interest on 6 November 2026 for a consultancy to build the capacity of Gambian institutions to oversee fintech. The assignment follows the Gambia's validated fintech policy. No award has been announced. *Also under Digital Payments and Fintech.*

Legislation and regulation

- **Nigeria is rewriting its cyber laws, but can it secure its systems against hackers?** — TechCabal, 6 November 2026 NIGERIA

  TechCabal reported on 6 November 2026 that Nigeria is reviewing its cybersecurity laws. It is considering a national cybersecurity architecture with baseline standards. It says the Cybercrimes Act of 2015 was amended in February 2024 and the 2021 national strategy is due for review. A House committee chair gave January to June 2027 as the expected enactment window for the bills. *Also under Cybersecurity and Data protection.*

- **Kenya proposes tougher social media rules** — ITWeb Africa, 6 November 2026 KENYA

  ITWeb reported on 6 November 2026 that Kenya's Information and Communications (Amendment) Bill 2026 would add a Section 85C. It would require online platforms serving Kenyan users, foreign ones included, to register with the Communications Authority and report unlawful activity. A separate draft Online Safety Bill 2026 proposes a duty of care, parental consent for children and age verification. Its fines run up to KES 500 million or 10% of global turnover. *Also under Data protection.*

- **Information Minister Tables Two Major Bills in Parliament** — SierraLoaded, 6 November 2026 SIERRA LEONE

Sierra Leone's Minister of Information tabled two bills in Parliament, SierraLoaded reported on 6 November 2026. They are the Data Protection and Right to Access Information Bill, 2026 and the National Records and Archives Bill, 2026. Both have completed Introduction and First Reading and go next to Second Reading. *Also under Data protection*.

- **رئيس مجلس النواب يناقش مشروع قانون تأسيس هيئة العلوم وحوكمة الفضاء الرقمي .** — Libyan News Agency, 6 November 2026 LIBYA

  Summarised under Strategies, plans and policies.

Data protection

- **Uganda considers tracking children's SIM cards** — ITWeb Africa, 6 November 2026 UGANDA

  Nyombi Thembo, executive director of the Uganda Communications Commission, said at a hackathon in Nakawa that the regulator is considering requiring parents to disclose SIM numbers used by minors (ITWeb Africa, 6 November 2026). Operators could then keep dedicated databases of child-held devices. The commission cites an undated survey in which 88.5% of students face digital risks. *Also under Cybersecurity*.

- **Nigeria Data Protection Commission calls for stronger public-private partnerships at Data Protection Africa Summit 2026** — Tech Review Africa, 6 November 2026 NIGERIA

  Vincent Olatunji, head of the Nigeria Data Protection Commission, opened the 8th Data Protection Africa Summit in Lagos on 6 November 2026. He urged data protection authorities to form public-private partnerships. He said the approach had helped the Commission create more than 27,000 jobs and raise certified data protection officers from under 1,000 to over 10,000 (his figures).

- **Accommodation booking platform LekkeSlaap suffers cyber attack** — ITWeb South Africa, 6 November 2026 SOUTH AFRICA

  South African booking platform LekkeSlaap told guests on 6 November 2026 that their names, e-mail addresses, phone numbers and booking references were accessed through its calendar-syncing system. It says no payment data, ID numbers or passwords were taken and warns of phishing. The notice follows a separate breach at accommodation-technology provider NightsBridge days earlier. *Also under Cybersecurity*.

- **Nigeria is rewriting its cyber laws, but can it secure its systems against hackers?** — TechCabal, 6 November 2026 NIGERIA

  Summarised under Legislation and regulation.

- **Kenya proposes tougher social media rules** — ITWeb Africa, 6 November 2026 KENYA

  Summarised under Legislation and regulation.

- **Information Minister Tables Two Major Bills in Parliament** — SierraLoaded, 6 November 2026 SIERRA LEONE

  Summarised under Legislation and regulation.

Regional collaboration

- **Arab region advances common vision for digital development and AI governance** — United Nations Economic and Social Commission for Western Asia (ESCWA), 6 November 2026 TUNISIA NORTH AFRICA

The UN Economic and Social Commission for Western Asia held the sixth session of its Committee on Technology for Development in Tunis on 4 and 5 November 2026. It reported that networks cover 95% of the Arab region's population while 70% use the internet. Arabic accounts for about 1% of websites. The session discussed a second Arab Digital Agenda and a common Arab AI framework with the League of Arab States, both in preparation. *Also under AI and Digital divides.*

- **AfCFTA Digital Inclusion Programme reaches over 7,000 SMEs across 16 African countries** — Tech Review Africa, 6 November 2026 AFRICA

  The AfCFTA Secretariat closed phase 1 of its Digital Inclusion and Entrepreneurship Programme, run with Google's Hustle Academy, and reported on 6 November 2026 that it had reached more than 7,000 SMEs in 16 African countries. The programme began in November 2025. Phase 2 is in preparation. *Also under Training and skills and Access to services.*

Public debate and participation in policymaking

- **Supporting Sudan's Banking Sector: What Should We Expect from the Government?** — Sudan Horizon, 6 November 2026 SUDAN

  Dr Marwa Qabbani, a strategic planning and digital transformation specialist, wrote in Sudan Horizon on 6 November 2026 about a Central Bank of Sudan meeting chaired by Sovereignty Council member Ibrahim Jaber. She lists its outcomes as the National Payments Switch, banking applications, links to the Baladna platform and stronger bank capital by the end of 2026. She argues that the government should support the banks with a rebuilding fund. The meeting is undated in the article. *Also under Digital Payments and Fintech.*

- **Miss Baza: When Rwanda Found a Voice in Artificial Intelligence - KT PRESS** — KT Press, 6 November 2026 RWANDA

  James Kaliisa, co-founder and chief technology officer of the Rwandan firm Nexus Inc., wrote in KT Press on 6 November 2026 about MTN Rwanda's Miss Baza voice assistant. It is run with Viamo on short code 845. He asks who owns the Google Gemini model, the intellectual property and the call data behind it. The service gives 30 free minutes a month, then RWF 45 a minute. *Also under AI and Digital sovereignty.*

- **African judiciary pushes for data sovereignty** — ITWeb Africa, 6 November 2026 AFRICA

  African judges held their first judicial dialogue on internet governance at the 15th Africa Internet Governance Forum. It was held in Accra and closed on 5 November 2026. Egyptian Court of Cassation vice-president Adel Maged said courts must know where sensitive digital data is stored. He said they must also know who can access it. Participants agreed unanimously to his proposal to develop African guidelines on the use of AI in courts. *Also under Digital sovereignty and AI.*

ICT Infrastructure

Connectivity

- **Zambia Plans 10 Million More Smartphones in Five-Year Digital Push** — Ecofin Agency, 6 November 2026 ZAMBIA

  Zambia's Technology and Science Minister Felix Mutati set a target of 10 million additional smartphones over five years, towards broadband access for 80% of the population. He spoke at a meeting with Airtel Zambia on 5 November 2026. Airtel cited ZICTA figures of 12.4 million smartphone connections out of about 27 million (reported 6 November 2026). *Also under Access to services and Digital divides.*

- **Three year free internet for 10 Zim schools** — The Herald (Zimbabwe), 6 November 2026 ZIMBABWE

  ITU's Bureau for Telecommunication Development director Cosmas Zavazava said ten Zimbabwean schools connected by satellite will get free internet for three years (reported 6 November 2026). The schools are in ITU's Partner2Connect programme with SES. Nine are connected and the last is due online by 10 November. *Also under Access to services and Rural digital data capture.*

- **SENUM and Univers Telecom Group sign strategic partnership to accelerate Senegal's digital transformation** — Tech Review Africa, 6 November 2026 SENEGAL

  Senegal's state digital company SENUM signed a partnership agreement with Univers Telecom Group, reported on 6 November 2026. The stated aims are a more resilient state digital infrastructure and the digitisation of the administration. The work is already under way through the PRODAP programme on the national backbone. *Also under Other GovTech and e-Gov.*

- **SCZone, Telecom Egypt sign deal to upgrade digital services** — Egyptian Gazette, 6 November 2026 EGYPT

  The Suez Canal Economic Zone and Telecom Egypt signed a co-operation agreement, reported on 6 November 2026. Telecom Egypt will build multi-route telecommunications networks and deploy digital, IoT and data-analytics services across the zone's industrial areas, ports and affiliated facilities. The signing date was not stated. *Also under ICT Industry.*

- **Airtel Malawi Invests MWK81 Billion in Network Expansion as Data Traffic Surges** — Tech Africa News, 6 November 2026 MALAWI

  Airtel Malawi told Parliament's communications committee on 3 November 2026 that it had invested nearly MWK81 billion in the network over ten months. It reported 275 new towers in twelve months, 5G on 123 towers, about 2,800 km of fibre and 87% population coverage (company figures). It named foreign-exchange shortages and diesel for 315 off-grid sites as constraints.

- **Koalition will deutsche KI-Firmen stärken und Rechenzentren in Afrika fördern** — FOKUS AFRIKA | Nachrichten aus Afrika, 6 November 2026 AFRICA

  Germany's CDU/CSU-SPD coalition put a motion to the Bundestag asking the government to back African-owned data centres and digital infrastructure (Fokus Afrika, 6 November 2026). It also asks that digital development funding go preferentially to German, European or local firms. The motion was first debated on 5 November and referred to committee. It has not been adopted. *Also under Digital sovereignty and Other GovTech and e-Gov.*

- **Cloud : le Sénégal envisage une coopération renforcée avec Alibaba après les JO de la jeunesse de Dakar 2026** — La Tribune Afrique, 6 November 2026 SENEGAL

Senegal's digital minister Samba Diouf met an Alibaba Cloud delegation on 3 November 2026. They discussed reusing the cloud built for the Dakar 2026 Youth Olympic Games for public administration. No new agreement or investment was announced. Alibaba says more than 10,000 Senegalese under 35 had enrolled in its free online training by 2 November. The target was 1,000 (La Tribune Afrique, 6 November 2026). *Also under China activities and Training and skills.*

Cybersecurity

- **Ethiopia's INSA organises national cyber drill competition to strengthen institutional cybersecurity readiness** — Tech Review Africa, 6 November 2026 ETHIOPIA

  Ethiopia's Information Network Security Administration held a National Cyber Drill Competition, reported on 6 November 2026, during the country's 7th National Cyber Security Month. Seventeen institutions each fielded a team of four. They used a drill platform the agency says its own experts developed.

- **Côte d'Ivoire Launches Regional Cisco Cybersecurity Centre in Abidjan** — Tech Africa News, 6 November 2026 CÔTE D'IVOIRE

  Cybastion announced the Cisco Cybersecurity Center in Abidjan on 6 November 2026, serving West and Central Africa. It houses a security operations centre and offers technology demonstrations and skills training. The Africa DigiEmpower programme, run by Cisco, Cybastion and the Ivorian government, aims to train 200,000 young people and women by 2030. See the Côte d'Ivoire entry for the full account. *Also under Training and skills and US / hyperscaler activities.*

- **Abidjan opens regional cybersecurity centre** — ITWeb Africa, 6 November 2026 CÔTE D'IVOIRE

  Cybastion opened a Cisco cybersecurity centre in Abidjan on 5 November 2026, with a security operations centre and an incident response team. Ivorian digital minister Djibril Ouattara said it supports the country's aim to serve West and Central Africa. The centre follows a memorandum signed in October 2025 and the Africa DigiEmpower programme, which targets 200,000 learners by 2030. See the Côte d'Ivoire entry for the full account. *Also under Training and skills.*

Data Exchange

- **À Bakou, le Gabon et la Guinée se rapprochent pour moderniser leurs administrations - Ceux Qui Font l'Afrique** — Ceux Qui Font l'Afrique, 6 November 2026 GABON GUINEA

  Gabon's public service minister Laurence Ndong and her Guinean counterpart Faya François Bourouno agreed on 5 and 6 November 2026, at a UN governance innovation summit in Baku, to organise working visits between Libreville and Conakry. Topics are career management, staff training and simplified administrative procedures. No dates for the visits were given. *Also under Other GovTech and e-Gov.*

- **ZNPHI and CIDRZ Validate Zambia's One Health Digital Landscape Assessment** — Centre for Infectious Disease Research in Zambia (CIDRZ), 6 November 2026 ZAMBIA

  Zambia's National Public Health Institute and CIDRZ validated a One Health Digital Landscape Assessment covering ten public institutions, reported on 6 November 2026. It found a strong but fragmented digital landscape, with gaps in governance, cross-sector data sharing and interoperability. The work was funded by Ireland under the ZISSP programme. *Also under Sectoral management information systems.*

- **Mauritius explores Digital Public Infrastructure for better public services** — Ministry of Information Technology, Communication and Innovation (Mauritius), 6 November 2026 MAURITIUS

  Mauritius's Ministry of Information Technology, Communication and Innovation held a workshop on digital public infrastructure with the Centre for Open Societal Systems of India. It took place at the Mauritius Telecom campus in Ebène and was reported on 6 November 2026. Minister Avinash Ramtohul said the proposed infrastructure would include digital identity, a digital wallet and electronic payments. He said citizens' information is held across separate government institutions. *Also under Digital Identity and CRVS, Digital Payments and Fintech and India activities.*

Digital Identity and CRVS

- **Passeport, carte d'identité, permis : les démarches à distance promises avant fin 2026** — Business News, 6 November 2026 TUNISIA

  Business News reported on 6 November 2026 that Communication Technologies Minister Sofiene Hemissi promised remote administrative services before the end of the year. Citizens would be able to apply for passports, renew identity cards and driving licences, and pay municipal and personal taxes online. He spoke at a parliamentary hearing on his ministry's 2027 budget. The same hearing is covered in the Tunisian AI projects item. *Also under Other GovTech and e-Gov and Access to services.*

- **HOME AFFAIRS GOES DIGITAL TO CUT COSTS** — Eswatini Positive News, 6 November 2026 ESWATINI

  Eswatini's Home Affairs Minister Pholile Shakantu told the portfolio committee that passport applications are moving online. She said eVisa issuance and scanning at points of entry are ready (Eswatini Positive News, 6 November 2026). She cited lower costs and shorter queues under budget constraints. *Also under Other GovTech and e-Gov.*

Technology

AI

- **Training partnerships spur SA's youth AI readiness** — ITWeb South Africa, 6 November 2026 SOUTH AFRICA

  ITWeb reported on 6 November 2026 that South Africa ranks 13th of 56 Commonwealth countries, with 56.8 points. The ranking is in the inaugural Ayre Index of youth AI readiness from the Ayre Think Tank. South Africa is second among African members after Mauritius, which ranks eighth. In the index's evidence, 88.2% of young South Africans expected to use AI for education or work in the next year. *Also under Training and skills.*

- **Mauritius Telecom launches free digital and AI skills training platform** — Tech Review Africa, 6 November 2026 MAURITIUS

  Mauritius Telecom and AWS launched the myt Learning Hub, a free online portal for digital and AI skills, reported on 6 November 2026. It opens with 16 courses. It forms part of the government's target to train 50,000 Mauritians. *Also under Training and skills.*

- **Govt. Seeks Tangible Results From German Partnership** — Lusaka Times, 6 November 2026 ZAMBIA

  At a farewell meeting with Zambia's Ministry of Technology and Science in Lusaka, reported on 6 November 2026, a German business delegation named an AI software platform as its key project. It would be built through joint ventures with Zambian companies. The delegation said it had trained 50 Zambians in AI development and would open a permanent contact office. *Also under Training and skills.*

- **Burkina Faso's Sahal Tech Partners with Old Rock Group to Develop African Language AI** — Tech Africa News, 6 November 2026 BURKINA FASO

  Sahal Tech Innovation Labs of Burkina Faso signed an agreement with Old Rock Group in Ouagadougou on 2 November 2026 to build the Sahal African Language Data Platform. It starts with datasets and AI for Mooré, Dioula, Fulfuldé and Bambara. Old Rock is to support project structuring, infrastructure and training. *Also under Innovation ecosystem.*

ABOUT THIS DOCUMENT

EDITION	**2026-11-07**
RETENTION	Kept until 2026-11-14. Older bulletins: the country and region news.
THIS FILE	https://corpus.data-landscapers.io/bulletin/corpus-bulletin-2026-11-07.pdf
FEEDBACK	info@data-landscapers.io
LICENCE	CC BY 4.0

This bulletin is produced automatically at the end of each data collection sweep but only includes items published on the day cited in the edition, and the previous day. Items published in the last month can be found on the country pages. The links to all items stored in the corpus can be found in the catalogue.

Bulletins are kept for a week — the last week's editions are listed above, each at its own dated address — and are then deleted. Older material is in the country and region news.
